GRANTS ASSISTANCE INFORMATION NEWSLETTER

DECEMBER 2019

[SECTION 1 – CURRENT FEDERAL AGENCY DISCRETIONARY GRANT OPPORTUNITIES](#)

[SECTION 2 – GENERAL FEDERAL AGENCY GRANTS INFORMATION](#)

[Current Federal Agency Grant and Cooperative Agreement Discretionary Program Summaries](#)

Click on Index Links below to find summaries of the current announcements listed by agency in this document. Once you reach the item, if you cannot open the links for further information, copy the selected URL website address into your browser.

Notices is Teal are items with immediate deadline dates.

Notices in Yellow are of special interest.

Notices is Green are items of special interest with immediate deadline dates.

Several Agencies have research or program opportunities that are not individually listed because they are for very technical or specific audiences. Click on the Agency Index Research or Program designation to review those grant and contract notices.

If an Agency does not have listings, it is due to the lack of competitive open opportunities at that Agency this month. Please review Section 2 for general information not specific to a current deadline date for general funding cycle information.

Current Federal Agency Grant and Cooperative Agreement Discretionary Program Summaries

HAWAII SPECIFIC APPLICANTS ENCOURAGED

Current Notices

2020 Marine Education and Training Mini Grant Program

Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	NOAA-NMFS-PIRO-2020-2006309	Posted Date:	Nov 14, 2019
Funding Opportunity Title:	2020 Marine Education and Training Mini Grant Program	Last Updated Date:	Nov 14, 2019
Opportunity Category:	Discretionary	Original Closing Date for Applications:	Jan 16, 2020
Opportunity Category Explanation:		Current Closing Date for Applications:	Jan 16, 2020
Funding Instrument Type:	Cooperative Agreement Grant	Archive Date:	Feb 15, 2020
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development	Estimated Total Program Funding:	\$150,000
		Award Ceiling:	\$15,000
		Award Floor:	\$1

Category Explanation:

Expected Number of Awards:	15
CFDA Number(s):	11.452 -- Unallied Industry Projects
Cost Sharing or Matching Requirement:	Yes

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are individuals, institutions of higher education, nonprofits, commercial organizations, state, local and Indian tribal governments. Federal agencies and their employees, as well as Federal instrumentalities (including employees and members) are not eligible to apply. Eligible applicants are limited to projects

conducted within the Western Pacific Regional Fishery Management areas.

Agency Name: Department of Commerce

Description: The National Marine Fisheries Service (hereinafter, "NMFS") is soliciting competitive applications for the fiscal year 2020 Pacific Islands Region Marine Education and Training (MET) Mini-Grant Program. Projects are being solicited to improve communication, education, and training on marine resource issues throughout the region and increase scientific education for marine-related professions among coastal community residents, including indigenous Pacific islanders, Native Hawaiians and other underrepresented groups in the region.

and other Research and
Development

**Category
Explanation:**

**Expected Number of
Awards:** 8

CFDA Number(s): 11.008 -- NOAA Mission-
Related Education
Awards

**Cost Sharing or
Matching
Requirement:** No

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: For both priorities of this funding opportunity, eligible applicants are limited to institutions of higher education; K-12 public and independent schools and school systems; other nonprofits, including community-based organizations and informal education institutions, such as museums, zoos, and aquariums; state and local government agencies; and Indian tribal governments in the United States. For-profit organizations, foreign institutions, and individuals are not eligible to apply; however, for-profit organizations, foreign institutions, and individuals may participate as project partners. Likewise, federal agencies are not eligible to receive federal assistance under this announcement, but may be project partners. For Priority 1, eligible organizations must be based in the Southern or Western Region of the United States (determined based on the associated physical address of the applying institution's DUNS number). The Southern Region includes the following states and territories: Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, New Mexico, Oklahoma, Puerto Rico, Tennessee, Texas, and the United States Virgin Islands. The Western Region includes the following states and territories: Alaska, American Samoa, Arizona, California, Guam, **Hawaii**, Idaho, Montana, Nevada, Northern Mariana Islands, Oregon, Utah, and Washington. For Priority 2, eligible applicants must be organizations that received awards or were formally recognized partners (i.e. identified by either a sub-award or letter of commitment or both) for projects funded under the 2015-2016 funding opportunities from this program (NOAA-SEC-OED-2015-2004408 and NOAA-SEC-OED-2016-2004737). The full list of awards that support or supported eligible projects can be found here: <https://go.usa.gov/xVGzr>. Applicants to this priority do not need to be from a specific region or regions of the United States, nor do project impacts need to occur in a specific region or regions of the United States. It is strongly encouraged that an individual serve as a PI on only one application submitted to this funding opportunity. Institutions may submit more than one application and individuals may serve as co-PIs or key personnel on more than one application. Federal employees may not serve as PIs or co-PIs on any application, although they may be included as key personnel.

Agency Name:

Department of Commerce

Description:

The goal of this funding opportunity is to build environmental literacy of K-12 students and the public so they are knowledgeable of the ways in which their community can become more resilient to extreme weather and/or other environmental hazards, and become involved in achieving that resilience.

Projects should build the collective environmental literacy necessary for communities to become more resilient to the extreme weather and other environmental hazards they face in the short- and long-term. Building sufficient environmental literacy in a community means that these communities are composed of individuals who are supported by formal and informal education that develop their knowledge, skills, and confidence to: (1) reason about the ways that human and natural systems interact globally and where they live, including the acknowledgement of disproportionately distributed vulnerabilities; (2) participate in scientific and/or civic processes; and (3) consider scientific uncertainty, cultural knowledge, and diverse community values in decision making.

Projects should demonstrate how they will engage community members to build these capabilities, particularly through active learning, during the award period. Projects should leverage and incorporate relevant state and local hazard mitigation and/or adaptation plans and collaborate with individuals and institutions that are involved in efforts to develop or implement those plans. Projects may focus on a single location or multiple locations and a single type of environmental hazard or a range of hazards that impact a community or communities. Projects will be based on the established scientific evidence about current and future extreme weather and other environmental hazards facing communities and should consider relevant socioeconomic and ecological factors in the targeted location(s). Particular attention should be paid to populations within communities that have greater exposure and have fewer resources to deal with the impacts of extreme weather and/or environmental hazards that are the focus of the project. Projects must relate to NOAA's mission in at least one of the following areas: ocean, coastal, Great Lakes, weather, and climate sciences and stewardship. They must also utilize NOAA's scientific data, data access tools, data visualizations, and/or other physical and intellectual assets available on these topics. In order to facilitate the use of NOAA's assets, projects are strongly encouraged to partner with relevant NOAA entities (offices, programs, etc.) and/or NOAA employees and affiliates. Also, projects should consider integrating citizen science tools when appropriate.

This funding opportunity has two priorities, numbered without regard to importance for funding.

Priority 1 awards will support new projects located in Southern and Western Regions of the United States. The Southern Region includes the following states and territories: Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, New Mexico, Oklahoma, Puerto Rico, Tennessee, Texas, and the United States Virgin Islands. The Western Region includes the following states and territories: Alaska, American Samoa, Arizona, California, Guam, **Hawaii**, Idaho, Montana, Nevada, Northern Mariana Islands, Oregon, Utah, and Washington.

Priority 2 awards will support the evolution of projects funded under the 2015-2016 funding opportunities from this program (NOAA-SEC-OED-2015-2004408 and NOAA-SEC-OED-2016-2004737). The full list of awards that support or supported eligible projects can be found here: <https://go.usa.gov/xVGzr>. Projects for this priority must be implemented within the United States and its territories.

For both priorities of this funding opportunity, eligible applicants are limited to institutions of higher education; K-12 public and independent schools and school systems; other nonprofits, including community-based organizations and informal education institutions, such as museums, zoos, and aquariums; state and local government agencies; and Indian tribal governments in the United States. For-profit organizations, foreign institutions, and individuals are not eligible to apply; however, for-profit organizations, foreign institutions, and individuals may participate as project partners. Likewise, federal agencies are not eligible to receive federal assistance under this announcement, but may be project partners. For Priority 1, projects must be between 2 and 5 years in duration and the total federal amount requested from NOAA for each project must be no less than \$250,000 and no more than \$500,000 for all years of the project, including direct and indirect costs. For Priority 2, projects must be between 2 and 5 years in duration and the total federal amount requested from NOAA for each project must be no less than \$100,000 and no more than \$500,000 for all years of the project, including direct and indirect costs. It is anticipated that awards funded under this announcement and selected this fiscal year will be made by September 30, 2020 and that the projects funded under this announcement in fiscal year 2020 will have a start date no earlier than October 1, 2020. Note: Links to helpful information for applying to this announcement are available at <http://www.noaa.gov/office-education/elp/grants/apply>.

Link to Additional Information: [See Related Documents](#)

Grantor Contact Information: If you have difficulty accessing the full announcement electronically, please contact:

You can contact the Environmental Literacy Program grants team at oed.grants@noaa.gov. For further information about the NOAA Office of Education, please visit the office website at <http://www.noaa.gov/office-education>.

FY 2020-2021 Coral Reef Conservation Program Non-Governmental Organization Partnership Cooperative Agreements
Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	NOAA-NOS-OCM-2020-2006329	Posted Date:	Nov 29, 2019
Funding Opportunity Title:	FY 2020-2021 Coral Reef Conservation Program Non-Governmental Organization Partnership Cooperative Agreements	Last Updated Date:	Nov 29, 2019
		Original Closing Date for Applications:	Feb 21, 2020
		Current Closing Date for Applications:	Feb 21, 2020
		Archive Date:	Mar 22, 2020

Opportunity Category:	Discretionary	Estimated Total Program Funding:	\$900,000
Opportunity Category Explanation:		Award Ceiling:	\$700,000
		Award Floor:	\$50,000

Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development

Category Explanation:

Expected Number of Awards:	10
-----------------------------------	----

CFDA Number(s):	11.482 -- Coral Reef Conservation Program
------------------------	---

Cost Sharing or Matching Requirement:	Yes
--	-----

Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
-----------------------------	--

Additional Information on Eligibility:	Eligible applicants are limited to non-profit non-governmental organizations that have demonstrated expertise and experience in supporting coral reef management in U.S. States and Territories. NOAA employees are not permitted to assist in the preparation of applications or write letters of support for any application. NOAA CRCP staff is available to provide general information on programmatic goals and objectives, ongoing coral reef conservation programs/activities, and regional funding priorities. For proposals that involve collaboration with current NOAA projects or staff, NOAA employees may provide a limited statement verifying the nature and extent of the collaboration and confirming prior coordination activities. Letters of support from NOAA employees are not allowable and will not be included among the application materials considered by merit reviewers. Federal agencies and employees cannot receive funds under this announcement but may serve as collaborative project partners. If Federal agencies are collaborators, applicants are expected to provide detail on the planned level of
---	--

Federal engagement in the application. Examples might include, but are not limited to partnership services; serving in a review capacity; or participating in priority task teams, working groups, or leadership teams.

Agency Name:

Department of Commerce

Description:

The purpose of this notice is to invite Non-Governmental Organizations (NGOs) with demonstrated expertise and experience in supporting coral reef management in the United States to submit proposals to establish partnerships with the NOAA Coral Reef Conservation Program (CRCP) to further the conservation of U.S. coral reefs. This funding announcement describes the coral reef conservation partnership(s) that the NOAA CRCP envisions, identifies the qualities that NOAA desires in a partner, and describes criteria against which applications will be evaluated for funding consideration. Partnerships selected through this notice will be implemented through a cooperative agreement of up to 24-months (2 years) in duration.

Pursuant to Section 6403 of the Coral Reef Conservation Act (CRCA), 16 U.S.C. 6401-6409, and pending Congressional appropriations, CRCP funding of approximately \$900,000 is expected to be available for initiating partnership(s) with up to ten non-governmental organizations in Fiscal Year (FY) 2020. CRCP will consider funding a single proposal that includes support for all seven coral reef states and territories and/or several proposals in the Pacific Islands (benefitting Hawaii, American Samoa, Guam, and/or the Commonwealth of the Northern Mariana Islands) and in the Atlantic/Caribbean region (benefitting Florida, Puerto Rico, and/or the U.S. Virgin Islands). Some international work may be proposed using non-federal matching funds provided the scope is similar to domestic activities, but will not be prioritized. It is expected that a minimum of one project, but not more than two projects, will be selected to benefit each jurisdiction in any combination of proposals. Applications may propose work plans of up to 24 months, in conformance with the requirements of Section IV of this announcement, and may at most request between \$100,000 and \$700,000 per year (approximately \$100,000 per state or territory), depending on how many of the seven coral states and territories will benefit from the proposed project(s). As required by the CRCA, recipients are required to match NOAA's Federal contributions with non-federal matching contributions at a minimum ratio of 1:1, unless the applicant requests and is granted a waiver to the matching requirement by the agency. Funding after the first year generally depends on future Congressional appropriations, NOAA/CRCP priorities, and recipient performance in the first year(s) of the award.

Eligibility

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are individuals, institutions of higher education, nonprofits, commercial organizations, foreign institutions, foreign organizations, State, local, and Indian tribal governments. Federal agencies, Federal instrumentalities, or employees of these Federal entities, are not eligible to apply.

Additional Information

Agency Name: Department of Commerce

Description: The National Marine Fisheries Service (NOAA/NMFS) Pacific Islands Regional Office (hereinafter, "PIRO") is soliciting competitive applications for the FY2020 Pacific Islands Region Marine Turtle Management and Conservation Program (MTMCP). This program supports conservation, protection, or management actions supporting recovery of Endangered Species Act (ESA) listed sea turtle species occurring within the Pacific Islands Region (PIR) or of aggregations (or species) with linkages to the PIR. Such species may migrate through, nest or forage within the PIR, or are impacted by PIR federally managed activities and relevant to NOAA/NMFS management and recovery obligations.

For the FY2020 funding competition, we are soliciting projects located in: 1) **Hawaii** and US territories; and 2) Internationally in projects located in the Philippines (for, Central West Pacific Green Turtle Distinct Population Segment), Japan (for, North Pacific Loggerhead Turtle Distinct Population Segment), and Indonesia and Solomon Islands (for, West Pacific leatherback turtles).

Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible funding applicants are K-12 public and independent schools and school systems, institutions of higher education, commercial and nonprofit organizations, state or local government agencies, and Indian tribal governments conducting projects in Hawaii (Islands of Hawaii, Maui,

Lanai, Molokai, Oahu, Kauai, Kahoolawe, Niihau, and/or the Northwestern Hawaiian Islands). Individual applicants and Federal agencies are not eligible. Existing recipients selected during the FY 2018 (NOAA-NOS-OCM-2018-2005344) and FY 2019 (NOAA-NOS-OCM-2019-2005858) Hawaii B-WET competitions are eligible to apply as competitive renewal projects and are required to re-apply to receive consideration for further funding. Federal agencies and employees are not allowed to receive funds under this announcement but may serve as collaborative project partners and may contribute services in kind. Federal agencies and employees' 'in-kind services' cannot be considered as part of an applicant's match on shared costs. If an applicant proposes a federal agency as a collaborator, applicants should provide detail on the expected level of federal engagement in the application. Examples might include, but are not limited to partnership services; serving in a review capacity; or participating in priority task teams, working groups, or leadership teams. NOAA employees are not permitted to assist in the preparation of applications.

Agency Name:

Department of Commerce

Description:

The NOAA Hawaii Bay Watershed Education and Training (B-WET) program is a federal funding opportunity that meets NOAA's mission of science, service and stewardship. The Hawaii B-WET program supports a vision of a future where societies and ecosystems are healthy and resilient in the face of sudden or prolonged change. The purpose for this financial assistance is to support our communities by developing a well-informed citizenry involved in decision-making that positively impacts our coastal, marine, and watershed ecosystems in the State of Hawaii. This is a competitive opportunity for grants to assist in the development of new programs, encourage innovative partnerships among environmental education programs, and support geographically targeted programs to advance environmental education efforts that complement national and state school requirements. The Hawaii B-WET program plays a foundational role as an environmental education program that promotes locally relevant, experiential learning in the K-12 environment on priority topics such as understanding ocean, earth and atmospheric sciences, community resilience to hazards, and place-based environmental management. Funded projects provide meaningful watershed educational experiences for students, professional development for teachers, service-learning opportunities for students, and support regional education and environmental priorities. More information about the B-WET program is online at <https://www.noaa.gov/office-education/bwet>.

Agency Name: Forest Service

Description: **Agency Name:** Forest Service

Description: Overview Information

Catalog of Domestic Assistance number is **10.674**

Program name is **Wood Utilization Assistance**

Important Dates:

October 22, 2019 Issuance of Request for Proposals

January 15, 2020 Proposal submission deadline

May 1, 2020 Approximate date for the U.S. Forest Service to notify applicants of results

August 1, 2020 Approximate date of award

Synopsis of Funding Opportunity

The U.S. Forest Service requests proposals to substantially expand and accelerate wood energy and wood products markets throughout the United States to support forest management needs on National Forest System and other forest lands.

This Request for Proposals focuses on the following priorities to:

- Reduce hazardous fuels and improve forest health on National Forest System and other forestlands.
- Reduce costs of forest management on all land types.
- Promote economic and environmental health of communities.

The intent of the Wood Innovations Funding Opportunity is to stimulate, expand, and support wood products markets and wood energy markets.

Projects can include, but are not limited to:

1. Completing requirements, such as engineering designs, cost analyses, and permitting necessary, in the later stages of commercial construction projects that use wood as a primary building material and in the later stages of wood energy project development to secure financing. Early phase project development proposals will not be competitive.

2. Developing manufacturing capacity, other necessary wood products infrastructure, and markets for wood products that support forest ecosystem restoration.
3. Showcasing quantifiable environmental and economic benefits of using wood as a sustainable building material in an actual commercial building and the projected benefits achieved if replicated across the United States based on commercial construction market trends.
4. Establishing statewide wood utilization teams and statewide wood energy teams. Only proposals from States without an existing (or former) team will be considered. Current teams are found on this map.
5. Developing a cluster of wood energy projects in a geographic area or specific sector (e.g., prisons, hospitals, universities, manufacturing sector, or industrial sector).
6. Overcoming market barriers and stimulating expansion of wood energy in the commercial sector.

Instructions and Application

REAP-Renewable Energy Systems and Energy Efficiency Improvements

Synopsis 2

Document Type:	Grants Notice	Version:	Synopsis 2
Funding Opportunity Number:	RDBCP-11-REAP-RES-EEI-2020	Posted Date:	Oct 28, 2019
		Last Updated Date:	Oct 28, 2019
Funding Opportunity Title:	REAP-Renewable Energy Systems and Energy Efficiency Improvements	Original Closing Date for Applications:	Sep 30, 2020
		Current Closing Date for Applications:	Sep 30, 2020
Opportunity Category:	Mandatory	Archive Date:	

Opportunity Category Explanation:		Estimated Total Program Funding:	\$70,000,000
		Award Ceiling:	\$500,000
Funding Instrument Type:	Grant	Award Floor:	
Category of Funding Activity:	Agriculture Business and Commerce Energy		
Category Explanation:			
Expected Number of Awards:	2000		
CFDA Number(s):	10.868 -- Rural Energy for America Program		
Cost Sharing or Matching Requirement:	Yes		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are agricultural producers and rural small businesses. All agricultural producers, including farmers and ranchers, who gain 50% or more of their gross income from the agricultural operations are eligible. Small businesses that are located in a rural area can also apply. Rural electric cooperatives may also be eligible to apply. Additional Information on Eligibility: Citizenship - To be eligible, applicants must be individuals or entities at least 51 percent owned by persons who are either: 1) citizens of the United States (U.S.), the Republic of Palau, the Federated States of Micronesia, the Republic of the Marshall Islands, or American Samoa; or 2) legally admitted permanent residents residing in the U.S. Project - The project must be to conduct a feasibility study for a renewable energy system. Eligible technologies include: projects that produce energy from wind, solar, biomass, geothermal, hydro power and hydrogen-based sources. All projects must be located in a rural area and must be owned by the applicant. Legal authority and responsibility - Each applicant must have, or obtain, the legal authority necessary to carry out the purpose of the grant.

Agency Name: Business and Cooperative Programs

Description: The Rural Energy for America Program will provide funds to agricultural producers and rural small businesses to install renewable energy systems and energy efficiency improvements. The Rural Energy for America Program is designed to help agricultural producers and rural small businesses reduce energy costs and consumption and help meet the nations critical energy needs. The grants are awarded on a competitive basis.

Higher Education Challenge (HEC) Grants Program
Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	USDA-NIFA-CGP-006950	Posted Date:	Sep 24, 2019
Funding Opportunity Title:	Higher Education Challenge (HEC) Grants Program	Last Updated Date:	Sep 24, 2019
Opportunity Category:	Discretionary	Original Closing Date for Applications:	Mar 23, 2020
Opportunity Category Explanation:		Current Closing Date for Applications:	Mar 23, 2020
Funding Instrument Type:	Grant	Archive Date:	Apr 22, 2020
Category of Funding Activity:	Agriculture	Estimated Total Program Funding:	\$45,000,000
Category Explanation:		Award Ceiling:	\$750,000
Expected Number of Awards:		Award Floor:	\$30,000
CFDA Number(s):	10.217 -- Higher Education - Institution Challenge Grants Program		
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Applicants for the HEC must meet all the requirements discussed in this RFA. Applications may be submitted by: (a) U.S. public or private nonprofit colleges and universities offering a baccalaureate or first professional degree in at least one discipline or area of the FANH sciences; (b) land-grant colleges and universities, (including land grant institutions in the Insular Areas); (c) colleges and

universities having significant minority enrollments and a demonstrable capacity to carry out the teaching of food and agricultural sciences; and (d) other colleges and universities having a demonstrable capacity to carry out the teaching of food and agricultural sciences. An applicant also must meet the definition of an Eligible Institution/Organization as stated in this RFA (see Appendix III)

Agency Name: National Institute of Food and Agriculture

Description: Projects supported by the Higher Education Challenge Grants Program will: (1) address a state, regional, national, or international educational need; (2) involve a creative or non-traditional approach toward addressing that need that can serve as a model to others; (3) encourage and facilitate better working relationships in the university science and education community, as well as between universities and the private sector, to enhance program quality and supplement available resources; and (4) result in benefits that will likely transcend the project duration and USDA support.

