Additional Information on Eligibility:

Eligibility Requirements Applicants for the ANNH must meet all the requirements discussed in this RFA. Failure to meet the eligibility criteria by the application deadline may result in exclusion from consideration or, preclude NIFA from making an award. For those new to Federal financial assistance, NIFA's Grants Overview provides highly recommended information about grants and other resources to help understand the Federal awards process. For the purpose of the ANNH Grants Program, an eligible institution means an individual public or private, nonprofit Alaska Native-Serving and Native Hawaiian-Serving Institutions of higher education that meet the definitions of Alaska-Serving Institutions or Native Hawaiian-Serving Institution established in Title III, Part A of the Higher Education Act of 1965, as amended (20 U.S.C. 1059d.).

Agency Name:

National Institute of Food and Agriculture

Description:

The purpose of this program is to promote and strengthen the ability of Alaska Native-Serving Institutions and Native Hawaiian-Serving Institutions to carry out education, applied research, and related community development programs. NIFA intends this program to address educational needs, as determined by each institution, within a broadly defined arena of food and agricultural sciences-related disciplines. Priority will be given to those projects that enhance educational equity for underrepresented students; strengthen institutional educational capacities; prepare students for careers related to the food, agricultural, and natural resource systems of the United States; and maximize the development and use of resources to improve food and agricultural sciences teaching programs.

Agency Name: National Park Service

Description: Program Background Information and Objectives:

The American Battlefield Protection Program supports the identification, research, evaluation, interpretation, and protection of historic battlefields and associated sites on a national, state, and local level.

Under this Funding Opportunity, grant funds are awarded to state, local, and tribal governments, other public entities, educational institutions, and nonprofit organizations. Projects must relate to planning, interpreting, and protecting sites where historic battles were fought on American soil during the armed conflicts that shaped the growth and development of the United States, in order that present and future generations may learn and gain inspiration from the ground where Americans made their ultimate sacrifice.

Secretary of the Interior Priorities:

This program supports the following Secretary of the Interior Priorities:

Foster relationships with conservation organizations advocating for balanced stewardship and use of public lands.

Expand the lines of communication with Governors, state natural resources offices, Fish and Wildlife offices, water authorities, county commissioners, Tribes, and local communities.

The program supports the priorities listed above by providing financial and technical assistance to conservation or preservation organizations as well as state, local, and tribal governments for projects and partnerships related to local and regional community needs and interests. Grant funds support battlefield planning, interpretation, and protection projects.

Description: This Small-Scale Water Efficiency Projects FOA supports Small-Scale Water Efficiency Projects that have been prioritized through planning efforts led by the applicant. These projects are generally in the final design stage, environmental and cultural resources compliance have been initiated or already completed, and the non-Federal funding, necessary permits, and other required approvals have been secured.

Through Small-Scale Water Efficiency Projects, Reclamation provides assistance to states, tribes, irrigation districts, water districts, and other entities with water or power delivery authority to undertake small-scale water efficiency projects that have been prioritized through planning efforts led by the applicant. These projects conserve and use water more efficiently; mitigate conflict risk in areas at a high risk of future water conflict; and accomplish other benefits that contribute to water supply reliability in the western United States. Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development	Estimated Total Program Funding:	\$3,000,000
Category Explanation:		Award Ceiling:	\$500,000
Expected Number of Awards:	8	Award Floor:	\$100,000