Opportunity Category:	Discretionary	Current Closing Date for Applications:	Dec 31, 2019
Opportunity Category Explanation:		Archive Date:	Jan 30, 2020
Funding Instrument	Grant	Estimated Total	\$20,000,000

Type:**Program Funding:****Category of
Funding Activity:**

Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)

Award Ceiling: \$0**Award Floor:** \$0**Category
Explanation:**

The Technical Assistance and Training (TAT) Grant Program has been established to assist communities with water or wastewater systems through free technical assistance and/or training provided by the grant recipients. Qualified private non-profit organizations will receive TAT grant funds to identify and evaluate solutions to water and waste disposal problems in rural areas, assist applicants in preparing applications for water and waste grants made at the State level offices, and improve operation and maintenance of existing water and waste disposal facilities in rural areas.

**Expected Number
of Awards:**

20

CFDA Number(s):

10.761 -- Technical Assistance and Training Grants

**Cost Sharing or
Matching
Requirement:**

No

Eligible Applicants:

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: An organization is eligible to receive a TAT grant if it: a. Is a

private, non-profit organization that has tax-exempt status from the U.S. Internal Revenue Service (IRS); b. Is legally established and located within one of the following: • a state within the United States • the District of Columbia • the Commonwealth of Puerto Rico • a United States territory c. Has the legal capacity and authority to carry out the grant purpose; d. Has a proven record of successfully providing technical assistance and/or training to rural areas; e. Has capitalization acceptable to the Agency, and is composed of at least 51 percent of the outstanding interest or membership being citizens of the United States or individuals who reside in the United States after being legally admitted for permanent residence; f. Has no delinquent debt to the federal government or no outstanding judgments to repay a federal debt; g. Demonstrates that it possesses the financial, technical, and managerial capability to comply with federal and State laws and requirements. h. Contracts with a nonaffiliated organization for not more than 49 percent of the grant to provide the proposed assistance.

Additional Information

Agency Name:

Utilities Programs

Description:

Funds may be used to pay expenses associated with providing technical assistance and/or training (TAT) to: Identify and evaluate solutions to water problems relating to source, storage, treatment, or distribution; identify and evaluate solutions to waste problems relating to collection, treatment, or disposal: assist applicants, that have filed a pre-application with RUS, in the preparation of water and/or waste loan and/or grant applications; and/or provide technical assistance and/or training to water/wastewater system personnel that will improve the management, operation and maintenance of water and waste disposal facilities. Grant funds may not be used to duplicate current services, such as those performed by an association's consultant in developing a project; fund political or lobbying activities; pay for capital assets; purchase real estate or vehicles; improve or renovate office space, or repair and maintain privately owned property; pay the costs for construction, improvement, rehabilitation, modification or operation and maintenance of water, wastewater, and solid waste disposal facilities; and pay costs incurred prior to effective date of grant.

CZM Projects of Special Merit Competition - FY2020 Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	NOAA-NOS-OCM-2020-2006225	Posted Date:	Nov 07, 2019
		Last Updated Date:	Nov 07, 2019
Funding Opportunity Title:	CZM Projects of Special Merit Competition - FY2020	Original Closing Date for Applications:	Jan 15, 2020
Opportunity Category:	Discretionary	Current Closing Date for Applications:	Jan 15, 2020
Opportunity Category Explanation:		Archive Date:	Feb 14, 2020
		Estimated Total Program Funding:	\$1,500,000
Funding Instrument Type:	Cooperative Agreement	Award Ceiling:	\$250,000
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development	Award Floor:	\$50,000
Category Explanation:			
Expected Number of Awards:	10		
CFDA Number(s):	11.419 -- Coastal Zone Management Administration Awards		
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Any coastal State or Territorial CMP that has been approved by NOAA pursuant to the Coastal Zone Management Act (16 U.S.C. § 1455) is eligible under this announcement if the requirements established at 15 C.F.R. § 923.121 are met. Specifically, applicants must have an approved Assessment and Strategy for the 2016-2020 assessment period that includes at least one strategy for one or more of the priority enhancement areas identified in Section I.B of this Notice of Funding Opportunity (NOFO). In addition to strategies that were originally approved as part of a State or Territory's Assessment and Strategy, approved strategies also include

strategies that were added or substantially modified and approved by NOAA's Office for Coastal Management prior to the closing date of the competition. See 15 C.F.R. § 923.121 for all requirements. The designated lead agency for implementing each approved CMP is eligible to submit projects for funding under this competition. For the purposes of this competition, the San Francisco Bay Conservation and Development Commission is an eligible applicant. Eligible applicants may submit a proposal on behalf of State agency partners within the approved State CMP network, if applicable. Local governments and nonprofits may participate as partners on the proposed projects; however, projects should be focused upon enhancing the approved State CMP. Each applicant may submit no more than two applications for consideration under this competition. NOAA employees are not permitted to assist in the preparation of applications or write letters of support for any application. For proposals that involve collaboration with current NOAA projects or staff, NOAA employees may provide a limited statement verifying the nature and extent of the collaboration and confirming prior coordination activities. Letters of support from NOAA employees are not allowable and will not be included among the application materials considered by merit reviewers.

Agency Name: Department of Commerce

Description: The purpose of this document is to advise eligible applicants that NOAA is soliciting proposals for competitive funding under the Coastal Zone Management Act (CZMA)'s Enhancement Program Projects of Special Merit, authorized under Section 309 of the CZMA (16 U.S.C. §1456b). The objective of Section 309 assistance is to encourage each State or Territory with a federally-approved coastal management program (CMP) to continually improve its program in specified areas of national importance. The intent of Projects of Special Merit (PSM) funding is to offer CMPs the opportunity to develop innovative projects that further their approved enhancement area strategies and focus on the following national enhancement area priorities: Hazards, Ocean and Great Lakes Resources (with a focus on comprehensive planning), and Public Access (with a focus on underserved communities). Any CMP that has been approved by NOAA pursuant to the Coastal Zone Management Act (16 U.S.C. §1455) and has an approved 2016-2020 Section 309 Assessment and Strategy that contains at least one strategy addressing one or more of the priority enhancement areas is eligible to apply for this competition. Coastal Zone Management Program Regulations at 15 C.F.R. Part 923 apply to this Announcement, and program policies and procedures are further implemented through the provisions in this announcement.

Regional Vulnerability Assessments for Ocean Acidification (RVA-OA20)
Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	NOAA-OAR-OAP-2020-2006333	Posted Date:	Nov 22, 2019
Funding Opportunity Title:	Regional Vulnerability Assessments for Ocean Acidification (RVA-OA20)	Last Updated Date:	Nov 22, 2019
Opportunity Category:	Discretionary	Original Closing Date for Applications:	Mar 27, 2020
Opportunity Category Explanation:		Current Closing Date for Applications:	Mar 27, 2020
Funding Instrument Type:	Cooperative Agreement Grant	Archive Date:	Apr 26, 2020
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development	Estimated Total Program Funding:	\$2,000,000
Category Explanation:		Award Ceiling:	\$350,000
Expected Number of Awards:	6	Award Floor:	\$100,000
CFDA Number(s):	11.017 -- Ocean Acidification Program (OAP)		
Cost Sharing or Matching Requirement:	No		
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)		
Additional Information on Eligibility:	Eligible applicants are institutions of higher education; other nonprofits; commercial organizations; state, local and Indian tribal governments; and authorized Federal agencies. Applications from non-Federal and Federal applicants will be competed against each other. Proposals selected for funding from non-Federal applicants will be funded through a grant or cooperative agreement as described above in section II. C. of this notice. Proposals selected for funding from NOAA scientists shall be affected by an intra-agency fund transfer. Proposals selected for funding from a non-NOAA Federal agency will be funded through an inter-agency		

transfer. PLEASE NOTE: Before non-NOAA Federal applicants may be funded, they must demonstrate that they have legal authority to receive funds from another Federal agency in excess of their appropriation. Because this announcement is not proposing to procure goods or services from applicants, the Economy Act (31 USC 1535) is not an appropriate legal basis.

Agency Name: Department of Commerce

Description: The purpose of this document is to advise the public that NOAA/OAR/Ocean Acidification Program (OAP) is soliciting proposals for collaborative projects of up to 3 years in duration that synthesize ocean acidification information at a regional scale (e.g. Large Marine Ecosystem, large estuary or collection of small estuaries, and state or collection of states in US waters) to determine where societal vulnerabilities to ocean acidification exist or are emerging, in order to provide actionable information for marine resource decision makers and/or bolster the resilience of the nation's Blue Economy. This funding opportunity will not support the collection of new chemical or ecological observations or species response data. Social science data collection is permitted. Funding is contingent upon the availability of Fiscal Year 2020 Federal appropriations. It is anticipated that projects funded under this announcement will have a September 1, 2020 start date. Approximately 1-6 projects for up to 3 years in duration are expected to be funded at the level of approximately \$100,000 - \$350,000 per year per proposal. It is anticipated that a total of up to \$2 million may be available in FY20 to support the first year of projects.

FY 2020 Community-based Restoration Program Coastal and Marine Habitat Restoration Grants
Synopsis 2

Document Type:	Grants Notice	Version:	Synopsis 2
Funding Opportunity Number:	NOAA-NMFS-HCPO-2020-2006306	Posted Date:	Nov 08, 2019
		Last Updated Date:	Nov 08, 2019

Funding Opportunity Title:	FY 2020 Community-based Restoration Program Coastal and Marine Habitat Restoration Grants	Original Closing Date for Applications:	Jan 08, 2020
		Current Closing Date for Applications:	Apr 09, 2020
Opportunity Category:	Discretionary	Archive Date:	May 08, 2020
Opportunity Category Explanation:		Estimated Total Program Funding:	\$12,000,000
		Award Ceiling:	\$3,000,000
Funding Instrument Type:	Cooperative Agreement	Award Floor:	\$75,000
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development		
Category Explanation:			
Expected Number of Awards:	20		
CFDA Number(s):	11.463 -- Habitat Conservation		
Cost Sharing or Matching Requirement:	No		
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)		
Additional Information on Eligibility:	Eligible applicants are institutions of higher education, non-profits, commercial (for profit) organizations, U.S. territories, and state, local and Native American tribal governments. Applicants must propose work in geographic areas that benefit species with a nexus to NOAA management. Applications from federal agencies or employees of federal agencies will not be considered. Federal agencies are strongly encouraged to work with states, non-governmental organizations, municipal and county governments, and others that are eligible to apply.		
Agency Name:	Department of Commerce		
Description:	The principal objective of the NMFS Community-based Restoration Program Coastal and Marine Habitat Restoration solicitation is to support habitat restoration projects that use an ecosystem-based approach to foster species recovery and increase populations under NOAA's jurisdiction. Proposals submitted under this solicitation will be primarily evaluated based on their ability to demonstrate how the proposed habitat restoration actions will: 1) help recover threatened and endangered species listed under the Endangered Species Act (ESA) (hereafter, Listed Species), including species identified by NMFS as "Species in the		

Spotlight” (<https://www.fisheries.noaa.gov/topic/endangered-species-conservation#species-in-the-spotlight>); 2) sustain or help rebuild fish stocks managed under the Magnuson-Stevens Fishery Conservation and Management Act (hereafter, Managed Species); and/or 3) contribute to the sustainability of saltwater recreational fisheries. Successful proposals will: 1) identify a habitat-based issue/concern limiting the recovery or sustainability of one or more species targeted by the proposed restoration action; 2) describe in detail the habitat restoration project(s) to be undertaken to resolve the issue/concern and; 3) describe the project(s)’ expected outcomes and measurable impact on the project’s target species and their ecosystem. Proposals may include: restoration feasibility and/or design; implementation (i.e., on-the-ground activities); or a combination thereof.

other Research and
Development

**Category
Explanation:**

**Expected
Number of
Awards:** 20

**CFDA
Number(s):** 11.420 -- Coastal Zone
Management Estuarine
Research Reserves

**Cost Sharing or
Matching
Requirement:** Yes

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are NERRS lead state agencies or universities designated to receive NERRS operations funding through a Memorandum of Understanding with NOAA in coastal states and territories including the Pacific, Gulf of Mexico, Caribbean, Atlantic Coast and Great Lakes. Eligible applicants should meet requirements as stated in the NERRS regulations codified at 15 CFR 921.32 which are available online at <http://go.usa.gov/xkGEf>. Federal agencies and employees are not allowed to receive funds under this announcement but may serve as collaborative project partners. Federal agencies and employees' 'in-kind' services cannot be considered as part of an applicant's match on shared costs. If federal agencies are collaborators, applicants are expected to provide detail on the planned level of federal engagement in the application. Examples might include, but are not limited to partnership services; serving in a review capacity; or participating in priority task teams, working groups, or leadership teams.

Agency Name: Department of Commerce

Description: The National Estuarine Research Reserve System (NERRS) consists of estuarine areas of the United States and its territories designated and managed for research and educational purposes (Reserve). Each Reserve within the NERRS is chosen to represent a different bio-geographic region and to include a variety of ecosystem types in accordance with the classification scheme of the national program as specified in 15 CFR Part 921. By funding Reserve lead agencies and universities to conduct land acquisition and construction projects that support the NERRS mission, NOAA will strengthen protection of key land and water areas, enhance long-term protection of Reserve areas for research and education, and provide for facility and exhibit construction that meet the highest sustainable design standards possible. NOAA anticipates up to \$6 million in Fiscal Year 2020 will be available to designated lead Reserve agencies or universities in coastal states for approximately 5-20 construction and acquisition projects, and expected to range from approximately \$20,000 to \$1,000,000 per project and with

project periods typically covering 12-36 months, depending on the availability of funds.

Reminders:

Economic Development Administration
FY 2020 EDA Public Works and Economic Adjustment Assistance Programs
Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	PWEAA2020	Posted Date:	Oct 18, 2019
Funding Opportunity Title:	FY 2020 EDA Public Works and Economic Adjustment Assistance Programs	Last Updated Date:	Oct 18, 2019
Opportunity Category:	Discretionary	Original Closing Date for Applications:	There are no submission deadlines under this opportunity. Applications will be accepted on an ongoing basis until the publication of a new PWEAA NOFO.
Opportunity Category Explanation:		Current Closing Date for Applications:	There are no submission deadlines under this opportunity. Applications will be accepted on an ongoing basis until the publication of a new PWEAA NOFO.
Funding Instrument Type:	Cooperative Agreement		
Category of Funding Activity:	Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)	Archive Date:	
		Estimated Total Program Funding:	
Category Explanation:	The Economic Development Administration's (EDA's) mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for economic growth and success in the worldwide economy. EDA fulfills this mission through strategic	Award Ceiling:	\$3,000,000
		Award Floor:	\$100,000

investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. EDA supports development in economically distressed areas of the United States by fostering job creation and attracting private investment. Under this NOFO, EDA solicits applications from applicants in order to provide investments that support construction, non-construction, planning, technical assistance, and revolving loan fund projects under EDA's Public Works program and EAA program (which includes Assistance to Coal Communities). Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities, including those negatively impacted by changes to the coal economy.

**Expected
Number of
Awards:**

500

**CFDA
Number(s):**

11.300 -- Investments for Public Works and Economic Development Facilities
11.307 -- Economic Adjustment Assistance

**Cost Sharing or
Matching
Requirement:**

Yes

Eligible Applicants:

Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Native American tribal governments (Federally recognized)
State governments
Special district governments
Others (see text field entitled "Additional Information on Eligibility" for clarification)
County governments

City or township governments
Private institutions of higher education
Public and State controlled institutions of higher education
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Additional Information on Eligibility: Eligible applicants for EDA financial assistance under the Public Works and EAA programs include a(n): (i) District Organization of a designated Economic Development District; (ii) Indian Tribe or a consortium of Indian Tribes; (iii) State, county, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (iv) institution of higher education or a consortium of institutions of higher education; or (v) public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. See Section 3 of the Public Works and Economic Development Act of 1965 (PWEDA) (42 U.S.C. § 3122) and 13 C.F.R. § 300.3. EDA is not authorized to provide grants or cooperative agreements to individuals or to for profit entities. Requests from such entities will not be considered for funding. For ACC funding, projects must be located within and targeted to communities or regions that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either.

Agency Name: Economic Development Administration

Description: Under this NOFO, EDA solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and EAA programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities. EDA provides strategic investments on a competitive- merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States.

FY20 Dr Nancy Foster Scholarship Program

Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	NOAA-NOS-ONMS-2020-2006239	Posted Date:	Oct 07, 2019
		Last Updated Date:	Oct 07, 2019
Funding Opportunity Title:	FY20 Dr Nancy Foster Scholarship Program	Original Closing Date for Applications:	Dec 06, 2019
Opportunity Category:	Discretionary	Current Closing Date for Applications:	Dec 06, 2019
Opportunity Category Explanation:		Archive Date:	Jan 05, 2020
		Estimated Total Program Funding:	\$500,000
Funding Instrument Type:	Cooperative Agreement	Award Ceiling:	\$42,000
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development	Award Floor:	\$1
Category Explanation:			
Expected Number of Awards:	4		
CFDA Number(s):	11.429 -- Marine Sanctuary Program		
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Only individuals who are U.S. citizens or permanent residents, or citizens of U.S. territories, and are applying to or have been accepted to a U.S. accredited graduate institution to pursue a master's or doctoral level degree in oceanography, marine biology, or maritime archaeology—this can include but is not limited to ocean and/or coastal: engineering, social science, marine education, marine stewardship, resource management disciplines—are eligible for an award under this scholarship program. In addition, to be eligible to apply, applicants must have a cumulative 3.30 grade point average. Scholars must maintain a minimum cumulative and term grade point average of 3.30 for every term and for the duration of their award. If applicant does not maintain this grade point average, he/she will be placed on probation after the first term. If the grade point average is not brought up for that year, the recipient's scholarship will be terminated. In addition, satisfactory progress

must be made toward the completion of a thesis or dissertation. If it is determined that the scholar will not complete his/her thesis or dissertation prior to the end of the award, funding may be withdrawn. Individuals who already receive NOAA or federal funding from grants or scholarships for graduate school are not eligible to receive the Dr. Nancy Foster Scholarship. If a student is willing to give up the other federal funding, then he/she is eligible to receive the award. Universities or other organizations may not apply on behalf of an individual. Prospective scholars do not need to be enrolled in a graduate program at the time of application but must be admitted to a graduate level program in order to be awarded this scholarship. Eligibility must be maintained for each succeeding year of support, and annual reporting requirements, to be specified at a later date, will apply. Individuals who are in their last year of graduate school are unlikely to receive this award.

Agency Name:

Department of Commerce

Description:

The Dr. Nancy Foster Scholarship Program provides support for master's and doctoral degrees in oceanography, marine biology, or maritime archaeology—this can include but is not limited to ocean and/or coastal: engineering, social science, marine education, marine stewardship, resource management disciplines—and particularly encourages women and members of minority groups to apply. Individuals who are U.S. citizens or permanent residents, or citizens of U.S. territories, and are applying to or have been accepted to a graduate program at a U.S. accredited institution, may apply. Prospective scholars do not need to be enrolled in a graduate program at the time of application but must be admitted to a graduate level program in order to be awarded this scholarship. Scholarship selections are based on academic excellence, letters of recommendations, research and career goals, and financial need. Applicants must have a cumulative 3.30 grade point average to be eligible to apply and maintain a minimum cumulative and term grade point average of 3.30 for every term and for the duration of their award. Dr. Nancy Foster Scholarships may provide, subject to appropriations, yearly support of up to \$42,000 per student (a 12-month stipend of \$30,000 in addition to an education allowance of up to \$12,000) and up to \$10,000 of support for a 4-6 week program collaboration at a NOAA facility. Applicants can only obtain funding for the number of years they have remaining in their graduate studies when they applied for the Dr. Nancy Foster Scholarship Program. For example, if you have already completed two years of your PhD studies, and you become a Dr. Nancy Foster Scholarship recipient and indicate it will take you two additional years to complete your degree, you will only be able to obtain funds for the remaining two years of your graduate studies. Note that scholars are allowed one (1) one-year no-cost extension that must be requested at least 60 days before the end of the award and will need to provide a justification and a current budget. Completion of one (1) program collaboration is required for every doctoral scholarship award, with a second recommended, but not required. For master's degree level scholars, completion of a program collaboration is strongly recommended, but not required. The Dr. Nancy Foster Scholarship funds cannot be used toward research costs. Dr. Nancy Foster Scholarship Program recipients will be required to participate in a mandatory NOAA Orientation Training to meet with the NOAA Office of National Marine Sanctuaries staff at a date and location to be determined in the summer of 2020. If scholarships have not been

awarded before this training, recipients may be required to incur pre-award costs that will be reimbursed after award funds have been issued.

As a recipient of the Dr. Nancy Foster Scholarship Program, you become a recognized member of the NOAA community. NOAA provides significant financial resources to help you pursue your independent graduate degree, as well as the staff expertise to assist you with your research along the way. Therefore, Dr. Nancy Foster Scholars must conduct some specific outreach efforts. To help increase diversity of future applicants, Dr. Nancy Foster Scholarship Program recipients must give at least one presentation about the Dr. Nancy Foster Scholarship Program to a diverse audience, such as undergraduate students at a minority serving institution, historically black colleges and universities, or other appropriate venue(s). All Dr. Nancy Foster Scholarship Program recipients must also put together an outreach product (e.g., video, infographic) that communicates their scientific research in a way that the average viewer can understand it, its importance, and its relevance to the NOAA mission. Appropriate training in the creation of outreach products will be provided to all scholarship recipients.

Dr. Nancy Foster Scholars also participate in a program collaboration. This opportunity is designed to allow scholars to participate in research or other activities for four to six weeks at a field office of the National Marine Sanctuary System, or other NOAA program offices. Federal support for the program collaboration may be used toward allowable costs such as: travel to and from the NOAA facility, housing, per diem, laboratory costs, research vessel support, and consumables while conducting research at the NOAA facility. Scholars are required to provide their own health insurance coverage during the program collaboration. More details on allowable costs can be found in 2 CFR part 200, Subpart E – Cost Principles. If scholars choose to participate in a program collaboration during a specific year, they must notify the Program Officer by December of the academic year in which they intend to participate in the collaboration. Approval from the NOAA Office of National Marine Sanctuaries is required prior to embarking on the program collaboration. In order to have a competitive application for the Dr. Nancy Foster Scholarship Program, it is recommended that you review the following bullets to assess whether or not you should apply for this scholarship.

1. Your research proposal aligns closely with NOAA's mission, with particular emphasis on meeting the science needs of the NOAA Office of National Marine Sanctuaries. This is 20% of your application score.
2. Your financial need statement documents a strong financial need due to challenges, hardships, or other information through a compelling personal narrative. This is 25% of your application score.
3. You (likely) have exceptional letters of recommendation. This is 10% of your application score.
4. Historically, proposals that do not support the science needs of NOAA's National Marine Sanctuary System do not rank as high.
5. If you are in the last year of your Masters or Ph.D. program, it is not advised to apply for this scholarship.

Additional information about the scholarship can be obtained in the full announcement text of the Federal Funding Opportunity.

National Sea Grant College Program 2020 Special Projects
Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	NOAA-OAR-SG-2020-2006252	Posted Date:	Oct 21, 2019
Funding Opportunity Title:	National Sea Grant College Program 2020 Special Projects	Last Updated Date:	Oct 21, 2019
Opportunity Category:	Discretionary	Original Closing Date for Applications:	Sep 30, 2020
Opportunity Category Explanation:		Current Closing Date for Applications:	Sep 30, 2020
Funding Instrument Type:	Cooperative Agreement Grant	Archive Date:	Oct 30, 2020
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development	Estimated Total Program Funding:	\$4,000,000
Category Explanation:		Award Ceiling:	\$1,000,000
Expected Number of Awards:	20	Award Floor:	\$10,000
CFDA Number(s):	11.417 -- Sea Grant Support		
Cost Sharing or Matching Requirement:	Yes		

Eligibility

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are: Sea Grant Programs (Sea Grant Colleges, Institutions, or Coherent Area Programs), the National Sea Grant Law Center, and the National Sea Grant Library. Individual competition announcements may restrict eligibility to a subset of these applicants. The National Sea Grant College Program champions diversity, equity, and inclusion (DEI) by recruiting, retaining and preparing a diverse workforce, and proactively

engaging and serving the diverse populations of coastal communities. Sea Grant is committed to building inclusive research, extension, communication and education programs that serve people with unique backgrounds, circumstances, needs, perspectives and ways of thinking. We encourage applicants of all ages, races, ethnicities, national origins, gender identities, sexual orientations, disabilities, cultures, religions, citizenship types, marital statuses, education levels, job classifications, veteran status types, and income, and socioeconomic status types to apply for this opportunity.

Additional Information

Agency Name:

Department of Commerce

Description:

The National Sea Grant College Program was enacted by U.S. Congress in 1966 (amended in 2008, Public Law 110-394) to support leveraged federal and state partnership that harness the intellectual capacity of the nation's universities and research institutions to solve problems and generate opportunities in coastal communities.

The purpose of this notice is to request proposals for special projects consistent with the focus areas outlined in the National Sea Grant College Program's (Sea Grant) strategic plan, and to provide the general public with information and guidelines on how Sea Grant will select proposals and administer Federal assistance under this announcement. This announcement is a mechanism to encourage research or other projects that are not normally funded through Sea Grant national competitions.

This opportunity is open only to Sea Grant Programs. Section III of this announcement describes eligibility requirements in more detail.

Funding has not yet been made available to support applications submitted to this Notice of Funding Opportunity (NOFO), but such funding may become available during the year. Section II.A. below describes individual competition announcements that will be used to announce when funding is available, any restrictions or requirements such as cost share, and other funding details.

Awards will be made under this NOFO only to applications that are responsive to individual competition announcements; unsolicited applications will not be reviewed.

This document sets out requirements for submitting to NOAA-OAR-SG-2020-2006252. Additional guidance and tips on how best to prepare an application are provided in the Sea Grant General Application Guide available at (<https://seagrants.noaa.gov/Portals/1/Guidance/SeaGrantGeneralApplicationGuide.pdf>)

NWS Office of Science and Technology Integration: Unified Forecast System
Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	NOAA-NWS-NWSPO-2020-2006290	Posted Date:	Nov 01, 2019
Funding Opportunity Title:	NWS Office of Science and Technology Integration: Unified Forecast System	Last Updated Date:	Nov 01, 2019
Opportunity Category:	Discretionary	Original Closing Date for Applications:	Feb 07, 2020
Opportunity Category Explanation:		Current Closing Date for Applications:	Feb 07, 2020
Funding Instrument Type:	Cooperative Agreement	Archive Date:	Mar 08, 2020
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development	Estimated Total Program Funding:	\$2,800,000
Category Explanation:		Award Ceiling:	\$250,000
Expected Number of Awards:	15	Award Floor:	\$100,000
CFDA Number(s):	11.468 -- Applied Meteorological Research		
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are U.S. institutions of higher education; U.S.-based commercial organizations; state, local and Indian tribal governments in the U.S.; and other U.S. non-profit organizations and federally funded educational institutions such as the Naval Postgraduate School. Any federal employee or federal contractor listed as a co-PI, co-I, or collaborator on the title page of a proposal (if eligible) must have provided explicit pre-approval to the PI to be identified as a contributor to the proposed project prior to submission of the application. A letter of support or email acknowledging participation in the proposed project by the federal employee or federal contractor must be included within the application. All funded investigators must assure and verify, if requested, that they will not

be allocated for greater than 100% of their annual employment time should their proposal be selected for funding. NOAA will verify this requirement if funding is recommended.

Agency Name: Department of Commerce

Description: NOAA's National Weather Service (NWS) Office of Science and Technology Integration (OSTI) is soliciting research proposals to support NOAA's development of the community-based, coupled, comprehensive earth modeling system, the Unified Forecast System (UFS). The UFS is designed to provide more accurate forecast guidance through operational numerical weather prediction applications. These applications span local and global domains, and predictive time scales from sub-hourly to seasonal. This solicitation favors projects at specific stages of maturity as signified by their readiness level as described in Section 1.A. There are three competitions from this notification valued at approximately \$2,800,000 for the first year of multi-year (2-year) projects that will advance development of the UFS: 1) Next Generation Global Prediction System (NGGPS); 2) Weeks 3-4 Program; and 3) Hurricane Forecast Improvement Program (HFIP). Research projects to advance NGGPS will propose accelerating development of improved global weather prediction models; coupling among atmosphere, ocean, land surface and ice system model components; improving data assimilation techniques; improving ensemble techniques; developing post-processing forecast tools and techniques; or improving software architecture, computational performance and system engineering. Proposals pertaining to the advancement of the Weeks 3-4 program will focus on the development of a coupled UFS system including data assimilation approaches, extending the forecast of the UFS from 3 weeks to seasonal timescales, and developing metrics including validation and verification. Proposals for the HFIP initiative will relate to research required to improve operational tropical cyclone forecasting to meet societal requirements to effectively mitigate economic disruption.

Funding Opportunity Number:	NOAA-NOS-NCCOS-2020-2006219	Original Closing Date for Applications:	Jan 08, 2020
Funding Opportunity Title:	National Competitive Harmful Algal Bloom Programs	Current Closing Date for Applications:	Jan 10, 2020
Opportunity Category:	Discretionary	Archive Date:	Feb 07, 2020
Opportunity Category Explanation:		Estimated Total Program Funding:	\$2,500,000
		Award Ceiling:	\$600,000
		Award Floor:	\$200,000
Funding Instrument Type:	Cooperative Agreement		
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development		
Category Explanation:			
Expected Number of Awards:	6		
CFDA Number(s):	11.478 -- Center for Sponsored Coastal Ocean Research Coastal Ocean Program		
Cost Sharing or Matching Requirement:	No		
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)		
Additional Information on Eligibility:	<p>Eligible applicants for Federal financial assistance in this competition are institutions of higher education, other non-profits, state, local, Indian Tribal Governments, U.S. Territories, and for-profit organizations. Federal agencies that possess the statutory authority to receive transfers of funds are eligible to submit applications for intra- or inter-agency funds transfers through this competition. DOC/NOAA supports cultural and gender diversity and encourages women and minority individuals and groups to submit applications to the CRP programs. In addition, DOC/NOAA is strongly committed to broadening the participation of historically black colleges and universities, Hispanic serving institutions, tribal colleges and universities, and institutions that work in underserved areas. DOC/NOAA encourages applications involving any of the above institutions to apply. Please note that:(1) Principal Investigators must be employees of an eligible entity listed above; and applications must be submitted through that entity. Non-Federal researchers</p>		

should comply with their institutional requirements for application submission. (2) Non-Federal researchers affiliated with NOAA-University Cooperative/Joint Institutes will be funded through cooperative agreements. (3) Foreign researchers must apply as subawards or contracts through an eligible US entity. (4) Federal applicants are eligible to submit applications for intra- or inter-agency funds transfers through this competition. Non-NOAA Federal applicants will be required to submit certifications or documentation showing that they have specific legal authority to accept funds for this type of research. (5) An eligible U.S. entity may propose Federal agency researchers as funded or unfunded collaborators. If Federal agency researchers are proposed as funded collaborators, the applicant should present the collaborator's funding request in the application in the same way documentation is provided for a subrecipient for purposes of project evaluation, even though intra- or inter-agency funding transfers will generally be used if the project is selected. (6) NCCOS researchers may apply through an eligible U.S. entity as funded or unfunded collaborators, but cannot be the lead PI on the application. NOAA federal salaries will not be paid.

Agency Name:

Department of Commerce

Description:

The purpose of this document is to advise the public that NOAA/NOS/National Centers for Coastal Ocean Science (NCCOS)/Competitive Research Program (CRP) is soliciting proposals for the Prevention, Control and Mitigation of Harmful Algal Blooms (PCM HAB) and HAB Socioeconomics Research Programs. Funding is contingent upon the availability of Fiscal Year 2020 Federal appropriations. It is anticipated that projects funded under this announcement will have a September 1, 2020 start date.

Total funding for this research:

It is anticipated that approximately \$2,500,000 may be available in Fiscal Year 2020 for the first year for all PCM HAB and HAB Socioeconomics projects.

Approximately 4-6 small projects up to 3 years in duration are expected to be funded under PCM HAB and HAB Socioeconomics at a level of approximately \$200,000 to \$400,000 per year per proposal. In addition, 1-2 large projects up to 4 years in duration are expected to be funded under PCM HAB at up to approximately \$500,000 to \$600,000 per year per proposal. NOAA will not accept any proposals submitted with total budgets (across all years) that are greater than \$1,200,000 for small projects and \$2,400,000 for large projects.

Electronic Access: Background information about the PCM HAB Program can be found at <https://coastalscience.noaa.gov/research/stressor-impacts-mitigation/pcmhab/>. Additional information on this Announcement, including Frequently Asked Questions, is available at <https://coastalscience.noaa.gov/research/stressor-impacts-mitigation/pcmhab/>. An information webinar covering PCM HAB and this solicitation, will be offered by a Program Manager within **approximately** two weeks from the publication date of the FFO. Information on the date/time can be found at <https://coastalscience.noaa.gov/research/stressor-impacts-mitigation/pcmhab/>.

Proposals should be submitted through Grants.gov, <http://www.grants.gov>. Sign up to receive any potential amendments to this Announcement via www.grants.gov.

Fiscal Year 2021 National Sea Grant College Program Dean John A. Knauss Marine Policy Fellowship
Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	NOAA-OAR-SG-2021-2006204	Posted Date:	Sep 17, 2019
		Last Updated Date:	Sep 17, 2019
Funding Opportunity Title:	Fiscal Year 2021 National Sea Grant College Program Dean John A. Knauss Marine Policy Fellowship	Original Closing Date for Applications:	Feb 21, 2020
		Current Closing Date for Applications:	Feb 21, 2020
Opportunity Category:	Discretionary	Archive Date:	Mar 22, 2020
Opportunity Category Explanation:		Estimated Total Program Funding:	\$5,180,000
		Award Ceiling:	\$74,000
Funding Instrument Type:	Cooperative Agreement	Award Floor:	\$59,000
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development		
Category Explanation:			
Expected Number of Awards:	35		
CFDA Number(s):	11.417 -- Sea Grant Support		
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: The following entities are eligible to submit to this opportunity: Any student, regardless of citizenship, who, on February 21, 2020, is enrolled towards a degree in a graduate program, and has an interest in ocean, coastal and Great Lakes resources and in the national policy decisions affecting those resources is eligible to submit an application to the Sea Grant program in the state in which they are earning their degree. If there is no Sea Grant program, a Sea Grant program will be assigned (see Section IV.D.). The graduate degree must be awarded through an accredited institution of higher education in the United States or U.S. Territories. The National Sea Grant College Program champions diversity, equity, and inclusion (DEI) by recruiting, retaining and preparing a diverse workforce, and proactively engaging and serving the diverse populations of coastal communities. Sea Grant is committed to building inclusive research, extension, communication and education programs that serve people with unique backgrounds, circumstances, needs, perspectives and ways of thinking. We encourage applicants of all ages, races, ethnicities, national origins, gender identities, sexual orientations, disabilities, cultures, religions, citizenship types, marital statuses, education levels, job classifications, veteran status types, and income, and socioeconomic status types to apply for this opportunity.

Agency Name: Department of Commerce

Description: The National Sea Grant College Program was enacted by U.S. Congress in 1966 (amended in 2008, Public Law 110-394) to support federal and state partnerships that harness the intellectual capacity of the nation's universities and research institutions to solve problems and generate opportunities in coastal communities.

This notice announces that applications may be submitted for the 2021 National Sea Grant College Program Dean John A. Knauss Marine Policy Fellowship (Sea Grant Knauss Fellowship Program). The National Sea Grant College Program (Sea Grant) anticipates funding not less than 35 applicants, of which those assigned to the Legislative branch will be approximately 14. Application packages will each propose a total of \$74,000 in funding. This includes base funding for each award at \$59,000 with optional host office travel up to an additional \$15,000. If additional office-related travel funds beyond \$15,000 are required, those funds will be administered through an amendment to the grant.

Applicants are strongly encouraged to reach out to the Sea Grant Program in their state/territory at least one to two months prior to the state application deadline to receive application support and provide notification of intent to apply. The applicant should allow sufficient time to schedule an interview with the eligible Sea Grant program at the program's request.

This document describes requirements for submitting to NOAA-OAR-SG-2021-2006204. Additional guidance and tips on how best to prepare an application are provided in the Sea Grant General Application Guide available at:
<https://seagrants.noaa.gov/Portals/1/Guidance/SeaGrantGeneralApplicationGuide.pdf>

**FY2020 Marine Debris Prevention
Synopsis 2**

Document Type:	Grants Notice	Version:	Synopsis 2
Funding Opportunity Number:	NOAA-NOS-ORR-2020-2006200	Posted Date:	Sep 17, 2019
		Last Updated Date:	Sep 17, 2019
Funding Opportunity Title:	FY2020 Marine Debris Prevention	Original Closing Date for Applications:	Feb 07, 2020
Opportunity Category:	Discretionary	Current Closing Date for Applications:	Feb 07, 2020
Opportunity Category Explanation:		Archive Date:	Mar 08, 2020
		Estimated Total Program Funding:	\$2,000,000
Funding Instrument Type:	Cooperative Agreement	Award Ceiling:	\$150,000
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development	Award Floor:	\$50,000
Category Explanation:			
Expected Number of Awards:	15		
CFDA Number(s):	11.999 -- Marine Debris Program		
Cost Sharing or Matching Requirement:	Yes		

Eligible Applicants:

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: This year's competition will have a pre-proposal requirement (hereafter described as Letter of Intent; LOI), which has changed the submission deadlines for this competition. This funding opportunity requires a letter of intent to be submitted before full proposals will be invited. Letters of intent must be received via email to grants.marinedebris@noaa.gov (as an attachment) no later than 11:59 p.m. Eastern time, November 5, 2019. If invited per the instructions in this announcement, full proposals must then be submitted through and validated by Grants.gov, postmarked, or provided to a delivery service on or before 11:59 p.m. EST, February 7, 2020. As outlined in the Marine Debris Act, eligible applicants are state, local, tribal, and territory governments whose activities affect research or regulation of marine debris and any institution of higher education, nonprofit organization, or commercial (for-profit) organization with expertise in a field related to marine debris. Applications from federal agencies or employees of federal agencies will not be considered. Interested federal agencies may collaborate with eligible applicants but may not receive funds through this competition. All projects must take place within the United States or territories or their respective waterways. Foreign organizations and foreign public entities are not eligible to apply as the primary applicant but can be involved as project partners. NOAA is strongly committed to broadening the participation of veterans, minority-serving institutions, and entities that work in underserved areas. The NOAA MDP encourages proposals from, or involving any of the above types of institutions. Applications that have been submitted to other NOAA grant programs or as part of another NOAA grant may be considered under this solicitation.

Agency Name: Department of Commerce

Description: The NOAA Marine Debris Program, authorized in the Marine Debris Act (33 U.S.C. 1951-1958), provides funding to prevent the introduction of marine debris into the marine and coastal environment. Projects awarded through this grant competition will actively engage and educate a target audience (such as students, teachers, state or local government, industries, or the public) in hands-on programs designed to raise awareness, reduce barriers to marine debris prevention (e.g., lack of access to waste receptacles or alternatives to single-use items), and encourage and support changes in behaviors to ensure long-term prevention of marine debris. Successful proposals through this solicitation will be funded through cooperative agreements. Funding of up to \$2,000,000 is expected to be available for Marine Debris Prevention grants in FY2020. Typical awards will range from \$50,000 - \$150,000. Funding for this purpose comes through the NOAA Marine Debris Program as appropriations to the Office of Response and Restoration, National Ocean Service.

This solicitation is focused on efforts to prevent marine debris from entering the environment through targeted education and outreach efforts, as well as activities that aim to change behaviors related to common marine debris issues. It is not intended for large-scale debris removal projects or scientific research.

FY20-21 CRCP International Coral Reef Conservation Grants and Cooperative Agreements

Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	NOAA-NOS-OCM-2020-2006143	Posted Date:	Jul 30, 2019
		Last Updated Date:	Jul 30, 2019
Funding Opportunity Title:	FY20-21 CRCP International Coral Reef Conservation Grants and Cooperative Agreements	Original Closing Date for Applications:	Jan 07, 2020
		Current Closing Date for Applications:	Jan 07, 2020
Opportunity Category:	Discretionary	Archive Date:	Feb 06, 2020
Opportunity Category Explanation:		Estimated Total Program Funding:	\$950,000
		Award Ceiling:	\$300,000
Funding Instrument Type:	Cooperative Agreement Grant	Award Floor:	\$75,000
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development		
Category Explanation:			
Expected Number of Awards:	8		
CFDA Number(s):	11.482 -- Coral Reef Conservation Program		
Cost Sharing or Matching Requirement:	Yes		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are institutions of higher education, non-profit organizations, non-U.S. government natural resource management agencies (including state, local, territorial, and tribal government entities), foreign public entities and foreign organizations, and for-profit organizations. An eligible organization may include proposed sub-recipients, contractors, or other collaborators, which may include governmental authorities, effectively forming a team.

Agency Name: Department of Commerce

Description: The NOAA Coral Reef Conservation Program (CRCP) provides matching grants and cooperative agreements for international coral reef conservation projects. CRCP solicits proposals that will support the NOAA Coral Reef Conservation Program Strategic Plan (Strategic Plan-2018) which uses a resilience-based management approach, focused on conservation that supports the ability of corals to withstand and recover from stress. All international tropical coral reef locations are eligible under this Federal Funding Opportunity with emphasis on the Wider Caribbean, South East Asia and South Pacific, and Micronesia. Funding for the Fiscal Year 2020 competition is subject to the availability of Congressional appropriations and is expected to be approximately \$800,000 to \$950,000. NOAA expects each applicant will request between \$75,000 and \$300,000 annually for an award with a project period up to two years. Funding after the first year generally depends on future Congressional appropriations, NOAA/CRCP priorities, and recipient performance in the first year(s) of the award.

FY20-21 Margaret A. Davidson Graduate Fellowships for the National Estuarine Research Reserve System

Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	NOAA-NOS-OCM-2020-2006074	Posted Date:	Jun 18, 2019
		Last Updated Date:	Jun 18, 2019

Funding Opportunity Title:	FY20-21 Margaret A. Davidson Graduate Fellowships for the National Estuarine Research Reserve System	Original Closing Date for Applications:	Dec 20, 2019
		Current Closing Date for Applications:	Dec 20, 2019
Opportunity Category:	Discretionary	Archive Date:	Jan 19, 2020
Opportunity Category Explanation:		Estimated Total Program Funding:	\$1,740,000
		Award Ceiling:	\$60,000
Funding Instrument Type:	Cooperative Agreement	Award Floor:	\$1
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development		
Category Explanation:			
Expected Number of Awards:	29		
CFDA Number(s):	11.420 -- Coastal Zone Management Estuarine Research Reserves		
Cost Sharing or Matching Requirement:	No		
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)		
Additional Information on Eligibility:	Typically awards will be made to the fellow's graduate institution through the use of a cooperative agreement. Funds are expected to be available on a competitive basis to qualified graduate students for research within a reserve(s) leading to a graduate degree. To be eligible, applicants must be citizens or permanent residents of U.S. states or territories, and admitted to or enrolled full-time in a master's or doctoral program at a U.S. accredited university. It is recommended that applicants should have completed a majority of their graduate coursework prior to the beginning of their fellowship in order to fully participate in the activities. Students in the final year of their graduate program are not advised to apply for this fellowship. Federal agencies and employees are not allowed to receive funds under this announcement but may serve as project partners. If federal agencies are collaborators, applicants are expected to provide details on the planned level of federal engagement in the application. Examples might include, but are not limited to participating in an advisory capacity or providing facilities for research. National Estuarine Research Reserve staff are ineligible to submit an application for a fellowship under this announcement.		

DOC/NOAA supports cultural and gender diversity and encourages women and minority individuals and groups to submit applications to this program. In addition, DOC/NOAA is strongly committed to broadening the participation of historically black colleges and universities, Hispanic serving institutions, tribal colleges and universities, and institutions that work in underserved areas. DOC/NOAA encourages applications involving any of the above institutions to apply. The lead applicant on any proposal will be responsible for ensuring that allocated funds are used for the purposes of, and in a manner consistent with this program, including any funds awarded to an eligible sub-awardee.