CFDA Number(s): 11.008 -- NOAA Mission-Related Education Awards

Cost Sharing or Matching Requirement: No

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: For both priorities of this funding opportunity, eligible applicants are limited to institutions of higher education; K-12 public and independent schools and school systems; other nonprofits, including community-based organizations and informal education institutions, such as museums, zoos, and aquariums; state and local government agencies; and Indian tribal governments in the United States. For-profit organizations, foreign institutions, and individuals are not eligible to apply; however, for-profit organizations, foreign institutions, and individuals may participate as project partners. Likewise, federal agencies are not eligible to receive federal assistance under this announcement, but may be project partners. For Priority 1, eligible organizations must be based in the Southern or Western Region of the United States (determined based on the associated physical address of the applying institution's DUNS number). The Southern Region includes the following states and territories: Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, New Mexico, Oklahoma, Puerto Rico, Tennessee, Texas, and the United States Virgin Islands. The Western Region includes the following states and territories: Alaska, American Samoa, Arizona, California, Guam, **Hawaii**, Idaho, Montana, Nevada, Northern Mariana Islands, Oregon, Utah, and Washington. For Priority 2, eligible applicants must be organizations that received awards or were formally recognized partners (i.e. identified by either a sub-award or letter of commitment or both) for projects funded under the 2015-2016 funding opportunities from this program (NOAA-SEC-OED-2015-2004408 and NOAA-SEC-OED-2016-2004737). The full list of awards that support or supported eligible projects can be found here: <https://go.usa.gov/xVGzr>. Applicants to this priority do not need to be from a specific region or regions of the United States, nor do project impacts need to occur in a specific region or regions of the United States. It is strongly encouraged that an individual serve as a PI on only one application submitted to this funding opportunity. Institutions may submit more than one application and individuals may serve as co-PIs or key personnel on more than one application. Federal employees may not serve as PIs or co-PIs on any application, although they may be included as key personnel.

Agency Name: Department of Commerce

Description: The goal of this funding opportunity is to build environmental literacy of K-12 students and the public so they are knowledgeable of the ways in which their community can become more resilient to extreme weather and/or other environmental hazards, and become involved in achieving that resilience.

Projects should build the collective environmental literacy necessary for communities to become more resilient to the extreme weather and other environmental hazards they face in the short- and long-term. Building sufficient environmental literacy in a community means that these communities are composed of individuals who are supported by formal and informal education that develop their knowledge, skills, and confidence to: (1) reason about the ways that human and natural systems interact globally and where they live, including the acknowledgement of disproportionately distributed vulnerabilities; (2) participate in scientific and/or civic processes; and (3) consider scientific uncertainty, cultural knowledge, and diverse community values in decision making.

Projects should demonstrate how they will engage community members to build these capabilities, particularly through active learning, during the award period. Projects should leverage and incorporate relevant state and local hazard mitigation and/or adaptation plans and collaborate with individuals and institutions that are involved in efforts to develop or implement those plans. Projects may focus on a single location or multiple locations and a single type of environmental hazard or a range of hazards that impact a community or communities. Projects will be based on the established scientific evidence about current and future extreme weather and other environmental hazards facing communities and should consider relevant socioeconomic and ecological factors in the targeted location(s). Particular attention should be paid to populations within communities that have greater exposure and have fewer resources to deal with the impacts of extreme weather and/or environmental hazards that are the focus of the project. Projects must relate to NOAA's mission in at least one of the following areas: ocean, coastal, Great Lakes, weather, and climate sciences and stewardship. They must also utilize NOAA's scientific data, data access tools, data visualizations, and/or other physical and intellectual assets available on these topics. In order to facilitate the use of NOAA's assets, projects are strongly encouraged to partner with relevant NOAA entities (offices, programs, etc.) and/or NOAA employees and affiliates. Also, projects should consider integrating citizen science tools when appropriate.

This funding opportunity has two priorities, numbered without regard to importance for funding.

Priority 1 awards will support new projects located in Southern and Western Regions of the United States. The Southern Region includes the following states and territories: Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, New Mexico, Oklahoma, Puerto Rico, Tennessee, Texas, and the United States Virgin Islands. The Western Region includes the following states and territories: Alaska, American Samoa, Arizona, California, Guam, **Hawaii**, Idaho, Montana, Nevada, Northern Mariana Islands, Oregon, Utah, and Washington.

Priority 2 awards will support the evolution of projects funded under the 2015-2016 funding opportunities from this program (NOAA-SEC-OED-2015-2004408 and NOAA-SEC-OED-2016-2004737). The full list of awards that support or supported eligible projects can be found here: <https://go.usa.gov/xVGzr>. Projects for this priority must be implemented within the United States and its territories.

For both priorities of this funding opportunity, eligible applicants are limited to institutions of higher education; K-12 public and independent schools and school systems; other nonprofits, including community-based organizations and informal education institutions, such as museums, zoos, and aquariums; state and local government agencies; and Indian tribal governments in the United States. For-profit organizations, foreign institutions, and individuals are not eligible to apply; however, for-profit

organizations, foreign institutions, and individuals may participate as project partners. Likewise, federal agencies are not eligible to receive federal assistance under this announcement, but may be project partners. For Priority 1, projects must be between 2 and 5 years in duration and the total federal amount requested from NOAA for each project must be no less than \$250,000 and no more than \$500,000 for all years of the project, including direct and indirect costs. For Priority 2, projects must be between 2 and 5 years in duration and the total federal amount requested from NOAA for each project must be no less than \$100,000 and no more than \$500,000 for all years of the project, including direct and indirect costs. It is anticipated that awards funded under this announcement and selected this fiscal year will be made by September 30, 2020 and that the projects funded under this announcement in fiscal year 2020 will have a start date no earlier than October 1, 2020. Funding Instrument Type: Cooperative Agreement

Category of Funding Activity: Environment
Natural Resources
Science and Technology and other Research and Development

Category Explanation:

Expected Number of Awards: 10

CFDA Number(s): 11.482 -- Coral Reef Conservation Program

Cost Sharing or Matching Requirement: Yes

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are limited to non-profit non-governmental organizations that have demonstrated expertise and experience in supporting coral reef management in U.S. States and Territories. NOAA employees are not permitted to assist in the preparation of applications or write letters of support for any application. NOAA CRCP staff is available to provide general information on programmatic goals and objectives, ongoing coral reef conservation programs/activities, and regional funding priorities. For proposals that involve collaboration with current NOAA projects or staff, NOAA employees may provide a limited statement verifying the nature and extent of the collaboration and confirming prior coordination activities. Letters of support from NOAA employees are not allowable and will not be included among the application materials considered by merit reviewers. Federal agencies and employees cannot receive funds under this announcement but may serve as collaborative project partners. If Federal agencies are collaborators, applicants are expected to provide detail on the planned level of Federal engagement in the application. Examples might include, but are not limited to partnership services; serving in a review capacity; or participating in priority task teams, working groups, or leadership teams.

Agency Name:

Department of Commerce

Description:

The purpose of this notice is to invite Non-Governmental Organizations (NGOs) with demonstrated expertise and experience in supporting coral reef management in the United States to submit proposals to establish partnerships with the NOAA Coral Reef Conservation Program (CRCP) to further the conservation of U.S. coral reefs. This funding announcement describes the coral reef conservation partnership(s) that the NOAA CRCP envisions, identifies the qualities that NOAA desires in a partner, and describes criteria against which applications will be evaluated for funding consideration. Partnerships selected through this notice will be implemented through a cooperative agreement of up to 24-months (2 years) in duration. Pursuant to Section 6403 of the Coral Reef Conservation Act (CRCA), 16 U.S.C. 6401-6409, and pending Congressional appropriations, CRCP funding of approximately \$900,000 is expected to be available for initiating partnership(s) with up to ten non-governmental organizations in Fiscal Year (FY) 2020. CRCP will consider funding a single proposal that includes support for all seven coral reef states and territories and/or several proposals in the Pacific Islands (benefitting Hawaii, American Samoa, Guam, and/or the Commonwealth of the Northern Mariana Islands) and in the Atlantic/Caribbean region (benefitting Florida, Puerto Rico, and/or the U.S. Virgin Islands). Some international work may be proposed using non-federal matching funds provided the scope is similar to domestic activities, but will not be prioritized. It is expected that a minimum of one project, but not more than two projects, will be selected to benefit each jurisdiction in any combination of proposals. Applications may propose work plans of up to 24 months, in conformance with the requirements of Section IV of this announcement, and may at most request between \$100,000 and \$700,000 per year (approximately \$100,000 per state or territory), depending on how many of the seven coral states and territories will benefit from the proposed project(s). As required by the CRCA, recipients are required to match NOAA's Federal contributions with non-federal matching contributions at a minimum ratio of 1:1, unless the applicant requests and is granted a waiver to the matching requirement by the agency. Funding after the first year generally depends on future Congressional appropriations, NOAA/CRCP priorities, and recipient performance in the first year(s) of the award.