Agency Name: Department of Commerce

Description: The purpose of this notice is to solicit grant proposals for the National Estuarine Research Reserve System's Margaret A. Davidson Graduate Fellowship (Davidson Fellowship) from master's and doctoral students actively enrolled in a graduate program at an accredited university. The National Estuarine Research Reserve System is a program of the Office for Coastal Management which has an interest in balancing the needs of the natural environment and coastal economies and is responsible for implementing the Coastal Zone Management Act. The goals of the Davidson Fellowship are to build the next generation of leaders in estuarine science and coastal management by affording qualified graduate students the opportunity to conduct collaborative science within the National Estuarine Research Reserve System; partake in professional development opportunities; and receive mentoring to support professional growth. All Davidson Fellowship projects must be conducted in a research reserve and should be designed to contribute to one of the reserve's priority management areas, and thus enhance the scientific understanding of the natural or social science aspects of the research subject matter. One fellow will be selected for each of the 29 reserves for a two-year duration. Mentoring and professional development activities will be provided to build knowledge and skills needed to successfully contribute to the workforce responsible for the coast. These opportunities are also designed to create a strong network among the fellows during their tenure and into the early portion of their careers. Typically, awards will be made to the fellow's graduate institution through the use of a cooperative agreement. Funds are expected to be available on a competitive basis to qualified graduate students. To be eligible, applicants must be citizens or permanent residents of U.S. states or territories, and admitted to or enrolled full-time in a master's or doctoral program at a U.S. accredited university. Minority students are encouraged to apply. Additional information about the fellowship may be found at: <https://coast.noaa.gov/nerrs/research/davidson-fellowship.html>

Economic Development Administration

FY 2017 Economic Development Assistance Programs - Application submission and program requirements for EDA's Public Works and Economic Adjustment Assistance programs.

Synopsis 1

Document Type:	Grants Notice
Funding Opportunity Number:	EDAP-2017
Funding Opportunity Title:	FY 2017 Economic Development Assistance Programs Application submission and program requirements for EDA's Public Works and Economic Adjustment Assistance programs.
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Cooperative Agreement Grant
Category of Funding Activity:	Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)
Category Explanation:	The Economic Development Administration's (EDA's) mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for economic growth and success in the worldwide economy. EDA fulfills this mission through strategic investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. EDA supports development in economically distressed areas of the United States by fostering job creation and attracting private investment. Specifically, under the Economic Development Assistance programs (EDAP) Notice of Funding Availability (NOFA), EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance (EAA) Programs. Through this NOFA, EDA will also designate a portion of its EAA funding to support communities and regions that have been negatively impacted by changes in the coal economy (Assistance to Coal Communities, or ACC 2017). Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace. Through the EDAP NOFA, EDA solicits applications from rural and urban communities to develop initiatives that advance new ideas and creative approaches to address rapidly

evolving economic conditions.

Expected Number of Awards:

CFDA Number(s): 11.300 -- Investments for Public Works and Economic Development Facilities
11.307 -- Economic Adjustment Assistance

Cost Sharing or Matching Requirement: Yes

Version: Synopsis 1

Posted Date: Jun 19, 2017

Last Updated Date: Jun 19, 2017

Original Closing Date for Applications: There are no submission deadlines under this opportunity. Proposals and applications will be accepted on an ongoing basis until the publication of a new EDAP NOFA.

Current Closing Date for Applications: There are no submission deadlines under this opportunity. Proposals and applications will be accepted on an ongoing basis until the publication of a new EDAP NOFA.

Archive Date:

Estimated Total Program Funding:

Award Ceiling: \$3,000,000

Award Floor: \$100,000

Eligible Applicants: Native American tribal organizations (other than Federally recognized tribal governments)
Special district governments
Others (see text field entitled "Additional Information on Eligibility" for clarification)
Private institutions of higher education
County governments
Native American tribal governments (Federally recognized)
City or township governments
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
State governments
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Public and State controlled institutions of higher education

Additional Information on Eligibility: Eligible applicants for EDA financial assistance under the Public Works and EAA programs (including ACC 2017 funding) include a(n): (i) District Organization of a designated Economic Development District; (ii) Indian Tribe or a consortium of Indian Tribes; (iii) State,

county, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (iv) institution of higher education or a consortium of institutions of higher education; or (v) public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. See Section 3 of the Public Works and Economic Development Act of 1965 (PWEDA) (42 U.S.C. § 3122) and 13 C.F.R. § 300.3. EDA is not authorized to provide grants or cooperative agreements to individuals or to for profit entities. Requests from such entities will not be considered for funding. For ACC 2017 funding, projects must be located within and targeted to communities or regions that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either.

Agency Name:

Economic Development Administration

Description:

Under this NOFA, EDA solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and EAA programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities, including communities and regions that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either. EDA provides strategic investments on a competitive- merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States. This EDAP NOFA supersedes the EDAP Federal Funding Opportunity dated December 23, 2016.

Current Closing Date for Applications:	Applications are accepted on a continuing basis and processed as received. This Planning and Local Technical Assistance opportunity will remain in effect until superseded by a future announcement.
Archive Date:	
Estimated Total Program Funding:	
Award Ceiling:	\$300,000
Award Floor:	\$0
Eligible Applicants:	Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education City or township governments Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education Others (see text field entitled "Additional Information on Eligibility" for clarification) Private institutions of higher education Native American tribal governments (Federally recognized)

Public and State controlled institutions of higher education

State governments

Special district governments

County governments

Additional Information on Eligibility:

Pursuant to section 3 of the Public Works and Economic Development Act of 1965 (42 U.S.C. § 3122) (PWEDA) and EDA's regulation at 13 C.F.R. § 300.3, the following types of entities are eligible to receive funding assistance from EDA: 1. District Organizations (as defined in 13 C.F.R. § 300.3); 2. Indian Tribes or a consortium of Indian Tribes; 3. States, cities, or other political subdivisions of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; 4. Institutions of higher education or a consortium of institutions of higher education; or 5. Public or private non-profit organizations or associations acting in cooperation with officials of a political subdivision of a State.

Agency Name:

Department of Commerce

Description:

Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to build capacity and guide the economic prosperity and resiliency of an area or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. The Local Technical Assistance program strengthens the

capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

Eligible Applicants

State governments
County governments
City or township governments
Public and State controlled institutions of higher education
Native American tribal governments (Federally recognized)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Private institutions of higher education
Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

Pursuant to section 3 of the Public Works and Economic Development Act of 1965 (42 U.S.C. § 3122) (PWEDA) and EDA's regulation at 13 C.F.R. § 300.3, the following types of entities are eligible to receive funding assistance from EDA: 1. District Organizations (as defined in 13 C.F.R. § 300.3); 2. Indian Tribes or a consortium of Indian Tribes; 3. States, cities, or other political subdivisions of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; 4. Institutions of higher education or a consortium of institutions of higher education; or 5. Public or private non-profit organizations or associations acting in cooperation with officials of a political subdivision of a State.

Agency Name

Economic Development Administration

Description

Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to stimulate and guide the economic development efforts of a community or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA-designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support planning organizations, including District Organizations, Indian Tribes, and other eligible Recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of higher-skill, higher-wage jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

Document Type:	Grants Notice	Version:	Synopsis 2
Funding Opportunity Number:	2019-NIST-MSE-01	Posted Date:	Apr 26, 2019
Funding Opportunity Title:	Measurement Science and Engineering (MSE) Research Grant Programs	Last Updated Date:	Apr 30, 2019
Opportunity Category:	Discretionary	Original Closing Date for Applications:	Apr 30, 2020 2019-NIST-MSE-01 accepts applications on a rolling basis. The announcement remains active until a new announcement is issued.
Opportunity Category Explanation:		Current Closing Date for Applications:	Apr 30, 2020 2019-NIST-MSE-01 accepts applications on a rolling basis. The announcement remains active until a new announcement is issued.
Funding Instrument Type:	Cooperative Agreement Grant	Archive Date:	May 30, 2020
Category of Funding Activity:	Science and Technology and other Research and Development	Estimated Total Program Funding:	\$12,000,000
Category Explanation:		Award Ceiling:	\$12,000,000
Expected Number of Awards:	750	Award Floor:	\$0
CFDA Number(s):	11.609 -- Measurement and Engineering Research and Standards 11.619 -- Arrangements for Interdisciplinary Research Infrastructure 11.620 -- Science, Technology, Business and/or Education Outreach		
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligibility for all programs listed in this NOFO is open to all non-Federal entities. Eligible applicants include institutions of higher education, non-profit organizations, for-profit organizations, state and local governments, Indian tribes, hospitals, foreign public entities, and foreign governments. Please note that individuals and unincorporated sole proprietors are not considered "non-Federal entities" and are not eligible to apply under this NOFO.

Agency Name: National Institute of Standards and Technology

Description: NIST is soliciting applications for financial assistance for Fiscal Year 2019 (FY19) within the following NIST grant programs:

1. the Associate Director for Innovation and Industry Services (ADIIS);
2. the Associate Director for Laboratory Programs (ADLP);
3. the Communications Technology Laboratory (CTL);
4. the Engineering Laboratory (EL);
5. Fire Research (FR);
6. the Information Technology Laboratory (ITL);
7. the International and Academic Affairs Office (IAAO);
8. the Material Measurement Laboratory (MML);
9. the NIST Center for Neutron Research (NCNR);
10. the Physical Measurement Laboratory (PML);
11. the Special Programs Office (SPO); and
12. the Standards Coordination Office (SCO).

Detailed Program Descriptions, Funding Availability, and Evaluation Criteria for each respective subtopic can be found in the full announcement.

This funding opportunity will result in the award of grants or cooperative agreements. A grant or cooperative agreement is not the correct funding vehicle if the principal purpose is to provide products or services for the direct benefit or use of the federal government.

Cost Sharing or Matching Requirement:	No		
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)		
Additional Information on Eligibility:	See Section III of the solicitation for eligibility information.		
Agency Name:	Environmental Protection Agency		
Description:	The Environmental Justice Collaborative Problem-Solving (EJCPS) Cooperative Agreement Program provides funding to support community-based organizations in their efforts to		

collaborate and partner with local stakeholder groups (e.g., local businesses and industry, local government, medical service providers, and academia) as they develop and implement community-driven solutions that address environmental and/or public health issues for underserved communities. For purposes of this announcement, the term “underserved community” refers to a community with environmental justice concerns and/or vulnerable populations, including minority, low income, rural, tribal, indigenous, and homeless populations. Eligible projects must demonstrate use of the Environmental Justice Collaborative Problem-Solving Model to support their collaborative efforts during the project period. Applying organizations should have a direct connection to the underserved community impacted by the environmental harms and risks detailed in the workplan.

The long-term goals of the EJGPS Program are to help build the capacity of communities with environmental justice concerns and to create self-sustaining, community-based partnerships that will continue to improve local environments in the future.

Agency Name: Environmental Protection Agency

Description: This notice announces the availability of funds and solicits applications from eligible entities to compete for financial assistance through the Targeted Airshed Grant Program. This program will assist local, state, and/or tribal air pollution control agencies to develop plans and conduct projects to reduce air pollution in nonattainment areas that EPA determines are the top five most polluted areas relative to ozone (O3), annual average fine particulate matter (PM2.5), or 24-hour PM2.5 National Ambient Air Quality Standards (NAAQS). The overall goal of the Targeted Airshed Grant Program is to reduce air pollution in the nation's areas with the highest levels of ozone and PM2.5 ambient air concentrations.

Opportunity Category Explanation:		Current Closing Date for Applications:	Dec 10, 2019 Please see Section IV of the announcement for additional submission information.
Funding Instrument Type:	Grant	Archive Date:	Jan 09, 2020
Category of Funding Activity:	Environment	Estimated Total Program Funding:	\$6,000,000
Category Explanation:		Award Ceiling:	\$1,000,000
Expected Number of Awards:	6	Award Floor:	\$0
CFDA Number(s):	66.509 -- Science To Achieve Results (STAR) Research Program		
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Please see Section III of the announcement for additional eligibility information.

Agency Name: Environmental Protection Agency

Description: The U.S. Environmental Protection Agency (EPA), as part of its Science to Achieve Results (STAR) program, aims to promote scientific progress towards preventing and controlling harmful algal blooms (HABs) by seeking applications proposing research to: (1) determine the effectiveness of existing nutrient treatment technologies; (2) evaluate the

scale-up of emerging nutrient treatment technologies and develop new technologies; and (3) develop best management practices to help both rural and urban communities control nutrients in their watersheds.

Financed Solely by Prevention
and Public Health Funds
(PPHF)

**Cost Sharing
or Matching
Requirement:** No

Eligible Applicants:

- State governments
- County governments
- Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
- City or township governments
- Special district governments
- Public and State controlled institutions of higher education
- Public housing authorities/Indian housing authorities
- Native American tribal governments (Federally recognized)
- Private institutions of higher education
- Independent school districts
- Native American tribal organizations (other than Federally recognized tribal governments)

Additional Information on Eligibility: Foreign entities are not eligible to compete for, or receive, awards made under this announcement.

Agency Name: Administration for Community Living

Description: Funding Opportunity Goals: Goal 1: Through robust partnerships, develop a result-based, comprehensive strategy for reducing falls and falls risk among older adults and adults with disabilities living in your community. Goal 2: Significantly increase the number of older adults and adults with disabilities who participate in evidence-based falls prevention programs, while concurrently pursuing the sustainability of these programs beyond the end of the grant period.

Title V Competitive Sexual Risk Avoidance Education
Forecast 1

Document Type:	Grants Notice	Version:	Forecast 1
Opportunity Number:	HHS-2020-ACF-ACYF-TS-1821	Forecasted Date:	Oct 28, 2019
Opportunity Title:	Title V Competitive Sexual Risk Avoidance Education	Last Updated Date:	Oct 28, 2019
Opportunity Category:	Discretionary	Estimated Post Date:	Mar 02, 2020
Opportunity Category Explanation:		Estimated Application Due Date:	May 01, 2020 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.
Funding Instrument Type:	Grant	Estimated Award Date:	Sep 29, 2020
Category of Funding Activity:	Income Security and Social Services	Estimated Project Start Date:	Sep 30, 2020
Category Explanation:		Fiscal Year:	2020
Expected Number of Awards:	30	Archive Date:	
CFDA Number(s):	93.787 -- Title V Sexual Risk Avoidance Education Program (Discretionary Grants)	Estimated Total Program Funding:	\$6,000,000
		Award Ceiling:	\$450,000
		Award Floor:	\$13,500

Cost Sharing or Matching Requirement: No

Eligible Applicants:

County governments
Others (see text field entitled "Additional Information on Eligibility" for clarification)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Special district governments
Public and State controlled institutions of higher education
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Small businesses
Private institutions of higher education
Native American tribal governments (Federally recognized)
City or township governments
Public housing authorities/Indian housing authorities
Independent school districts
For profit organizations other than small businesses
Native American tribal organizations (other than Federally recognized tribal governments)

Additional Information on Eligibility:

Eligible applicants are limited to local organizations and entities or consortia, with the capacity to develop and implement Title V Competitive SRAE projects in states and territories that did not accept FY2020 allocations for Title V State SRAE. The estimated award amount is based upon FY2019 funding available for Title V Competitive SRAE awards and is subject to change. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name:

Administration for Children & Families - ACYF/FYSB

Description:

The Administration for Children and Families, Administration on Children, Youth and Families' Family and Youth Services Bureau announces the availability of funds under the Title V Competitive Sexual Risk Avoidance Education (CSRAE) Program. The purpose of Title V Competitive SRAE is to fund projects to implement education exclusively on sexual risk avoidance that teaches youth participants to voluntarily refrain from non-marital sexual activity. The goals of CSRAE are to empower participants to make healthy decisions, and provide tools and resources to prevent pregnancy, sexually transmitted infections (STIs), and youth engagement in other risky behaviors. Applicants are

expected to submit plans for the implementation of sexual risk avoidance education that normalizes the optimal health behavior of avoiding non-marital sexual activity, with a focus being on the future health, psychological wellbeing, and economic success of youth. Successful applicants must agree to use medically accurate information referenced to peer-reviewed publications by educational, scientific, governmental, or health organizations; implement an evidence-based approach integrating research findings with practical implementation that aligns with the needs and desired outcomes for the intended audience; and teach the benefits associated with self-regulation, success sequencing for poverty prevention, healthy relationships, goal setting, and resisting sexual coercion, dating violence, and other youth risk behaviors such as underage drinking or illicit drug use without normalizing teen sexual activity. The plans should address the social, psychological, and health gains to be realized by refraining from non-marital sexual activity and engaging in healthy relationships. The SRAE legislation requires unambiguous and primary emphasis and context for each of the topics to be addressed in program implementation. Additionally, there is a requirement that messages to youth normalize the optimal health behavior of avoiding non-marital sexual activity.

Opportunity Category:	Discretionary	Estimated Application Due Date:	May 19, 2020 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the

Opportunity Category Explanation:		listed application due date.
Funding Instrument Type:	Cooperative Agreement	Estimated Award Date: Sep 29, 2020
Category of Funding Activity:	Income Security and Social Services	Estimated Project Start Date: Sep 30, 2020
Category Explanation:		Fiscal Year: 2020
Expected Number of Awards:	24	Archive Date:
CFDA Number(s):	93.592 -- Family Violence Prevention and Services/Discretionary	Estimated Total Program Funding: \$8,250,000
Cost Sharing or Matching Requirement:	No	Award Ceiling: \$375,000
		Award Floor: \$300,000

Eligible Applicants: Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Native American tribal organizations (other than Federally recognized tribal governments)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: To be eligible, entities must meet the requirements of Section 312 of the Family Violence Prevention and Services Act as amended by Section 201 of the Child Abuse Prevention and Treatment Reauthorization Act of 2010, Pub. L. 111-320, which states "To be eligible to receive a grant under this section, an entity shall be a local agency, a nonprofit private organization (including faith-based and charitable organizations, community-based organizations, and voluntary associations), or a tribal organization, with a demonstrated record of serving victims of family violence, domestic violence, or dating violence and their children." Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding

under this announcement.

Agency Name: Administration for Children & Families - ACYF/FYSB

Description: The Family Violence Prevention and Services Discretionary Grants: Specialized Services for Abused Parents and Their Children (Demonstration Projects) will support up to 24 demonstration projects. Funded demonstration projects will focus on expanding their capacity (as family violence, domestic violence, and dating violence coalitions; local programs; tribal communities; and community-based programs) to prevent future domestic violence by addressing, in an appropriate manner, the needs of children exposed to family violence, domestic violence, or dating violence. All grantees will provide trauma-informed, developmentally appropriate and age-appropriate services, and culturally relevant and linguistically accessible services, to the victims and children relevant to the unique needs of children exposed to family violence, domestic violence, or dating violence, and potentially with co-occurring impacts of child abuse and neglect. All grantees will provide services for nonabusing parents to support those parents' roles as caregivers and their roles in responding to the social, emotional, and developmental needs of their children; and where appropriate, grantees will provide services while working with a nonabusing parent and child together.

Funding Instrument Type:	Grant		11:59 p.m., ET, on the listed application due date.
Category of Funding Activity:	Income Security and Social Services	Estimated Award Date:	Sep 29, 2020
Category Explanation:		Estimated Project Start Date:	Sep 30, 2020
Expected Number of Awards:	17	Fiscal Year:	2020
CFDA Number(s):	93.570 -- Community Services Block Grant Discretionary Awards	Archive Date:	
Cost Sharing or Matching Requirement:	No	Estimated Total Program Funding:	\$13,600,000
		Award Ceiling:	\$800,000
		Award Floor:	\$100,000

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: To be eligible for the CED program, an applicant must meet three conditions: 1. Applicant must be a private, non-profit CDC with 501(c)(3) status; 2. Applicant must have articles of incorporation or bylaws demonstrating that the CDC has, as a principal purpose, the planning, developing, or managing of low-income housing or community economic development activities; and 3. The Board of Directors must have representation from each of the following: community residents, business leaders, and civic leaders. Note: The CDC designation does not need to be specified on any official documents as long as the three requirements stated above are met. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children and Families - OCS

Description: The Administration for Children and Families (ACF), Office of Community Services (OCS) will award approximately \$13.6 million in Community Economic Development (CED) discretionary grant funds to Community Development Corporations (CDC) for well-planned, financially viable, and innovative projects to enhance job creation and business development for individuals with low-income. CED grants will be made as part of a broader strategy to address objectives such as decreasing dependency on federal programs, chronic unemployment, and community deterioration in urban and rural areas. CED projects are expected to actively recruit individuals with low-income to fill the positions created by CED-funded development activities, to assist those individuals to successfully hold those jobs and to ensure that the businesses and jobs created remain viable for at least one year after the end of the grant period. CED-funded projects can be non-construction or construction projects, however, short-term construction

jobs associated with preparing for business startup or expansion are not counted when determining the number of jobs created under the CED program as they are designed to be temporary in nature. OCS is encouraging applications from CDCs to target rural areas and underserved areas in States without current projects. Furthermore, OCS is encouraging projects that align with Opportunity Zones, Rural Communities with high rates of poverty, unemployment, and substance abuse and rural communities with persistent poverty as identified by USDA's Economic Research Service.

Opportunity Category Explanation:		Estimated Application Due Date:	May 27, 2020 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.
Funding Instrument Type:	Cooperative Agreement	Estimated Award Date:	Sep 29, 2020
Category of Funding Activity:	Income Security and Social Services	Estimated Project Start Date:	Sep 30, 2020
Category Explanation:		Fiscal Year:	2020
Expected Number of Awards:	6	Archive Date:	
CFDA Number(s):	93.327 -- Demonstration Grants for Domestic Victims of Human Trafficking	Estimated Total Program Funding:	\$1,500,000
		Award Ceiling:	\$250,000
		Award Floor:	\$150,000

Cost Sharing or Matching Requirement: Yes

Eligible Applicants: Native American tribal organizations (other than Federally recognized tribal governments)
State governments
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Native American tribal governments (Federally recognized)
County governments
City or township governments

Additional Information on Eligibility: Eligible entities according to 22 U.S.C. §7105(f)(3)(A) are states, tribes, units of local government, and nonprofit, non-governmental victim service organizations. Victim service organizations include those who by nature of their current operations serve victims of sexual assault, sexual violence, domestic violence, human trafficking, and youth homelessness. Victim service organizations may also include faith-based organizations that are addressing human trafficking in their services. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children and Families-IOAS-OTIP

Description: The Office on Trafficking in Persons (OTIP) within the Administration for Children and Families is announcing funds for the Domestic Victims of Human Trafficking Services and Outreach (DVHT- SO) Program. The goal of the DVHT-SO Program is to fund organizations that will build, expand, and sustain organizational and local capacity to deliver services to domestic victims of severe forms of human trafficking as defined by the Trafficking Victims Protection Act of 2000 through the provision of direct services, assistance, and referrals. Under the DVHT-SO Program, the following activities are required: 1) outreach efforts to increase identification of victims of sex and labor trafficking; 2) training to service providers and community partners; and 3) provision of comprehensive case management to domestic victims of human trafficking and their immediate family members. The DVHT-SO Program is informed by a whole-family approach that focuses equally and intentionally on services and opportunities for victims and their immediate family members living within their households. OTIP is encouraging the establishment of community partnerships, meaningful engagement of survivors, and the hiring of qualified professionals that reflect the communities being served in all project implementation strategies under the DVHT-SO Program. Under DVHT-SO there is a 12-month project implementation period to facilitate the development of a sustainability plan, onboarding new staff, and developing victim service protocols. Under the DVHT-SO Program, there is a statutorily mandated 25% match (cash or in-kind) requirement.

Administration for Children and Families - ORR
Ethnic Community Self Help Program
Forecast 1

Document Type:	Grants Notice	Version:	Forecast 1
Opportunity Number:	HHS-2020-ACF-ORR-RE-1806	Forecasted Date:	Oct 18, 2019
Opportunity Title:	Ethnic Community Self Help Program	Last Updated Date:	Oct 18, 2019
Opportunity Category:	Discretionary	Estimated Post Date:	Mar 02, 2020
Opportunity Category Explanation:		Estimated Application Due Date:	May 01, 2020 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.
Funding Instrument Type:	Grant	Estimated Award Date:	Sep 29, 2020
Category of Funding Activity:	Income Security and Social Services	Estimated Project Start Date:	Sep 30, 2020
Category Explanation:		Fiscal Year:	2020
Expected Number of Awards:	10	Archive Date:	
CFDA Number(s):	93.576 -- Refugee and Entrant Assistance Discretionary Grants	Estimated Total Program Funding:	\$2,000,000
Cost Sharing or Matching Requirement:	No	Award Ceiling:	\$200,000
		Award Floor:	\$100,000

Eligible Applicants:

- Independent school districts
- Public housing authorities/Indian housing authorities
- Public and State controlled institutions of higher education
- Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
- City or township governments
- Native American tribal governments (Federally recognized)
- Others (see text field entitled "Additional Information on Eligibility" for clarification)

Private institutions of higher education
Special district governments
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
State governments
Native American tribal organizations (other than Federally recognized tribal governments)
County governments

Additional Information on Eligibility: Public and private nonprofit agencies are eligible for assistance under this program. Applicants who respond to this Funding Opportunity Announcement (FOA) are required to submit written evidence identifying the current and/or former refugees who comprise at least 60 percent of the organization's board of directors. Lack of the required documentation will disqualify the application from review and from award. ECSH Program grantees that were awarded in FY 2019 are eligible to apply under this FOA, but must propose completely distinct and separate services from those being conducted under the FY 2019 FOA, and/or must propose servicing a distinctively different geographic location from their existing location. Services must not be in addition to any current services conducted under the original ECSH grant; they must be for new services only. The proposed geographic location and proposed services must be served throughout the project period. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children and Families - ORR

Description: The Administration for Children and Families, Office of Refugee Resettlement announces funding under the Ethnic Community Self-Help (ECSH) Program. The goal of this program is to support Ethnic Community-Based Organizations (ECBOs) in providing refugee populations with critical services to assist them in becoming integrated members of American society. Under the ECSH Program, the following three main objectives must be implemented: 1) to strengthen ECBOs' provision of culturally and linguistically appropriate services to refugees within five years after their initial resettlement; 2) to support ECBOs' organizational development and engagement in capacity building by encouraging their collaboration with established refugee service providers and mainstream organizations; and 3) to support ECBOs in promoting community building and civic participation by refugee individuals and refugee community members.

- For profit organizations other than small businesses

Public and State controlled institutions of higher education
Public housing authorities/Indian housing authorities

Additional Information on Eligibility: Care providers are required to provide documentation of state or county authorization to operate a secure juvenile detention facility. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children and Families - ORR

Description: The Office of Refugee Resettlement/Division of Unaccompanied Children Operations (ORR/DUCO), within the Administration for Children and Families, provides temporary shelter care and other child welfare-related services to Unaccompanied Alien Children (UAC) in ORR custody. Residential care services begin once ORR accepts a UAC for placement and ends when the minor is released from ORR custody, turns 18 years of age, or the minor's immigration case results in a final disposition of removal from the United States. Residential care and other child welfare-related services are provided by State-licensed residential care programs in the least restrictive setting appropriate for the UAC's age and special needs. ORR is announcing this FOA to seek secure care providers. Residential care providers, operating a secure facility, are required to be licensed in the State in which it is located to provide secure care. The secure care provider manages a specialized population of UAC who have exhibited the following behaviors: violent or criminal behavior that endangers others; serious escape history/risk; extremely disruptive/dangerous behavior in a shelter; and/or disruptive/dangerous behavior in a staff-secure setting. All entities, funded under this FOA, must also comply with the Flores Settlement Agreement, the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), pertinent regulations, laws, and ORR policies, instructions, and procedures. ORR encourages applicants to review ORR's policies, instructions, and procedures at:
<http://www.acf.hhs.gov/programs/orr/resource/children-entering-the-united-states-unaccompanied> as these will be critical to the overall program design.

Additional Information on Eligibility: Care providers are required to be licensed by a State licensing agency to provide residential treatment centers, psychiatric treatment facilities and/or therapeutic residential services for

children. Care providers, providing residential treatment or psychiatric treatment facilities, are required to be accredited by JCAHO or an equivalent accreditation agency in order to ensure child welfare best practices and nationally recognized child welfare standards are incorporated into daily programming. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name:

Administration for Children and Families - ORR

Description:

The Office of Refugee Resettlement/Division of Unaccompanied Children Operations (ORR/DUCO), within the Administration for Children and Families, provides temporary shelter care and other child care services to unaccompanied alien children (UAC) in ORR custody. Residential care services begin once ORR accepts a UAC for placement and ends when the minor is released from ORR custody. Residential care and other child care services are provided by State-licensed residential care programs in the least restrictive setting appropriate for the UAC's age and special needs. ORR is announcing this funding opportunity announcement (FOA) for therapeutic residential care providers including but not limited to: psychiatric treatment facilities; therapeutic shelter /group home services specializing in the care of children with conduct and behavioral issues. Residential care providers operating therapeutic residential facilities are required to be licensed as a therapeutic treatment facility in the State in which they are located and are required to also be accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) or an equivalent accreditation agency, if providing psychiatric treatment services. Therapeutic residential facilities are required to provide services in a highly structured clinical program and have the ability to provide services to UAC with various mental health needs. All entities, funded under this FOA, must also comply with the Flores Settlement Agreement, the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), pertinent regulations, laws, and ORR policies, instructions, and procedures. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under

this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children & Families - ACYF/FYSB

Description: The Runaway and Homeless Youth Program's Basic Center Program (BCP) provides temporary shelter and counseling services to youth who have left home without permission of their parents or guardians, have been forced to leave home, or other homeless youth who might otherwise end up in the law enforcement or in the child welfare, mental health, or juvenile justice systems. BCPs work to establish or strengthen community-based programs that meet the immediate needs of runaway and homeless youth and their families. BCPs provide youth under 18 years of age with emergency shelter, food, clothing, counseling and referrals for health care. BCPs can provide up to 21 days of shelter for youth and seeks to reunite young people with their families, whenever possible, or to locate appropriate alternative placements. Additional services may include: street-based services; home-based services for families with youth at risk of separation from the family; drug abuse education and prevention services; and at the request of runaway and homeless youth, testing for sexually transmitted diseases.

Agency Name: Administration for Children and Families - ORR

Description: The Office of Refugee Resettlement/Division of Unaccompanied Children Operations (ORR/DUCO), within the Administration for Children and Families, is announcing the availability of funds for the Home Study (HS) and Post Release Services (PRS) for Unaccompanied Alien Children (UAC). The HS/PRS for UAC Program conducts home studies for certain UAC, prior to their release from ORR custody, and provides post release services for UAC after they are released in accordance with the requirements of the William Wilberforce Trafficking Victims Protection Reauthorization Act (TVPRA) of 2008. Under this Program, both HS and PRS services must be provided nationwide. To safely release UAC to sponsors, living in the United States, certain categories of UAC, who are at

risk or display special needs, are referred for home studies. Home studies are also conducted for any case in which a sponsor presents a safety risk to the UAC. In order to promote the safety and well-being of UAC, after their release to a sponsor in the U.S., certain categories of children, who display special needs, are referred for post-release services. Post release services are required for all UAC who receive a home study. For cases, where there is no safety risk in releasing a UAC to a sponsor but additional assistance is required to connect the UAC and sponsor to needed resources upon discharge from ORR custody, the case may be referred for post-release only services (i.e., no home study is required). All entities funded under this Funding Opportunity Announcement must comply with ORR/DUCO HS and PRS' policies and procedures, the Flores Settlement Agreement, the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), and pertinent regulations and laws. ORR encourages applicants to review ORR/DCS' policies at: <http://www.acf.hhs.gov/programs/orr/resource/children-entering-the-united-states-unaccompanied>.

Administration for Children and Families - ORR
Standing Announcement for Residential (Long Term Foster Care) Services for Unaccompanied Alien Children
Forecast 1

Document Type:	Grants Notice	Version:	Forecast 1
Opportunity Number:	HHS-2020-ACF-ORR-ZU-1787	Forecasted Date:	Oct 08, 2019
Opportunity Title:	Standing Announcement for Residential (Long Term Foster Care) Services for Unaccompanied Alien Children	Last Updated Date:	Oct 08, 2019
		Estimated Post Date:	Feb 12, 2020
Opportunity Category:	Discretionary	Estimated Application Due Date:	Apr 12, 2020 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.
Opportunity Category Explanation:		Estimated Award Date:	Jul 01, 2020
Funding Instrument Type:	Cooperative Agreement	Estimated Project Start Date:	Jul 01, 2020
Category of Funding Activity:	Income Security and Social Services	Fiscal Year:	2020

Category Explanation:		Archive Date:
Expected Number of Awards:	25	Estimated Total Program Funding: \$50,000,000 Award Ceiling: \$10,000,000 Award Floor: \$500,000
CFDA Number(s):	93.676 -- Unaccompanied Alien Children Program	
Cost Sharing or Matching Requirement:	No	
Eligible Applicants:	State governments Small businesses Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility" Independent school districts City or township governments Private institutions of higher education Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education Public housing authorities/Indian housing authorities Native American tribal governments (Federally recognized) Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education Public and State controlled institutions of higher education For profit organizations other than small businesses County governments Native American tribal organizations (other than Federally recognized tribal governments) Special district governments	
Additional Information on Eligibility:	Care providers are required to be licensed or license eligible (temporary, provisional, or an equivalent license) with license being issued, by a state licensing agency, within 90 days of award to provide residential, group, or foster care services for dependent children. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.	
Agency Name:	Administration for Children and Families - ORR	
Description:	The Office of Refugee Resettlement/Division of Unaccompanied Children's Operation(ORR/DUCO), within the Administration for Children and Families (ACF), provides temporary shelter care and other child welfare-related services to unaccompanied alien children (UAC) in ORR custody. Residential care services begin once ORR accepts a UAC for placement and ends when the UAC is released from ORR custody, turns 18 years of age or the UAC's immigration case results in a final disposition of removal from the United States. Residential care and other child welfare-related services are provided by state-licensed residential care programs in the	

least restrictive setting appropriate for the UAC's age and needs. ORR is announcing this funding opportunity announcement (FOA) to seek long-term foster care providers. Long term foster care providers are required to be licensed in the state in which they are located to provide foster care services and are required to meet the needs of UAC by providing quality care in a community setting. UAC who may qualify for placement in long-term foster care include UAC between the ages of 0-17 years of age, sibling groups, pregnant/parenting teens and/or UAC who are especially vulnerable or with other needs. All entities, funded under this FOA, must also comply with the Flores v. Reno, Case No. CV 85-4544RJK (C.D. Cal. 1996) (the Flores settlement agreement), the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), pertinent regulations, laws, and ORR policies, instructions, and procedures. ORR encourages applicants to review ORR's policies, instructions, and procedures <http://www.acf.hhs.gov/programs/orr/resource/children-entering-the-united-states-unaccompanied> as these will be critical to the overall program design.

CFDA Number(s):	93.557 -- Education and Prevention Grants to Reduce	Estimated Total Program Funding:	\$2,400,000

Sexual Abuse of Runaway,
Homeless and Street Youth

Award Ceiling: \$150,000

Award Floor: \$90,000

**Cost Sharing or
Matching
Requirement:**

Yes

Eligible Applicants:

Others (see text field entitled "Additional Information on Eligibility" for clarification)
Independent school districts
Native American tribal governments (Federally recognized)
Special district governments
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
City or township governments
County governments
Public housing authorities/Indian housing authorities
State governments
Private institutions of higher education
Public and State controlled institutions of higher education
Native American tribal organizations (other than Federally recognized tribal governments)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Additional Information on Eligibility:

Eligible applicants include public and non-profit private agencies and coordinated networks of such entities. For-profit organizations are not eligible. Private institutions of higher education must be non-profit entities. In selecting eligible applicants to receive grants under this funding opportunity announcement, priority will be given to public and nonprofit private agencies that have experience in providing services to runaway, homeless, and street youth. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name:

Administration for Children & Families - ACYF/FYSB

Description:

The Runaway and Homeless Youth (RHY) Program's Street Outreach Program (SOP) provides street-based services to runaway, homeless, and street youth who have been subjected to or are at risk of being subjected to sexual abuse, prostitution, sexual exploitation, and severe forms of human trafficking in persons. These services, targeted in areas where street youth congregate, are designed to assist such youth in making healthy choices and providing them access to shelter as well as basic needs, including food, hygiene packages and information on a range of available services.

Funding Instrument Type:	Grant	Estimated Award Date:	Sep 29, 2020
Category of Funding Activity:	Income Security and Social Services	Estimated Project Start Date:	Sep 30, 2020
Category Explanation:		Fiscal Year:	2020
Expected Number of Awards:	8	Archive Date:	
CFDA Number(s):	93.570 -- Community Services Block Grant Discretionary Awards	Estimated Total Program Funding:	\$8,500,000
Cost Sharing or Matching Requirement:	No	Award Ceiling:	\$1,195,000
		Award Floor:	\$365,000

Eligible Applicants: Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Others (see text field entitled "Additional Information on Eligibility" for clarification)
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education

Additional Information on Eligibility: Eligible organizations include multistate, regional, private, nonprofit organizations with the ability to enable organizations to provide training and technical assistance to small, rural communities concerning meeting their community facility needs. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children and Families - OCS

Description: The Administration for Children and Families (ACF), Office of Community Services announces that it will award approximately \$8.5 million in the Rural Community Development (RCD) discretionary grant funds. RCD funds will be used to provide training and technical assistance to: Increase access for low-income families to water supply and waste disposal services, preserve affordable water and waste disposal services in low-income rural communities, increase local capacity and expertise to establish and maintain needed community facilities, increase economic opportunities for low-income rural communities by ensuring they have basic water and sanitation, utilize technical assistance to leverage additional public and private resources, and promote improved coordination of Federal, state, and local agencies and financing programs to benefit low-income communities.

Category of Funding Activity:	Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)	Estimated Total Program Funding:	\$250,000,000
Category Explanation:	The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, (42 U.S.C. 5133), Section 203 authorizes FEMA to make grants for the purpose of implementing a sustained pre-disaster natural hazard mitigation program to reduce overall risk to the population and structures from future hazard events, while also reducing reliance on Federal funding from future disasters.	Award Ceiling:	\$37,500,000
Expected Number of Awards:	400	Award Floor:	\$0
CFDA Number(s):	97.047 -- Pre-Disaster Mitigation		

**Cost Sharing
or Matching
Requirement:** Yes

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)
Native American tribal governments (Federally recognized)
State governments

Additional Information on Eligibility: District of Columbia; U.S. Territories. Local governments must apply through their state.

Agency Name: Department of Homeland Security - FEMA

Description: The Pre-Disaster Mitigation (PDM) program makes available Federal funds to State, Local and Tribal Governments to implement and sustain cost-effective measures designed to reduce the risk to individuals and property from natural hazards, while also reducing reliance on Federal funding from future disasters.
FEMA will provide allocations of \$575,000 as required by the Stafford Act to states and territories; and a tribal set aside of \$20 million for allocations up to \$575,000 for Native American Indian tribal governments to support overall mitigation planning and projects. The remaining PDM funds will be awarded on a competitive basis with a focus on multi-state/tribal mitigation initiatives.
Applicants must submit applications via the Mitigation eGrants system on the FEMA Grants Portal: <https://portal.fema.gov>. Applicants may submit a maximum of 9 project sub-applications notwithstanding any project(s) submitted for the state/territory allocation or tribal set aside. In addition, any state or tribe willing to serve as the applicant for a multi-state or tribal activity may submit one additional plan or project subapplication.

Requirement:

Eligibility

Eligible Applicants:

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

a. Only PHAs that have an existing Annual Contributions Contract (ACC) with HUD for HCVs are eligible to apply for funding under this announcement. b. Eligible PHAs must have demonstrated a commitment to administer FUP, which shall be verified by an executed Memorandum of Understanding (MOU) between the PHA, PCWA, and CoC, and in accordance with this NOFA. c. HUD will only consider funding one application per PHA. This one application limit applies regardless of whether the PHA is a State or regional PHA. In instances where a PHA has more than one PHA code number due to its operating under the jurisdiction of more than one HUD Field Office, a separate application, under each code, shall be considered for funding with the cumulative total of vouchers applied for under the applications not to exceed the maximum number of vouchers the PHA is eligible to apply for under this NOFA (i.e., no more than the number of vouchers the same PHA would be eligible to apply for it had only one PHA code number). d. A contract administrator that does not have an ACC with HUD for HCVs, but constitutes a PHA under 24 CFR 982.4 by reason of its administering HCVs on behalf of another PHA, is not eligible to submit an application under this NOFA. Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Additional Information

Agency Name:

Department of Housing and Urban Development

Description:

1. Purpose and Summary. a. Overview. The Family Unification Program (FUP) is a program under which housing assistance is provided under the Housing Choice Voucher (HCV) program in partnership with Public Child Welfare Agencies (PCWAs) to two groups: Families for whom the lack of adequate housing is a primary factor in the imminent placement of the family's child, or children, in out-of-home care; or the delay in the discharge of the child, or children, to the family from out-of-home care; and Youth at least 18 years and not more than 24 years of age (have not reached their 25th birthday) who left foster care, or will leave foster care within 90 days, in accordance with a transition plan described in Section 475(5)(H) of the Social Security Act, and are homeless or are at risk of becoming homeless at age 16 or older. As required by statute, a FUP voucher issued to such a youth may only be used to provide housing assistance for the youth for a maximum of 36 months. b. Policy Priorities. This NOFA adopts the following policy priorities: 1. Increase coordination between the PHA, PCWA,

and CoC. 2. Community leveraging of data to strategically allocate and use resources. 3. Strengthen connections to the HUD Family Self-Sufficiency (FSS) Program or similar programs promoting self-sufficiency. 4. Increase access to supportive services. 5. Community accountability through the creation of goals and standards of success. 2. Changes from Previous NOFA. This Section highlights only the major changes from the previous FUP NOFA. Applicants should read this entire NOFA carefully to ensure that all threshold and eligibility requirements are met (otherwise the applicant will be ineligible for funding), and that the program requirements listed in this NOFA are followed. a. Maximum Award. This NOFA revises the maximum number of vouchers that may be awarded by PHA voucher size. b. Definitions. This NOFA defines additional terms. c. Statement of Need. This NOFA provides for the streamlining of the Statement of Need. d. Rating Factor. This NOFA introduces a Rating Factor Certification.

Opportunity Category:	Discretionary	Original Closing Date for Applications:	Feb 10, 2020 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.
Opportunity Category Explanation:		Current Closing Date for Applications:	Feb 10, 2020 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.
Funding Instrument Type:	Cooperative Agreement	Archive Date:	Mar 11, 2020
Category of Funding Activity:	Housing	Estimated Total Program Funding:	\$37,000,000

Category	Award Ceiling:	\$7,000,000
Explanation:	Award Floor:	\$1

Expected Number of Awards:	8
-----------------------------------	---

CFDA Number(s):	14.326 -- Project Rental Assistance Demonstration (PRA Demo) Program of Section 811 Supportive Housing for Persons with Disabilities
------------------------	--

Cost Sharing or Matching Requirement:	No
--	----

Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
-----------------------------	--

Additional Information on Eligibility:	<p>1. Eligibility. Any housing agency currently allocating LIHTC under Section 42 of the Internal Revenue Service Code of 1986 (IRC), any applicable participating jurisdiction allocating and overseeing assistance under the HOME Investment Partnerships Act (HOME), and/or a similar federal or state program are eligible to apply. An Eligible Applicant may also be a state, regional, or local housing agency or agencies; or a partnership or collaboration of state and local/regional housing agencies. To be eligible, the applicant must have an Inter-agency Partnership Agreement with the State Health and Human Services/Medicaid agencies (See Section III below for further information). Note: Only one Eligible Applicant per state may receive funding. In the event there are more than one Eligible Applicant, each state must determine which Eligible Applicant is the most appropriate. The State Health and Human Services/Medicaid agency can only be included in one application for Section 811 PRA funds per state. If the State Health and Human Services/Medicaid Agency is included in multiple applications from one state, none will be considered. Since this is a state program, HUD will be rating individual state applications. The State Health and Human Services/Medicaid agency will need to decide which Eligible Applicant, in the event there may be more than one, to partner with for this application submission. Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.</p>
---	--

Agency Name:	Department of Housing and Urban Development
---------------------	---

Description:	<p>This Section 811 Project Rental Assistance (PRA) Program seeks to identify, stimulate, and support sustainable state approaches that will transform the provision of housing for persons with disabilities while providing access to appropriate supports and services. This NOFA will provide project-based rental assistance funding to housing agencies. These funds are available to be used as project-based rental assistance for housing units integrated within multifamily properties that are set-aside for extremely low-income persons with disabilities who are eligible for community-based long-term care services and supports provided under a</p>
---------------------	--

State Medicaid Program or other comparable long-term services program. Awards also allow limited use for administrative costs. Any other use of funds is prohibited. This Section 811 PRA program will support successful and promising state partnership models that have been developed to increase the number of permanent housing units for persons with disabilities with access to appropriate services. NOTE: This is not a voucher program. This NOFA allows states to creatively combine or bundle Section 811 PRA funds with existing state administered affordable rental housing finance and development programs. Housing agencies may either directly administer this project rental assistance to supported properties or in instances where there is limited experience, housing agencies are encouraged to partner/contract with other qualified parties to administer the long-term project rental assistance contracts. A major threshold requirement of the program is that the state housing agency must have a focused partnership with the State Health and Human Service/Medicaid Agencies that will be responsible for ensuring that residents have access to the services and supports necessary to live in the community.