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Applications may only be submitted by a collaborative state, tribal, local, or regionally-based network or partnership of qualified public and/or private entities. These collaborations may include the following entities: State Cooperative Extension Services; Federal, State, municipal or tribal agencies; community-based organizations (CBOs); nongovernmental organizations (NGOs); junior and four-year colleges or universities or foundations maintained by a college or university; and private for-profit organizations. Inclusion of beginning and/or non-beginning farmers and ranchers as part of the collaborative group is strongly encouraged. Applications submitted by individuals, or by organizations that do not involve other entities in a network or partnership, are not eligible for consideration under any category applicable to the BFRDP and will be excluded from review. Multiple awards will not be made to the same organization or Project Director in the same calendar year. For FY 2020, organizations that have received awards in FY 2018 or FY 2019, are ineligible to apply. ET awards are exempt from this restriction. An organization with a current ET award may receive a standard grant, and an organization with a current standard grant may receive one (1), but no more than one, concurrent ET grant. Failure to meet an eligibility criterion by the application deadline may result in the application being excluded from consideration or, even though an application may be reviewed, will preclude NIFA from making an award. Award recipients may subcontract to organizations not eligible to apply provided such organizations are necessary for the conduct of the project.

Agency Name: National Institute of Food and Agriculture

Description: Beginning farmer education for adult and young audiences in the United States can generally be traced back to the advent of the

1862 and 1890 Morrill Land-Grant Acts. But, for the first time, the Food, Conservation, and Energy Act of 2008 (Pub .L. No. 110-234, Section 7410) appropriated \$75 million for FY 2009 to FY 2012 to develop and offer education, training, outreach and mentoring programs to enhance the sustainability of the next generation of farmers.

The Agriculture Act of 2014 provided an additional \$20 million per year for 2014 through 2018. The reasons for the renewed interest in beginning farmer and rancher programs are as follows: the rising average age of U.S. farmers; the 8% projected decrease in the number of farmers and ranchers between 2008 and 2018; and the growing recognition that new programs are needed to address the needs of the next generation of beginning farmers and ranchers.

The Agriculture Improvement Act of 2018 (aka the 2018 Farm Bill) reauthorized the Beginning Farmer and Rancher Development Program and provides mandatory funds for which supports education, mentoring, and technical assistance initiatives for beginning farmers and ranchers.

The funding is \$15 million a year for Fiscal Years (FY) 2019 and 2020, \$17.5 million for FY 2021, \$20 million for FY 2022, and \$25 million for FY2023.

Description:	The purpose of this program is to support research, education/teaching, and extension projects that increase participation by women and underrepresented minorities from rural areas in STEM. NIFA intends this program to address educational needs within broadly defined areas of food, agriculture, natural resources, and human (FANH) sciences. Applications recommended for funding must highlight and emphasize the development of a competent and qualified workforce in the FAHN sciences. WAMS-funded projects improve the economic health and viability of rural communities by

developing research and extension initiatives that focus on new and emerging employment opportunities in STEM occupations. Projects that contribute to the economic viability of rural communities are also encouraged.

Synopsis of Funding Opportunity

The U.S. Forest Service requests proposals to substantially expand and accelerate wood energy and wood products markets throughout the United States to support forest management needs on National Forest System and other forest lands.