Opportunity Category Explanation:		Current Closing Date for Applications:	Feb 10, 2020 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.
Funding Instrument Type:	Grant	Archive Date:	Mar 11, 2020
Category of Funding Activity:	Housing	Estimated Total	\$75,000,000

Category Explanation:		Program Funding:	
Expected Number of Awards:	30	Award Ceiling:	\$2,500,000
CFDA Number(s):	14.181 -- Supportive Housing for Persons with Disabilities	Award Floor:	\$1
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are Sponsors or Co-Sponsors that are nonprofit organizations with a section 501(c)(3) tax exemption from the Internal Revenue Service, other than institutions of higher education, and who meet the threshold requirements contained in Section III below. Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Agency Name: Department of Housing and Urban Development

Description: The Section 811 Supportive Housing for Persons with Disabilities Program aims to expand the supply of integrated affordable housing by providing Capital Advance funding for the development of permanent supportive rental housing for very-low-income persons age 18 years or older. In addition to support for construction, Capital Advance awards provide operating subsidies in the form of a Project Rental Assistance Contract ("PRAC") to maintain ongoing affordability over the next forty years. These much-needed units provide persons with disabilities the opportunity to live as independently as possible within the community in an integrated environment that provides access to appropriate and voluntary supportive services. The Department of Housing and Urban Development ("HUD") seeks to fund innovative Section 811 permanent supportive housing models that will be at the forefront of design, service delivery and efficient use of federal resources To achieve this outcome, HUD expects successful Sponsors to demonstrate best practices or innovation in both physical design and supportive services. Proposals must promote the long-term housing sustainability and facilitate community integration for persons with disabilities. HUD aims to provide Capital Advance funding to those applicants who leverage Capital Advance funds with other financing sources to meet the goal of development of permanent supportive housing. Sponsors/Owners are encouraged to establish formal partnerships with multiple health and human service agencies or organizations with a demonstrated capacity to coordinate voluntary services and supports to enable individuals to live independently in the community. These partnerships should assist the Owners by providing referrals, assisting with a timely transition to a unit, and providing the

opportunity to access any supportive services and supports. Demonstrated capacity may refer to previous experience and a well-developed plan to provide referrals, services, and supports.

Authority To Accept Unsolicited Proposals for Research Partnerships Notice

Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	FR-6300-N-USP	Posted Date:	May 21, 2019
Funding Opportunity Title:	Authority To Accept Unsolicited Proposals for Research Partnerships Notice	Last Updated Date:	May 21, 2019
Opportunity Category:	Discretionary	Original Closing Date for Applications:	Dec 31, 2020 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.
Opportunity Category Explanation:		Current Closing Date for Applications:	Dec 31, 2020 Electronically submitted applications must be submitted no later than 11:59 p.m., ET, on the listed application due date.
Funding Instrument Type:	Cooperative Agreement	Archive Date:	Jan 30, 2021
Category of Funding Activity:	Science and Technology and other Research and Development	Estimated Total Program Funding:	\$2,000,000
Category Explanation:		Award Ceiling:	\$0
Expected Number of Awards:	6	Award Floor:	\$0
CFDA Number(s):	14.506 -- General Research and Technology Activity		

**Cost Sharing or
Matching
Requirement:**

Yes

Eligible Applicants:

Native American tribal governments (Federally recognized)
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
For profit organizations other than small businesses
Public and State controlled institutions of higher education
County governments
Private institutions of higher education
City or township governments
State governments

Additional Information on Eligibility:

Eligible applicants under this Notice include academic institutions, philanthropic entities, States, federally recognized tribes, and units of local government, and not-for-profit and for-profit institutions located in the United States. Financial proposals may not include a line for profit because successful applicants may not earn profit under their financial arrangements with HUD. Individuals are not eligible. Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Agency Name:

Department of Housing and Urban Development

Description:

This notice announces that HUD's Office of Policy Development and Research (PD&R) has the authority to accept unsolicited research proposals that address current research priorities. In accordance with statutory requirements, the research proposals must be submitted by eligible applicants and provide cost sharing for at least 50 percent of total project cost from philanthropic entities or Federal, state or local government agencies. This notice announces that HUD is accepting research proposals and provides a general description of information that should be included in any research proposal. The Department is interested in increasing participation of Minority Serving Institutions of higher education and Historically Black Colleges and Universities in all program areas. Therefore, HUD encourages eligible entities that are not themselves MSIs or HBCUs to develop partnerships with MSIs and HBCUs.

Opportunity Category:	Discretionary	Original Closing Date for Applications:	Contact local FHP to determine submittal deadline.
Opportunity Category Explanation:		Current Closing Date for Applications:	Contact local FHP to determine submittal deadline.
Funding Instrument Type:	Cooperative Agreement Grant	Archive Date:	Sep 30, 2020
Category of Funding Activity:	Natural Resources	Estimated Total Program Funding:	\$4,000,000
Category Explanation:		Award Ceiling:	\$900,000
Expected Number of Awards:	80	Award Floor:	\$1,000
CFDA Number(s):	15.608 -- Fish and Wildlife Management Assistance		
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

Additional Information on Eligibility: Applications are accepted on a rolling basis.

Agency Name: Fish and Wildlife Service

Description: The Fish and Wildlife Management Assistance Program provides technical and financial assistance to other federal agencies, states, local governments, Native American tribes, non-governmental organizations, citizen groups, and landowners for the conservation and management of fish and wildlife resources. This includes minimizing the establishment, spread, and impact of aquatic invasive species. Specifically, aquatic habitat conservation projects under this program must protect, restore, and enhance fish and aquatic habitats, as outlined in the National Fish Habitat Action Plan (Action Plan). Likewise, projects under this program, directly or indirectly, support and promote public access to recreational fishing opportunities and the sustainable use of other natural resources. Funded projects may be carried out by Fish Habitat Partnerships (FHPs) recognized by the National Fish Habitat Board (Board) or the partners of Board recognized FHPs. More information about the FHPs and their partners can be found online at www.fishhabitat.org.

U. S. Geological Survey
FY2020 National Ground-Water Monitoring Network
Synopsis 2

Document Type:	Grants Notice	Version:	Synopsis 2
Funding Opportunity Number:	G20AS00009	Posted Date:	Sep 30, 2019
Funding Opportunity Title:	FY2020 National Ground-Water Monitoring Network	Last Updated Date:	Sep 30, 2019
Opportunity Category:	Discretionary	Original Closing Date for Applications:	Jan 17, 2020
Opportunity Category Explanation:		Current Closing Date for Applications:	Jan 17, 2020
Funding Instrument Type:	Cooperative Agreement	Archive Date:	Feb 16, 2020
Category of Funding Activity:	Natural Resources	Estimated Total Program Funding:	
Category Explanation:		Award Ceiling:	\$300,000
		Award Floor:	\$0

Expected Number of Awards:

CFDA Number(s): 15.980 -- National Ground-Water Monitoring Network

Cost Sharing or Matching Requirement: No

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: State and local water resource agencies

Agency Name: Geological Survey

Description: The Groundwater and Streamflow Information Program of the USGS is offering a two-year cooperative agreement opportunity to state or local water-resources agencies that collect groundwater data to participate in the National Ground-Water Monitoring Network. The USGS is working with the Federal Advisory Committee on Water Information (ACWI) and its Subcommittee on Ground Water (SOGW) to develop and administer a National Ground-Water Monitoring Network (NGWMN). This funding opportunity is to support data providers for the National Ground-Water Monitoring Network and to address the Department of the Interior's Secretarial Priorities.

Funding Opportunity Number:	OVC-2020-17755	Original Closing Date for Applications:	Feb 03, 2020
Funding Opportunity Title:	OVC FY 2020 Housing Assistance Grants for Victims of Human Trafficking	Current Closing Date for Applications:	Feb 03, 2020
Opportunity Category:	Discretionary	Archive Date:	
Opportunity Category Explanation:		Estimated Total Program Funding:	\$13,500,000
Funding Instrument Type:	Grant	Award Ceiling:	\$750,000
Category of Funding Activity:	Income Security and Social Services Law, Justice and Legal Services	Award Floor:	\$0
Category Explanation:			
Expected Number of Awards:	18		
CFDA Number(s):	16.320 -- Services for Trafficking Victims		
Cost Sharing or Matching Requirement:	Yes		
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)		
Additional Information on Eligibility:	Pursuant to 22 U.S.C. § 7105(b)(2) the following entities are eligible to apply: 1) States and territories 2) Units of local government, 3) Indian tribes 4) Nonprofit, nongovernmental victims' service organizations (defined as an organization that is described in section 501(c)(3) of Title 26 and is exempt from taxation under 501(a) of such title). All recipients and subrecipients must forgo any profit or management fee. Nonprofit organizations that hold money in offshore accounts for the purpose of avoiding paying the tax described in 26 U.S.C. § 511(a) are not eligible to apply. OVC may make more than one award to a single organization if proposed projects are in distinct geographic areas. OVC welcomes applications under which two or more entities would carry out the federal award; however, only one entity may be the applicant. Any others must be proposed subrecipients ("subgrantees"). (Note: For additional information on subawards, see "Budget and Associated Documentation" under Section D. Application and Submission Information.) The applicant must be the entity that would have		

primary responsibility for carrying out the award, including administering the funding and managing the entire project.

Agency Name: Office for Victims of Crime

Description: The program will support the following types of housing assistance for victims of all forms of human trafficking: (1) transitional housing, including funding for the operating expenses of a newly developed or existing transitional housing program; (2) short-term housing assistance, including rental or utilities payment assistance and assistance with related expenses. Projects must also include support services designed to enable victims of human trafficking and any dependents to locate and secure permanent housing and find employment. OVC will conduct a pre-application webinar on Thursday, December 19, 2019, from 2:00 p.m. to 3:00 p.m. e.t. Register at www.ovc.gov/grants/webinars.html. Apply by February 3, 2020.

Document Type:	Grants Notice	Version:	Synopsis 1
		Posted Date:	Dec 02, 2019
Funding Opportunity Number:	OVW-2020-17793	Last Updated Date:	Dec 02, 2019
		Original Closing Date for Applications:	Feb 06, 2020
Funding Opportunity Title:	OVW FY 2020 Domestic Violence Mentor Court Technical Assistance Initiative Solicitation	Current Closing Date for Applications:	Feb 06, 2020
Opportunity Category:	Discretionary	Archive Date:	
		Estimated Total Program Funding:	\$600,000
Opportunity Category Explanation:		Award Ceiling:	\$150,000

Funding Instrument Type:	Cooperative Agreement	Award Floor:	\$0
Category of Funding Activity:	Law, Justice and Legal Services Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)		
Category Explanation:	Domestic Violence Courts		
Expected Number of Awards:	4		
CFDA Number(s):	16.029 -- Office on Violence Against Women Special Projects		
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: State, tribal, territorial, or local courts that are either current OVW Domestic Violence Mentor Court Initiative grantees or new applicants with an existing specialized court system for handling domestic violence cases in the United States or U.S. territories.

Agency Name: Office on Violence Against Women

Description: Specialized courts can be an efficient structure for addressing domestic violence. As domestic violence courts continue to develop across the country, jurisdictions developing specialized courts routinely seek examples for best practices. Since FY 2013, OVW has been engaged in an effort to develop and disseminate best practices for domestic violence courts by funding mentor court sites. The OVW Domestic Violence Mentor Court Technical Assistance Initiative (Mentor Court Initiative) creates a unique opportunity to recognize well-established specialized courts and enable them to guide novice or developing courts and court-based programs that wish to significantly improve their responses to domestic violence cases and ensure victim safety and offender accountability. These well-established courts successfully serve as national models and share their expertise by hosting site visits, linking courts with peers facing similar challenges, and assisting other domestic violence courts to implement best practices to respond effectively to these difficult cases.

Job Corps Scholars Program

Synopsis 3

Document Type:	Grants Notice	Version:	Synopsis 3
Funding Opportunity Number:	FOA-ETA-20-03	Posted Date:	Oct 23, 2019
Funding Opportunity Title:	Job Corps Scholars Program	Last Updated Date:	Oct 23, 2019
Opportunity Category:	Discretionary	Original Closing Date for Applications:	Jan 08, 2020 The closing date for receipt of applications under this announcement is January 8, 2020. Applications must be received no later than 4:00:00 p.m. Eastern Time.
Opportunity Category Explanation:		Current Closing Date for Applications:	Jan 08, 2020 The closing date for receipt of applications under this announcement is January 8, 2020. Applications must be received no later than 4:00:00 p.m. Eastern Time.
Funding Instrument Type:	Grant		
Category of Funding Activity:	Employment, Labor and Training		
Category Explanation:		Archive Date:	Feb 07, 2020
Expected Number of Awards:	20	Estimated Total Program Funding:	\$23,738,000
CFDA Number(s):	17.287 -- Job Corps Experimental Projects and Technical Assistance	Award Ceiling:	\$1,186,900
Cost Sharing or Matching Requirement:	No	Award Floor:	\$0

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Accredited, two-year, public community colleges; accredited, public, two- and four-year historically Black colleges and universities or

HBCUs, and accredited, two- and four-year tribal colleges and universities or TCCUs with at least one certification training program that can be completed in 12 months or less.

Agency Name: Employment and Training Administration

Description: Approximately 20 successful applicants will receive awards of \$1,186,900. Through this announcement, the Job Corps Scholars Program will serve Job Corps eligible youth enrolled at selected community colleges, HBCUs and TCCUs. For students designated by the grantees as "Job Corps Scholars," these educational institutions will provide free tuition for their first year in the Job Corps Scholars program, career technical training, and intensive personal and career counseling services to support and facilitate completion of the program. In addition, employment counseling services will be provided, including follow-up employment services. These projects will serve low income young adults between the ages of 16 to 24 who have at least one characteristic that is a barrier to education and employment listed in the FOA.

The Support to Communities: Fostering Opioid Recovery Through Workforce Development

Synopsis 4

Document Type:	Grants Notice	Version:	Synopsis 4
		Posted Date:	Oct 31, 2019
Funding Opportunity Number:	FOA-ETA-20-01	Last Updated Date:	Oct 31, 2019
Funding Opportunity Title:	The Support to Communities: Fostering Opioid Recovery Through Workforce Development	Original Closing Date for Applications:	Jan 09, 2020 The closing date for receipt of applications under this announcement is January 9, 2020. Applications must be received no later than 4:00:00 p.m. Eastern Time.
Opportunity Category:	Discretionary	Current Closing Date for Applications:	Jan 09, 2020 The closing date for receipt of applications under this announcement is January 9, 2020. Applications
Opportunity Category Explanation:			

Funding Instrument Type:	Grant		must be received no later than 4:00:00 p.m. Eastern Time.
Category of Funding Activity:	Employment, Labor and Training	Archive Date:	Feb 08, 2020
Category Explanation:		Estimated Total Program Funding:	\$20,000,000
Expected Number of Awards:	10	Award Ceiling:	\$5,000,000
CFDA Number(s):	17.277 -- WIOA National Dislocated Worker Grants / WIA National Emergency Grants	Award Floor:	\$500,000
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: The following organizations are eligible to apply for this grant program: • State workforce agencies, which are the lead State agency with responsibility for the administration of the State's WIOA youth, adult, or dislocated worker formula program under chapter 2 or 3 of subtitle B of title I of WIOA (29 U.S.C. § 3161 et seq., 3171 et seq.). • The State workforce agency of outlying areas, which include American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the United States Virgin Islands; and the Republic of Palau, as defined in section 3(45) of WIOA (29 U.S.C. § 3102(45)). • Tribal organizations, which include any Indian Tribe, tribal organization, Indian-controlled organization serving Indians, Native Hawaiian organization, or Alaska Native entity, as referenced in section 166(c) of WIOA (29 U.S.C. § 3221(c)).

Agency Name: Employment and Training Administration

Description: As authorized by the SUPPORT Act (Public Law 115-271), the Employment and Training Administration (ETA) is announcing the availability of up to \$20 million in grant funds for the Support to Communities: Fostering Opioid Recovery through Workforce Development grant program to fund approximately 8 to 10 partnership grants, with awards ranging from \$500,000 to \$5 million.

These grants intend to allow State workforce agencies (through Participating Partnerships led by local workforce development boards), outlying areas, or Tribal organizations to creatively align and deliver career, training, and supportive services that will best serve workers in their local areas impacted by the crisis.

Grantees will engage community partners, such as local workforce development boards, employers or industry organizations, treatment and recovery centers, education providers, legal services and law enforcement organizations, and community-based and faith-based organizations, to address the economic effects of widespread substance misuse, opioid use, addiction, and overdose in significantly impacted service areas.

These grant programs will serve workers, including dislocated workers, individuals with barriers to employment, new entrants to the workforce, or incumbent workers (employed or underemployed, a) who are personally affected by substance use disorders, defined as individuals who themselves or whose friends or family members have been directly or indirectly impacted by substance use disorders, or b) who seek to transition to professions that support individuals with a substance use disorder and need new or upgraded skills to better serve struggling or at-risk individuals.

Veterans Employment and Training Service
Announcement of Stand Down Grants
Synopsis 2

Document Type:	Grants Notice
Funding Opportunity Number:	VPL-02-18
Funding Opportunity Title:	Announcement of Stand Down Grants
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Grant

Category of Funding Activity:	Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)
Category Explanation:	Veterans' Employment and Training Service
Expected Number of Awards:	
CFDA Number(s):	17.805 -- Homeless Veterans Reintegration Program
Cost Sharing or Matching Requirement:	No
Version:	Synopsis 2
Posted Date:	Jan 02, 2018
Last Updated Date:	Jan 02, 2018
Original Closing Date for Applications:	Dec 31, 2020
Current Closing Date for Applications:	Dec 31, 2020
Archive Date:	Jan 30, 2021
Estimated Total Program Funding:	
Award Ceiling:	\$10,000
Award Floor:	\$7,000
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	The following organizations and entities may apply for grant funds for Stand Down events: State and Local Workforce Development Boards, Veteran Service Organizations, local public agencies, tribal governments, and non-profit organizations including community and faith-based organizations. Organizations registered with the Internal Revenue Service as 501(c)(4) entities are not eligible to apply for this funding opportunity.
Agency Name:	Veterans Employment and Training Service
Description:	DOL VETS supports local Stand Down (SD) events that assist homeless veterans by providing a wide variety of employment, social, and health services. A homeless veteran is a veteran, as defined in 38 U.S.C. 101(2), who is "homeless" as that term is defined at 42 U.S.C. 11302(a)-(b), as amended by the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (Public Law 111-22). Stand Down grant funds must be used to enhance employment and training opportunities or to promote the self-sufficiency of homeless veterans through paid work. Veterans experiencing homelessness do not always have access to basic hygiene supplies necessary to maintain their health and appearance. Lack of shelter limits their ability to prepare for and present themselves at job interviews or be contacted for follow-up. Basic services such as showers, haircuts, attention to health concerns, and other collaborative services provided at SD events can give participants a greater sense of self and an opportunity to improve their chances of securing and maintaining employment. Each year, VETS sets funds aside from the Homeless

Veterans' Reintegration Program (HVRP) budget activity to award SD grants. Stand Down funding is a non-competitive grant awarded on a first-come, first-served basis until available annual funding is exhausted. VETS will continue to accept applications and process when additional funds become available. The maximum amount that can be awarded, per applicant for a geographic area, in a fiscal year (October 1 – September 30) is \$7,000 for a one-day event and \$10,000 for a multi-day event. Grants may be awarded to multiple organizations that conduct SD events in the same general area so long as there is no commingling of federal funds. In the event of a significant natural or man-made disaster, VETS may elect to accept and award grants for SD events in excess of the \$10,000 limit. VETS recognizes the following as circumstances that may justify awarding SD grants in higher amounts: emergencies or major disasters, as defined in the Stafford Act, which have been declared eligible for public assistance by the Federal Emergency Management Agency (FEMA). In addition, emergencies or disaster situations of national significance, natural or man-made, that could result in a potentially large loss of employment, as declared or otherwise recognized in writing by the chief official of the Federal Agency with jurisdiction over the Federal response to the emergency or disaster. If the VETS Assistant Secretary determines it is appropriate to award increased grants for SD events due to a disaster, the VETS Assistant Secretary will announce such a determination in writing, including the maximum amount that can be awarded on account of such an identified disaster, in order to provide notice to entities proposing to conduct SD events in those geographic areas where a disaster has been declared or to which a substantial number of veterans have relocated or been relocated. Acceptable uses of Stand Down grant funds do not change in such circumstances. All applications should be emailed to the appropriate DVET of the state in which the SD event is planned.

Link to Additional Information:

Grantor Contact Information: If you have difficulty accessing the full announcement electronically, please contact:

Questions regarding a SD grant application should be referred to the DVET in the state in which the event will take place. DVET contact information is available at:

Access to Historical Records: Major Initiatives

Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	PRELIM-202001	Posted Date:	May 16, 2019
Funding Opportunity Title:	Access to Historical Records: Major Initiatives	Last Updated Date:	May 16, 2019
Opportunity Category:	Discretionary	Original Closing Date for Applications:	Jan 16, 2020
		Current Closing Date for Applications:	Jan 16, 2020
		Archive Date:	

Opportunity Category Explanation:		Estimated Total Program Funding:	\$1,000,000
Funding Instrument Type:	Grant	Award Ceiling:	\$350,000
Category of Funding Activity:	Humanities (see "Cultural Affairs" in CFDA)	Award Floor:	\$100,000

Category Explanation:

Expected Number of Awards:	5
CFDA Number(s):	89.003 -- National Historical Publications and Records Grants

Cost Sharing or Matching Requirement: Yes

Eligible Applicants:

- Public and State controlled institutions of higher education
- City or township governments
- Native American tribal governments (Federally recognized)
- County governments
- Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
- State governments
- Private institutions of higher education

Additional Information on Eligibility:

Agency Name: National Archives and Records Administration

Description: The National Historical Publications and Records Commission seeks projects that will significantly improve public discovery and use of major historical records collections. The Commission is especially interested in collections of America's early legal records, such as the records of colonial, territorial, county, and early statehood and tribal proceedings that document the evolution of the nation's legal history. All types of historical records are eligible, including documents, photographs, born-digital records, and analog audio and moving images. Projects may:

- Digitize historical records collections, or related collections, held by a single institution and make them freely available online
- Provide access to born-digital records
- Create new freely-available virtual collections drawn from historical records held by multiple institutions
- Create new tools and methods for users to access records

The NHPRC welcomes collaborative projects, particularly for bringing together related records from multiple institutions. Projects that address significant needs in the field and result in replicable and scalable approaches will be more competitive. We also encourage organizations to actively engage the public in the work of the project. Applicants should also consult Access to Historical Records: Archival Projects program, which has different requirements and award amounts. For a comprehensive list of Commission limitations on funding, please see: "What we do and do not fund"

(<http://www.archives.gov/nhprc/apply/eligibility.html>). Applications that consist entirely of ineligible activities will not be considered. Award Information A grant is for one to three years and for between \$100,000 and \$350,000. We expect to make up to five grants in this category for a total of up to \$1,000,000. Grants begin no earlier than January 1, 2021. The Commission requires that grant recipients acknowledge NHPRC grant assistance in all publications and other products that result from its support. Eligibility Eligible applicants: • Nonprofit organizations or institutions • Colleges, universities, and other academic institutions • State or local government agencies • Federally-acknowledged or state-recognized Native American tribes or groups Cost Sharing The total costs of a project are shared between the NHPRC and the applicant organization. The Commission provides no more than 50 per cent of total project costs in the Access to Historical Records: Major Initiatives category. NHPRC grant recipients are not permitted to use grant funds for indirect costs (as indicated in 2 CFR 2600.101). Cost sharing is required. The applicant's financial contribution may include both direct and indirect expenses, in-kind contributions, non-Federal third-party contributions, and any income earned directly by the project. Indirect costs must be listed under the applicant's cost sharing contribution. Other Requirements Applicant organizations must be registered in the System for Award Management (SAM) prior to submitting an application, maintain SAM registration throughout the application and award process, and include a valid DUNS number in their application. Details on SAM registration and requesting a DUNS number can be found at the System for Award Management website at <https://sam.gov>. Please refer to the User Guides section and the Grants Registrations PDF. A complete preliminary application includes the Application for Federal Assistance (Standard Form 424), a Project Narrative, and Budget. Applications lacking these items will not be considered. Ineligible applications will not be reviewed.

CFDA Number(s):	45.024 -- Promotion of the Arts Grants to Organizations and Individuals		
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Individuals

Additional Information on Eligibility:

Agency Name: National Endowment for the Arts

Description: •You may submit only one application for FY 2021 funding. You may not apply for both a Literature Fellowship under this deadline and a Translation Project under the January 15, 2020 deadline.
Grant Program Description The National Endowment for the Arts Literature Fellowships program offers \$25,000 grants in prose

(fiction and creative nonfiction) and poetry to published creative writers that enable recipients to set aside time for writing, research, travel, and general career advancement. Applications are reviewed through an anonymous process in which the only criteria for review are artistic excellence and artistic merit of the submitted manuscript. The program operates on a two-year cycle with fellowships in prose and poetry available in alternating years. For FY 2021, which is covered by these guidelines, fellowships in poetry are available. Fellowships in prose (fiction and creative nonfiction) will be offered in FY 2022 and guidelines will be available in January 2021. You may apply only once each year.

Organizations
and Individuals

Cost Sharing or Matching Requirement: No

Eligible Applicants: Individuals

Additional Information on Eligibility:

Agency Name: National Endowment for the Arts

Description: An individual may submit only one application for FY 2021 funding. You may not apply for both a Translation Project under this deadline (January 15, 2020) and a Literature Fellowship (in prose or poetry) under the 2020 deadline (when fellowships in poetry are offered). The Arts Endowment's support of a project may begin any time between January 1, 2021, and January 1, 2022, and extend for up to two years. Grant Program Description Through fellowships to published translators, the National Endowment for the Arts (NEA) supports projects for the translation of specific works of prose, poetry, or drama from other languages into English. We encourage translations of writers and of work that are not well represented in English translation. All proposed projects must be for creative translations of literary material into English. The work to be translated should be of interest for its literary excellence and value. Priority will be given to projects that involve work that has not previously been translated into English.

Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Native American tribal governments (Federally recognized)

State governments
County governments
Private institutions of higher education
City or township governments

Additional Information on Eligibility:

Agency Name: National Endowment for the Humanities

Description: The National Endowment for the Humanities Division of Public Programs is currently accepting proposals for the Public Humanities Projects program. The Public Humanities Projects program supports projects that bring the ideas and insights of the humanities to life for general audiences through in-person programming. Projects must engage humanities scholarship to analyze significant themes in disciplines such as history, literature, ethics, and art history.

CFDA Number(s): 45.160 -- Promotion of the Humanities Fellowships and Stipends

Cost Sharing or Matching Requirement: No

Eligible Applicants: Individuals

Additional Information on Eligibility: See Section C. of the notice of funding opportunity for additional eligibility information.

Agency Name: National Endowment for the Humanities

Description: The National Endowment for the Humanities (NEH) Division of Research Programs is accepting applications for the Public Scholars program. The purpose of this program is to support the creation of well-researched nonfiction books in the humanities written for the broad public by offering grants to individual authors for research, writing, travel, and other activities leading to publication. The program is intended both to encourage non-academic writers to deepen their engagement with the humanities by strengthening the research underlying their books, and to encourage academic writers in the humanities to communicate the significance of their research to the broadest possible range of readers.

Cost Sharing or Matching Requirement:	Yes	Award Ceiling:	
		Award Floor:	

Eligible Applicants: Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Additional Information on Eligibility: An applicant must clearly demonstrate that it is one of the following:
• A microenterprise development organization or program (or group or Collaborative thereof) such as a non-profit Community Development Financial Institution or similar entity, that has a demonstrated record of delivering microenterprise services to disadvantaged entrepreneurs or
• An Intermediary (as defined in Section 8.1) which has experience in delivering technical assistance

to disadvantaged entrepreneurs; or • A microenterprise development organization or program (as defined in Section 8.1) that is accountable to a local community, working in conjunction with a State or local government or Indian Tribe; or • An Indian tribe acting on its own, if it can certify that no private organization or program referred to in paragraph in paragraphs (1) exists within its jurisdiction.

Agency Name:

Small Business Administration

Description:

SBA intends to award a discretionary grant to the National Association of Government Guaranteed Lenders (NAGGL) for the purpose of providing SBA 7(a) training to non profit lenders participating in the SBA Community Advantage Pilot Loan Program (CA). NAGGL has extensive experience with providing training to lenders on SBA's 7(a) loan product in the areas of loan origination, loan servicing and loan liquidation. This discretionary grant will serve as a proof of concept to explore the success of regional training to mission lenders participating in CA. These training needs have been identified by SBA's Office of Credit Risk Management to increase the performance level of lenders participating in the CA program. SBA will work closely with NAGGL in shaping the project as it is implemented and will draw lessons learned from its implementation and use that insight and experience in deciding whether or not to continue the initiative in a permanent form, which we would then do via the standard competitive process for awarding grants.

Native Hawaiian Programs

The Office of Native Hawaiian Relations was authorized by Congress in Public Law 108-199 on January 23, 2004, and in Public Law 104-42 on November 2, 1995. The Office discharges the Secretary's responsibilities for matters related to Native Hawaiians and serves as a conduit for the Department's field activities in Hawaii

Native Hawaiian Community Guide to Federal Programs and Services

- The 2016 guide identifies Federal program and grant opportunities in health, housing, education, and labor for which members of the Native Hawaiian Community and Native Hawaiian organizations may apply. The guide was developed in partnership with Papa Ola Lōkahi, the Council for Native Hawaiian Advancement (CNHA), and the Native Hawaiian Education Council.

Farm Loans

FSA makes direct and guaranteed farm ownership and operating loans to family-size farmers and ranchers who cannot obtain commercial credit from a bank, Farm Credit System institution, or other lender. FSA loans can be used to purchase land, livestock, equipment, feed, seed, and supplies. Loans can also be used to construct buildings or make farm improvements.

Housing Assistance

USDA provides homeownership opportunities to low- and moderate-income rural Americans through several loan, grant, and loan guarantee programs. The programs also make funding available to individuals to finance vital improvements necessary to make their homes decent, safe, and sanitary. USDA Multi-Family Housing Programs offer Rural Rental Housing Loans to provide affordable multi-family rental housing for very low-, low-, and moderate-income families; the elderly; and persons with disabilities. In addition, rental assistance is available to eligible families.

Rural Development Loan and Grant Assistance

USDA Rural Development forges partnerships with rural communities, funding projects that bring housing, community facilities, business guarantees, utilities and other services to rural America. USDA provides technical assistance and financial backing for rural businesses and cooperatives to create quality jobs in rural areas. Rural Development promotes the President's National Energy Policy and ultimately the nation's energy security by engaging the entrepreneurial spirit of rural America in the development of renewable energy and energy efficiency improvements. Rural Development works with low-income individuals, State, local and Indian tribal governments, as well as private and nonprofit organizations and user-owned cooperatives.

Beginning Farmers and Ranchers

USDA, through the Farm Service Agency, provides direct and guaranteed loans to beginning farmers and ranchers who are unable to obtain financing from commercial credit sources. Each fiscal year, the Agency targets a portion of its direct and guaranteed farm ownership (FO) and operating loan (OL) funds to beginning farmers and ranchers.

Crop and Livestock Insurance

USDA helps producers manage their business risks. The mission of USDA's Risk Management Agency (RMA) is to promote, support, and regulate sound risk management solutions to preserve and strengthen the economic stability of America's agricultural producers. As part of this mission, RMA operates and manages the Federal Crop Insurance Corporation (FCIC).

RMA has three divisions: Insurance Services, Product Management, and Risk Compliance. Seventeen private-sector insurance companies sell and service the policies. RMA develops and/or approves the premium rate, administers premium and expense subsidies, approves and supports products, and reinsures the companies. RMA also sponsors educational and outreach programs and seminars on the general topic of risk.

Federal State Marketing Improvement Program

This matching grant program, also known as FSMIP, provides matching funds to State Departments of Agriculture and other appropriate State agencies to assist in exploring new market opportunities for food and agricultural products, and to encourage research and innovation aimed at improving the efficiency and performance of the marketing system.

Specialty Crop Block Grant Program

The SCBGP funds can be requested to enhance the competitiveness of specialty crops. Specialty crops are defined as fruits and vegetables, tree nuts, dried fruits, and nursery crops (including floriculture).

The Farmers Market Promotion Program

The FMPP was created through a recent amendment of the Farmer-to-Consumer Direct Marketing Act of 1976. The grants, authorized by the FMPP, are targeted to help improve and expand domestic farmers markets, roadside stands, community-supported agriculture programs and other direct producer-to-consumer market opportunities.

Organic Cost Share Program

AMS administers two organic certification cost share programs. Each program provides cost share assistance, through participating States, to organic producers and/or organic handlers. Recipients must receive initial certification or continuation of certification from a USDA accredited certifying agent (ACA).

WHAT IS ECONOMIC DEVELOPMENT?

Economic Development creates the conditions for economic growth and improved quality of life by expanding the capacity of individuals, firms, and communities to maximize the use of their talents and skills to support innovation, lower transaction costs, and responsibly produce and trade valuable goods and services.

Economic Development requires effective, collaborative institutions focused on advancing mutual gain for the public and the private sector.

Economic Development is essential to ensuring our economic future.

International Trade Administration (ITA)

- [Market Development Cooperator Program](#)
- [Special American Business Internship Training Program \(SABIT\)](#). A technical assistance initiative of the International Trade Administration of the U.S. Department of Commerce, SABIT offers organizations competitive grants and an opportunity to host industry-specific delegations. SABIT serves as an initial entry point for U.S. businesses seeking funding to establish long-term relationships with potential customers, distributors, or partners in the former Soviet Union. The program trains Eurasian managers and scientists in commonly accepted business practices as a means of facilitating cross border relationships. In turn, these personal relationships serve as a basis for business development and reduce market access barriers for U.S. businesses

Corporation for National and Community Service

General Program Overview

AmeriCorps provides resources, both human and financial, to organizations that engage Americans in intensive service to meet our country's critical needs.

Grantees use the funding to support AmeriCorps members for intensive service in their community. AmeriCorps grants partially cover the expense of operating an AmeriCorps program and do not cover general organizational expenses. A cash and in-kind match is required.

The main website can be accessed here: <http://www.nationalservice.gov>

Funding & Resources

CNCS Funding

The Corporation of National and Community Service provides grants to national and local nonprofits, schools, government agencies, faith-based and community organizations, and other groups committed to strengthening communities through service and volunteering.

For access to further funding information: [click here](#)

<http://www.nationalservice.gov/build-your-capacity/grants/funding-opportunities>

National Service In Hawaii

Meeting Community Needs in Hawaii: Last year more than **3,600** Americans of all ages and backgrounds met local needs, strengthened communities, and expanded economic opportunity through national service in Hawaii. The Corporation for National and Community Service (CNCS) invested more than **\$8.1 million** to support cost-effective community solutions, working hand in hand with local partners to empower citizens to solve problems. AmeriCorps members and Senior Corps volunteers are preparing today's students for tomorrow's jobs, reducing crime and reviving cities, connecting veterans to services, fighting the opioid epidemic, helping seniors live independently, and rebuilding communities after disasters. Service members served at more than **300** locations across Hawaii, including schools, food banks, homeless shelters, health clinics, youth centers, veterans facilities, and other nonprofit and faith-based organizations. Through a unique public-private partnership, CNCS, its grantees, and project sponsors generated more than **\$9.6 million** in outside resources from businesses, foundations, public agencies, and other sources in FY 2017. This local support strengthened community impact and increased the return on taxpayer dollars.

AmeriCorps

Last year, more than **600** AmeriCorps members met pressing local needs across Hawaii, making a lasting impact in communities while gaining valuable skills and experience to advance their careers. AmeriCorps members serve through one of three programs:

- **AmeriCorps State & National** engages men and women in intensive service at thousands of locations across the country through nonprofits, schools, public agencies, tribes, and community and faith-based groups. Most AmeriCorps grant funding goes to the Hawaii Commission on National & Community Service, the Governor-appointed State Service Commission, which in turn awards grants to organizations to respond to local needs.
- **AmeriCorps VISTA** (Volunteers In Service To America) taps the skills, talents, and passion of Americans of all ages to support community efforts to overcome poverty.
- **AmeriCorps NCCC** (National Civilian Community Corps) is a full-time, team-based residential program for 18-24 year-olds. Members develop leadership skills by serving in public safety, environment, and disaster projects. FEMA Corps, a unit of NCCC, focuses solely on disaster preparedness, response, and recovery.

Senior Corps

Senior Corps taps the skills, talents, and experience of Americans age 55 and over to meet a wide range of community challenges. Last year, more than **3,000** Hawaii seniors met critical community needs while contributing to longer, healthier lives through one of three Senior Corps programs:

- **Foster Grandparents** serve one-on-one as tutors and mentors to young people with exceptional needs.
- **Senior Companions** help homebound seniors and other adults maintain independence primarily in their own homes.
- **RSVP** volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services.

Last year in Hawaii, Foster Grandparents tutored and mentored **530** young people, Senior Companions helped **290** seniors live independently, and RSVP volunteers strengthened the impact of **150** organizations across the state.

Learn More

To see other reports about national service in Hawaii, please contact HI@cns.gov.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. To learn more, visit www.NationalService.gov or call 202-606-5000 or TTY 1-800-833-3722.

SPECIAL CATEGORIES OF SMALL BUSINESS

WOSB

The Woman-Owned Small Business (WOSB) program authorizes Contracting Officers to award sole-source contracts to WOSBs.

SDVOSB

The qualities veterans developed in the military—discipline, tenacity and adaptability—make them excellent entrepreneurs.

HUBZONE

In full-and-open competitions, HUBZone-certified companies' bids are given a 10-percent-price-evaluation preference.

EVENT SPOTLIGHT

The next TRI-Association Small Business Advisory Panel (TRIAD) conference is slated for Oct. 11, 2017, at the Hyatt Regency in Fairfax, Va. Registration details are [here](#).

NEWS

Bid Protest and Size Challenges

Federal contracting laws and regulations ensure that federal procurements are conducted fairly, according to proper procedures, and in a competitive manner. However, sometimes an offeror or contractor has a reason to believe that a procurement is conducted unfairly, improperly, or anti-competitively—resulting in a “bid protest.” [Learn more.](#)

SPECIAL FUNDING OPPORTUNITIES

SBIR/STTR

DoD's Small Business Innovation Research (SBIR) program invests more than \$1 billion each year in small business technology.

IIP

The Indian Incentive Program (IIP) helps Indian organizations and Indian-owned economic enterprises win subcontracts.

RIF

The Rapid Innovation Fund (RIF) program inserts promising and mature technologies with immediate application potential into programs of record.

VELOCITER

The Velociter program guides and nurtures small businesses and innovators beyond Phase II of the DoD SBIR program.

MPP

In the past five years, proteges participating in DoD's Mentor-Protégé Program (MPP) have been awarded more than \$6.5 billion in contracts and subcontracts.

STEM

The Science, Technology, Engineering and Mathematics (STEM) initiative nurtures small businesses with a STEM mission.

Forecast of Funding Opportunities under the Department of Education Discretionary Grant Programs for Fiscal Year (FY) 2018

This document lists virtually all programs and competitions under which the Department (we) has invited or expects to invite applications for new awards and provides actual or estimated deadline dates for the transmittal of applications under these programs. The lists are in the form of charts -- organized according to the Department's principal program offices -- and include programs and competitions we have previously announced, as well as those we plan to announce at a later date. **If you are interested in applying for any upcoming grants with the Department of Education, please take the time to register with SAM at www.SAM.gov, as you must have an active account in order to submit a grant application with our agency. We recommend you register now even as you are looking for eligible grant programs so that your SAM registration is active by the time the application is published. This will allow you to focus on writing the application during the period the application is available and you are not spending a portion of that time obtaining SAM registration. Please click [here](#) to refer to the SAM tip sheet for additional information.**

Note: This document is advisory only and is not an official application notice of the Department of Education. We expect to provide updates to this document starting in the first week of June in a fiscal year and continuing through the following August. Please keep in mind that the dates recorded in this document are **SUBJECT TO CHANGE** and that the average size/number of awards are **ESTIMATES**.

Note on printing: For best results, print this document in landscape orientation.

Organization of this Document

We have assigned to each principal office a separate chart as follows:

Chart 1 - Institute of Education Sciences.

Chart 2 - Office of Elementary and Secondary Education.

Chart 3 - Office of Innovation and Improvement.

Chart 4 - Office of Postsecondary Education (Link to IFLE Chart)

Chart 5 - Office of Special Education and Rehabilitative Services (Links to RSA Chart)

Chart 6 - Office of Career, Technical and Adult Education

Chart 7 - Office of English Language Acquisition

Grant Application Information

Here's how you can tell whether we've already published an application notice for a particular program or competition in the *Federal Register* and whether the dates we list in this Forecast of Funding Opportunities are actual or estimates:

If we have published the application notice, we will list the *Federal Register* (FR) volume and page number (e.g., 65 FR 53402) after the date in column two. The other dates for that program or competition (columns four and five) are actual (as opposed to estimated) dates.

If we do not follow the date in column two with an FR citation, it means that we have yet to publish the application notice, and the dates (columns, two, four, and five) are estimates only. The actual dates will appear in the official application notice for that program or competition in the *Federal Register*.

Date of Application Notice. In column two of the charts, we list the actual or estimated date for publication of the application notice for a given program or competition.

Link to Notice. In column three of the charts, after its publication in the *Federal Register*, we will provide a link to the application notice for a given program or competition.

Electronic Grant Applications. Applications may be submitted electronically, for certain programs listed in the Forecast, through the Grants Management System (G5: www.g5.gov) or through Grants.gov. The requirements and instructions for submitting applications electronically under the program identified will appear in the *Federal Register* in the application notice for these programs or competitions. It is important to note that, if a competition is using Grants.gov, it will not be using G5 and vice versa. As part of doing business with the Federal Government, applicants must have an active registration with SAM (www.SAM.gov). Therefore, we strongly recommend that you create a SAM account now (or update your account if you already have an existing one) before the application package becomes available so that once the package is posted, your registration will be complete.

Contact Information

Program Contact Person. In column seven of the charts, we list the name, e-mail address, fax, and telephone numbers of the person or persons to contact for obtaining an application or further information about the programs listed. We also include this information in the actual application notice for that program.

For Users of TDD or FIRS. If you use a telecommunications device for the deaf (TDD), you may call the TDD number, if any, listed in the individual application notice. If a TDD number is not listed for a given program, individuals who use a TDD may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

Fiscal Information

Available Funds. The programs and funding amounts listed in this document are based on the Secretary's best estimates at this time. The Secretary is providing this document in order to give potential applicants adequate time to prepare applications. Potential applicants should note, however, that the Department may cancel some of the competitions listed in this document and may announce some new competitions not listed in this document.

Estimated Average Size of Awards and Number of Awards. Except for programs and competitions administered by the Office of Special Education and Rehabilitative Services (OSERS), column six lists estimated average size and number of awards. The amounts and numbers referenced in this column are advisory and represent the Secretary's best estimates at this time. The average size of an award is the estimate for a single-year project or for the first budget period of a multi-year project. In the application package for an individual program or competition, applicants will receive information about the amount the Secretary intends to make available for each year of a multi-year project.

In the case of programs and competitions administered by the principal components of OSERS, the charts differ with regard to the average size of awards. For programs and competitions of this office, column six of the charts lists the average or estimated maximum size of the awards per year. Applicants will receive further information about funding amounts in the application packages for the individual programs.

Note: The Department is not bound by any of the estimates in this document. We advise you to read the actual individual application notices for these programs or competitions published in the *Federal Register*.

Labor-Management Grants Program

Promoting Labor-Management Cooperation through Funding Support

The FMCS Grants Office provides federal grants to support the establishment and operation of plant-level, area-wide, industry or sectoral joint labor-management committees confronting specific, definable problems for which they have developed clear, innovative, and measurable long-term solutions.

The FMCS grants program, which began in 1981 under the authority of the Labor-Management Cooperation Act of 1978 (PL 95-524), has funded projects designed to improve communications, strategic planning, recruitment, industry changes, and economic development by encouraging cooperative efforts among labor, management, and communities to jointly address issues such as health, safety, employee training, and the resolution of workplace disputes.

In accordance with the terms of the Labor-Management Cooperation Act of 1978, FMCS considers applications from plant, geographic or area-wide committees. We especially encourage applications from area-wide, industry or sectoral joint labor-management committees focused on the 21st century economy and the challenges of a rapidly evolving workplace, such as:

- job security and skills
- working conditions for an increasingly mobile workforce
- consensus solutions to workplace standards
- organizational effectiveness
- economic development and competitiveness for entire communities;
- hiring and retaining the next generations of workers

Area or industry-wide applicants must include, among their participants, an employer and the collective bargaining representative of its employees. As long as this threshold requirement is met, area or industry-wide committees may also include community organizations, state and local government entities and employers whose employees are not represented by a labor organization.

For a summary of the FY 2017 FMCS labor-management grant recipients, click [here](#).

For reference information on how to apply for an FMCS Grant, click [here](#).

Grants & Business Contacts

See our list of helpful grants and business-related contacts across the Department, including small business specialists.

Avoid Grant Scams

Learn how to avoid getting ripped off by grant scammers.

Business/Employer Programs

Learn about HHS programs for specific industries, for economic and community development, and for employee health.

Section 5 Grants Pilot

Learn about the ways you can get involved with the DATA Act Section 5 Grants Pilot – an effort to reduce grant recipient reporting burden.

Department of Homeland Security

The Department of Homeland Security enhances the ability of states, local and tribal jurisdictions, and other regional authorities in the preparation, prevention, and response to terrorist attacks and other disasters, by distributing grant funds. Localities can use grants for planning, equipment, training and exercise needs.

Financial Assistance

Most DHS components have authority to execute and manage financial assistance to support the DHS mission. Financial assistance is the transfer to a non-federal recipient anything of value for a public purpose, and at DHS includes grants, cooperative agreements, training, loans, direct payments, and flood insurance.

GRANTS INFORMATION

Finding & Applying for Grants

[Search for HUD grants on Grants.gov](#) – Here you may search for discretionary HUD Grants, eligibility, and category. You will also find a Forecast for upcoming HUD grants.

[Browse Funding Opportunities Page](#) – HUD's Funding Opportunities page lists funding opportunities for competitive applicants and existing recipients.

[Award Announcements](#) – Lists HUD's discretionary grants awarded, starting with the most current year.

Registering for Grants

Obtain a DUNS Number - The federal government uses DUNS (Data Universal Number System) numbers as the number to uniquely identify each organization, based on their physical location. The unique nine-digit number is used to track how federal funds are awarded and expended.

To apply for any of HUD's grants programs, your organization must have a DUNS number issued through [Dun & Bradstreet](#) and must have an active registration with [SAM.gov](#).

Update! Sam.gov is making important changes to its login and notarized letter review processes in June. Read more here: [SAM Update](#)

Register through Sam.gov - All applicants and recipients must maintain an active registration with the [System for Award Management \(SAM\)](#). SAM consolidated the capabilities of Central Contractor Registry (CCR), Online Representations and Certifications Application (ORCA), and Excluded Parties List System (EPLS).

All organizations must designate an E-Business Point of Contact (E-Biz POC) and Authorized Organization Representative (AOR) in SAM. Please visit [SAM.gov](#) for more information or to register.

Register through Grants.Gov - Most of HUD's discretionary grants are only available through [Grants.gov](#). Applicants interested in applying for HUD funds, must register with [Grants.gov](#) and, create a profile.

Grants Management Resources

[The Grants Management & Oversight Division \(GMO\)](#) establishes and implements agency-wide policies and procedures for HUD's grant programs, provides oversight and assistance to grant programs to assure timely execution consistent with guidance, and reports to leadership on the status and outcomes of grant programs.

[Grants Training](#) – Portal to HUD grants related trainings.

[The FFATA Subaward Reporting System \(FSRS\)](#) – The reporting tool Federal prime awardees (i.e. prime contractors and prime grants recipients) use to capture and report subaward and executive compensation data.

To find information about successfully navigating every phase of the grant management process visit [Learn Grants](#) on [Grants.gov](#).

Grants Regulations & Policies

[HUD Final Information Quality Guidelines \(IQG\)](#)

[OMB implements higher limits on Micro-Purchase and Simplified Acquisition Thresholds](#)

[Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards](#) – Final revised rule streamlining grant management requirements. This guidance supersedes requirements from OMB Circulars A-21, A-87, A-110, and A-122; Circulars A-89, A-102, and A-133; and the guidance in Circular A-50 on Single Audit Act follow-up. (12/26/2013)

[HUD Deputy Secretary Notice 2015-1: Transition to 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards](#) - Final Guidance, February 26, 2015

[HUD Conforming Regulation to 2 CFR 200](#) – Correction to a final rule that was published in the Federal Register on December 7, 2015 (80 FR 75931).

[Regulations implementing the HUD Reform Act \(24 CFR Part 4\)](#) - The HUD Reform Act was enacted to ensure accountability, transparency, and a level playing field in the grants process at the Department. This was primarily accomplished through Sections 102 & 103 of the Act.

[Grants Oversight and New Efficiency \(GONE Act\)](#) - The goal of the Grants Oversight and New Efficiency (GONE) Act is to close out expired grants.

[The Digital Accountability and Transparency Act of 2014 \(DATA Act\)](#) - To expand the Federal Funding Accountability and Transparency Act of 2006 to increase accountability and transparency in Federal spending, and for other purposes.

[Code of Conducts -- Conducting Business in Accordance with Core Values and Ethical Standards](#) - Applicants subject to 2 CFR 200.318 (most nonprofit organizations and state, local, and Indian tribal governments or government agencies or instrumentalities that receive federal awards of financial assistance) are required to develop and maintain a written code of conduct.

HUD - Notice of Funds Available

For detailed information [click here](#)

[Home](#) / [Funding Opportunities](#)

Funding Opportunities

HUD awards discretionary funding through over 20 Grant programs that support HUD initiatives, including Affordable Housing Development and Preservation, Community and Economic Development, Environment and Energy, Fair Housing, Homelessness, Homeownership, Rental Assistance, and Supportive Housing and Services.

Notice of Funding Availability (NOFA) - The Notice of Funding Availability (NOFA) is a notice published each year in Grants.gov for HUD's Discretionary Funding Programs. This notice describes the type of funding available on a competitive basis and provides a contact where an application may be submitted, typically up to 60 to 90 days from the date of NOFA publication. Selection will then be made based upon specific factors and criteria identified within the NOFA.

2019 NOFAs

Working With Interior

The U.S. Department of the Interior's Office of Acquisition and Property Management oversees the overall implementation of department's procurement and grant programs. This includes ensuring these programs perform in accordance with current applicable laws and regulations. Each of our bureaus, as well as other major organizations within Interior, has its own procurement office. These offices contract with the private sector for a variety of supplies, equipment and services. Services our procurement offices have acquired by contract include training, architect-engineer services, advisory and assistance services, custodial services, guard services, operation and maintenance, telecommunications services and information-technology services, maintenance and support.

To learn more about doing business with any of our bureaus, check out their acquisition and procurement Web sites:

State Agencies / About SAAs

State Administering Agencies

State Administering Agencies (SAAs) conduct coordinated and transparent strategic planning and implement structural reforms that improve the administration of justice, while saving taxpayer money. There are 56 agencies in all 50 states and territories, and Washington DC. Visit the [SAA Directory](#) for agency contact information and websites, and contact information agency heads, JAG contacts and SAC Directors.

Most SAAs are a component of the Governor's (or Mayor's) office; a free-standing criminal justice planning entity or a division of the state department of public safety. In addition to location, the mission, vision and strategic focus of an SAA is often defined by state statutes. Due to differences in location, formula grants administered, research capacity and leadership selection processes, SAAs are a diverse group of government agencies with differing capacities, perspectives, missions and priorities.

The Role of the SAA

With a structure and process that varies by state, these agencies use strategic planning to analyze crime trends, evaluate the priorities of all segments of the criminal justice system, set out a plan for reducing crime and victimization and guide the use of the grant funds.

Furthermore, SAAs, in partnership with the Bureau of Justice Assistance (BJA), design, replicate and implement evidence-based programs and practices that target the needs identified in their strategic plans, incorporate rigorous research, measure performance, and provide an honest assessment of success or failure. In many states, the SAAs have established training centers that help their local partners develop and deploy evidence-based practices. (See our [From Policy to Practice video series](#) for information about state resources for supporting implementation of EBPs).

Many innovative criminal justice practices started with funding from the Edward Memorial Justice Assistance Grant (Byrne JAG) Program, the primary provider of federal criminal justice funding to state and local jurisdictions. JAG-funded programs have been replicated nationwide. These include drug courts, methamphetamine lab reduction, anti-gang strategies, reentry programs and information sharing protocols. Browse our [Library of Byrne JAG Promising Practices](#) for JAG-funded program examples from all 50 states and Washington DC.

Program Management

As the operating branch agency designated to accept, plan and distribute criminal justice funds, state administrative agencies work to leverage state and federal resources.

Department of Labor Grant Programs

- **Bureau of International Labor Affairs (ILAB):** provides grants (cooperative agreements) for the implementation of projects designed to assist developing countries combat the worse forms of child labor, forced labor, and human trafficking; and support worker rights and improve working conditions. <http://www.dol.gov/general/business>.
- **Bureau of Labor Statistics (BLS):** provides project grants (cooperative agreements) and the dissemination of technical statistical data and related information on labor force activities; provides data on prices (CPI) and cost of living; data on productivity and technology data; data on compensation and working conditions; data on employment projections.
- **Employment and Training (ETA):** ETA administers financial assistance programs pursuant to the Workforce Investment Act (WIA), administering State formula grant programs for youth, adults and dislocated workers, national emergency grants for workers affected by mass layoffs, plant closures, and disasters; grant programs for workers with disabilities, Indians and Native Americans, and for migrant and seasonal farmworkers. ETA also administers grant programs for older American workers, apprenticeship programs, Trade Adjustment Assistance (TAA) programs, and assistance for research and development of workforce programs. In addition, ETA is responsible for the operation and maintenance of a national system of public employment service offices and for the national unemployment insurance program.
- **Mine Safety and Health (MSHA):** provides grants for research, education and training programs to ensure an adequate and competent staff of trained inspectors; and assistance for establishing or improving State mine health and safety programs through technical assistance.
- **Occupational Safety and Health (OSHA):** provides grants to non-profit organizations to provide training, educational services, and technical assistance; assistance to states to administer and enforce state programs; assistance to states to provide occupational safety and health technical assistance and consultant services.
- **Office of Disability Employment Policy (ODEP):** The Office of Disability Employment Policy awards competitive grants establishing short-term pilot and technical assistance projects designed to identify, develop, test, evaluate, and disseminate policies to increase employment by expanding access to training, education, employment supports, assistive and systems technology, integrated employment, entrepreneurial development, and small business opportunities for adults and youth with disabilities. Current pilots projects focus on customized employment, Olmstead populations, and innovative demonstration youth grants, among others. Solicitations for grant applications are published in the Federal Register and announced at www.dol.gov/odep. ODEP grants are awarded by the [OASAM grant office](#).
- **Veterans' Employment and Training (VETS):** provides special employment and training assistance for veterans through the [Disabled Veterans' Outreach Program \(DVOP\) Solicitation for Grant Applications](#); the Local Veterans' Employment Representative Program (LVER); [Veterans' Workforce Investment Program \(VWIP\)](#); [elaws Advisor on veterans' employment and reemployment rights](#); and the [Homeless Veterans Reintegration Project \(HVRP\)](#). VETS grants are awarded by the [OASAM grant office](#).

National Aeronautics and Space Administration

[NASA Research Opportunities Online](#)

- Various NASA offices publish their research announcements over the Internet, broadening the opportunity for researchers to apply for funding. This site provides access to current research announcements along with their specific due dates.

The screenshot shows the NASA Research Opportunities Online website. The top navigation bar includes links for Topics, Missions, Galleries, NASA TV, Follow NASA, Downloads, About, and NASA Audiences, along with a search bar. The left sidebar contains links for About NASA, Leadership, Organization, Locations, Exhibits and Speakers, and Careers@NASA. The main content area is titled "Research Opportunities" and includes a paragraph about the variety of opportunities for researchers, a link to "Find out more," and a statement about submitting unsolicited proposals with another "Find out more" link. Below this is a photograph of a researcher examining an array of solar mirrors. The footer contains the NASA logo, the text "National Aeronautics and Space Administration", and page information: "Page Last Updated: May 5, 2016", "Page Editor: Ian Batchelder", and "NASA Official: Brian Dunbar".

Research Opportunities

NASA offices and field centers offer a wide variety of opportunities for researchers to join the NASA team. Whether supporting graduate students and funding science investigations for missions to other planets, NASA encourages all interested researchers to take advantage of these opportunities.

[Find out more.](#)

Researchers can also submit unsolicited proposals.

[Find out more.](#)

A researcher examines an array of solar mirrors for a new type of engine.

NSPIRES Home

- [Solicitations](#)
- [Getting Started](#)
- [NSPIRES Help](#)
- [Getting an Account](#)

Help Desk

If you need help or have any questions regarding the NSPIRES website, please contact the NSPIRES Help Desk at (202) 479-9376 Monday through Friday, 8:00 AM to 6:00 PM EST/EDT, or by email at nspires-help@nasaprs.com.

NASA Research Opportunities

Supporting research in science and technology is an important part of NASA's overall mission. NASA solicits this research through the release of various research announcements in a wide range of science and technology disciplines. NASA uses a peer review process to evaluate and select research proposals submitted in response to these research announcements. Researchers can help NASA achieve national research objectives by submitting research proposals and conducting awarded research. This site facilitates the search for NASA research opportunities.

NASA Research

Solicitations

Search for and view open, closed, past, and future NASA research announcements. The full text of the [solicitation announcements](#) can be viewed and downloaded.

Solicitations and selected proposals for years prior to NSPIRES implementation, January 1, 2005, were posted manually; therefore, some postings for years 2000-2004 may not be as complete as those posted through the NSPIRES system from 2005 to the present.

Getting Started

To submit a research proposal to NASA, individuals and the organizations with which they are affiliated must be registered in NSPIRES. Individuals may register at any time.

Organizations are required to have a valid registration with the System for Award Management (SAM) before they can register in NSPIRES. See [Registration Information](#) for more details on user and organization registration.

Research.gov

[Research.gov](#) is a partnership of federal research-oriented grant making agencies. Research.gov is led by the National Science Foundation.

Grant Opportunities

Access to Historical Records: Major Initiatives FY 2020

For projects that will significantly improve public discovery and use of major historical records collections.

This program has two phases. You must first submit a Preliminary Proposal, and successful applicants from the preliminary round will be invited to submit a Final Proposal

- **Preliminary Proposals: January 17, 2019**
- **Final Deadline: July 11, 2019**

Archives Collaboratives: Planning Grants

For projects to plan and develop a working collaborative designed to enhance the capacity of small and diverse organizations with historical records collections.

- **Final Deadline: April 4, 2019**

Digital Edition Publishing Cooperatives

The NHPRC and Mellon Foundation Call for Proposals to implement Digital Edition Publishing Cooperatives.

- **Draft Proposals: EXTENDED TO March 15, 2019**
- **Final Deadline: May 1, 2019**

State Board Programming Grants

For projects that strengthen the nation's archival network through activities undertaken by state historical records advisory boards.

- **Final Deadline: June 12, 2019**

Publishing Historical Records in Documentary Editions

For projects to publish documentary editions of historical records.

Featured Grant Programs

Digital Projects for the Public
Supports projects that interpret and analyze humanities content in primarily digital platforms and formats, such as websites, mobile applications and tours, and virtual environments.

Awards for Faculty at Hispanic-Serving Institutions
Supports individual faculty or staff members at Hispanic-Serving Institutions pursuing research of value to humanities scholars, students, or general audiences.

Digital Humanities Advancement Grants
Supports digital projects throughout their lifecycles, from early start-up phases through implementation and long-term sustainability.

Awards for Faculty at Historically Black Colleges and Universities
Supports individual faculty or staff members at Historically Black Colleges and Universities (HBCUs) pursuing research of value to humanities scholars, students, or general audiences.

National Science Foundation

A screenshot of the National Science Foundation (NSF) website. The header includes the NSF logo, the text 'National Science Foundation WHERE DISCOVERIES BEGIN', a search bar, and links for 'Contact' and 'Help'. A navigation bar below the header contains links for 'Research Areas', 'Funding', 'Awards', 'Document Library', 'News', and 'About NSF'. The 'Funding' link is highlighted. On the left side, a sidebar menu lists various funding-related topics: 'Funding', 'About Funding', 'Browse Funding Opportunities A-Z', 'Due Dates', 'Find Funding', 'Merit Review', 'Policies and Procedures', 'Preparing Proposals', 'Recent Opportunities', 'Small Business', and 'Transformative Research'. The main content area is titled 'About Funding' and contains three paragraphs of text describing the NSF's mission, the number of proposals received, and the types of research supported. The text is as follows:

The National Science Foundation funds research and education in most [fields of science and engineering](#). It does this through grants, and cooperative agreements to more than 2,000 colleges, universities, K-12 school systems, businesses, informal science organizations and other research organizations throughout the United States. The Foundation accounts for about one-fourth of federal support to academic institutions for basic research.

NSF receives approximately 40,000 proposals each year for research, education and training projects, of which approximately 11,000 are funded. In addition, the Foundation receives several thousand applications for graduate and postdoctoral fellowships.

The agency operates no laboratories itself but does support National Research Centers, user facilities, certain oceanographic vessels and Antarctic research stations. The Foundation also supports cooperative research between universities and industry, US participation in international scientific and engineering efforts, and educational activities at every academic level.

Business Guide Funding Programs Federal Contracting Learning Center Local Assistance About SBA

Loans

Start or expand your business with loans guaranteed by the Small Business Administration. Use Lender Match to find lenders that offer loans for your business.

FIND LENDERS

The SBA helps small businesses get loans

The SBA works with lenders to provide loans to small businesses. The agency doesn't lend money directly to small business owners. Instead, it sets guidelines for loans made by its partnering lenders, community development organizations, and micro-lending institutions. The SBA reduces risk for lenders and makes it easier for them to access capital. That makes it easier for small businesses to get loans.

Benefits of SBA-guaranteed loans

Competitive terms

SBA-guaranteed loans generally have rates and fees that are comparable to non-guaranteed loans.

Counseling and education

Some loans come with continued support to help you start and run your business.

Unique benefits

Lower down payments, flexible overhead requirements, and no collateral needed for some loans.

Federal, state and local governments offer a wide range of financing programs to help small businesses start and grow their operations. These programs include low-interest loans, venture capital, and scientific and economic development grants.

Use SBA.gov's [Loans and Grants Search Tool](#) to get a list of financing programs for which you may qualify, or visit the resources below to learn more about small business financing programs.

PARTNERSHIP OPPORTUNITIES

USAID recognizes that achieving sustainable solutions to global challenges requires us to work in close collaboration with countries, partners of all sizes, citizens and the wider development community.

We are passionate about embracing a new model of development that taps into the expertise, resources and innovations of a diverse array of organizations across the public, private and nonprofit sectors that can bring groundbreaking solutions to solving development challenges. We are increasingly focused on fostering locally-owned, sustainable solutions by creating new ways to work directly with local entrepreneurs, civil society organizations and partner country governments to help nations build innovative economies and democratic societies connected to our own. Find out how you can work with us to improve millions of lives around the world.

The Small Business Innovative Research Program - SBIR Program

The Small Business Innovation Research (SBIR) program is a highly competitive program that encourages domestic small businesses to engage in Federal Research/Research and Development (R/R&D) that has the potential for commercialization. Through a competitive awards-based program, SBIR enables small businesses to explore their technological potential and provides the incentive to profit from its commercialization. By including qualified small businesses in the nation's R&D arena, high-tech innovation is stimulated, and the United States gains entrepreneurial spirit as it meets its specific research and development needs.

SBIR Mission and Program Goals

The mission of the SBIR program is to support scientific excellence and technological innovation through the investment of Federal research funds in critical American priorities to build a strong national economy.

The program's goals are four-fold:

- Stimulate technological innovation
- Meet Federal research and development needs.
- Foster and encourage participation in innovation and entrepreneurship by socially and economically disadvantaged persons.
- Increase private-sector commercialization of innovations derived from Federal research and development funding.

SBIR-Participating Agencies

Each year, Federal agencies with extramural research and development (R&D) budgets that exceed \$100 million are required to allocate 2.5 percent of their R&D budget to these programs. Currently, eleven Federal agencies participate in the program:

- [Department of Agriculture](#)
- Department of Commerce - [National Institute of Standards and Technology](#)
- [Department of Defense](#)
- [Department of Energy](#)
- [Department of Health and Human Services](#)
- [Department of Homeland Security](#)
- [Department of Transportation](#)
- [Environmental Protection Agency](#)
- [National Aeronautics and Space Administration](#)
- [National Science Foundation](#)

Each agency administers its own individual program within guidelines established by Congress. These agencies designate R&D topics in their solicitations and accept proposals from small businesses. Awards are made on a competitive basis after proposal evaluation.

Three-Phase Program

The SBIR Program is structured in three phases:

Phase I. The objective of Phase I is to establish the technical merit, feasibility, and commercial potential of the proposed R/R&D efforts and to determine the quality of performance of the small business awardee organization prior to providing further Federal support in Phase II. SBIR Phase I awards normally do not exceed \$150,000 total costs for 6 months.

Phase II. The objective of Phase II is to continue the R/R&D efforts initiated in Phase I. Funding is based on the results achieved in Phase I and the scientific and technical merit and commercial potential of the project proposed in Phase II. Only Phase I awardees are eligible for a Phase II award. SBIR Phase II awards normally do not exceed \$1,000,000 total costs for 2 years.

Phase III. The objective of Phase III, where appropriate, is for the small business to pursue commercialization objectives resulting from the Phase I/II R/R&D activities. The SBIR program does

not fund Phase III. Some Federal agencies, Phase III may involve follow-on non-SBIR funded R&D or production contracts for products, processes or services intended for use by the U.S. Government