This Request for Proposals focuses on the following priorities to:

- Reduce hazardous fuels and improve forest health on National Forest System and other forestlands.
- Reduce costs of forest management on all land types.
- Promote economic and environmental health of communities.

The intent of the Wood Innovations Funding Opportunity is to stimulate, expand, and support wood products markets and wood energy markets.

Projects can include, but are not limited to:

1. Completing requirements, such as engineering designs, cost analyses, and permitting necessary, in the later stages of commercial construction projects that use wood as a primary building material and in the later stages of wood energy project development to secure financing. Early phase project development proposals will not be competitive.
2. Developing manufacturing capacity, other necessary wood products infrastructure, and markets for wood products that support forest ecosystem restoration.
3. Showcasing quantifiable environmental and economic benefits of using wood as a sustainable building material in an actual commercial building and the projected benefits achieved if replicated across the United States based on commercial construction market trends.
4. Establishing statewide wood utilization teams and statewide wood energy teams. Only proposals from States without an existing (or former) team will be considered. Current teams are found on this map.

5. Developing a cluster of wood energy projects in a geographic area or specific sector (e.g., prisons, hospitals, universities, manufacturing sector, or industrial sector).

6. Overcoming market barriers and stimulating expansion of wood energy in the commercial sector.

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are individuals, institutions of higher education, other nonprofits, for-profit organizations, foreign public entities or foreign organizations, and state, local and Indian tribal governments. Federal agencies or instrumentalities are not eligible to receive Federal assistance under this notice. The Department of Commerce/ National Oceanic and Atmospheric Administration (DOC/NOAA) is

strongly committed to broadening the participation of historically black colleges and universities, Hispanic serving institutions, tribal colleges and universities, and institutions that work in underserved areas. If the applicant is a university that has a NOAA Cooperative Institute (CI), the institution is encouraged to submit an application that will be associated with the CI. The application must specify the name of the CI, its most recent award number, and the NOAA-approved research theme applicable to the work to be performed in the Project Narrative. The application will use the facilities and administrative rate (F&A or Indirect Cost Rate) associated with the most recent CI award. If the CI-related application is selected for funding, NOAA will notify the university that a separate competitive award will be issued with its own award grant number. However, the BREP competitive award will include a Special Award Condition (SAC) that evidences the link between it and the CI award. The SAC will provide: (1) that the university has submitted the proposal to be associated with the CI; (2) that any existing University/NOAA memorandum of agreement (MOA) will be incorporated by reference into the terms of the BREP competitive award; and (3) that any progress report(s) for the BREP competitive award must follow the timetable of and be submitted by the CI directly to the funding program. Copies of these progress reports will be attached to the CI's performance report as an appendix.

Agency Name: Department of Commerce

Description: The mission of the National Bycatch Reduction Engineering Program (BREP) is to support the development of technological solutions and changes in fishing practices designed to minimize bycatch of fish and protected species (including Endangered Species Act-listed fish, marine mammals, seabirds, and sea turtles) and to reduce impacts to invertebrates (including sponges, deep-sea corals, and shallow (tropical) corals.) In addition, BREP may support projects that quantify post-release mortality and identify ways to minimize mortality and injury of bycaught species (including post-release injury and mortality). Projects should produce outcomes that can directly influence management needs of federally managed living marine resources.

Eligibility

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Each applicant must qualify as a small business concern for research or research and development (R/R& D) purposes, as defined in Section 1.7 of this NOFO, at the time of the award and at any other time set forth in the SBA's regulations at 13 CFR 121.701- 121.705. In addition, the primary employment of the principal investigator (PI) must be with the small business concern (SBC) at the time of the award and during the conduct of the proposed project. Primary employment means that more than one-half of the principal investigator's time is spent in the employ of the SBC. Primary employment with a SBC precludes full-time

employment with another organization. Further, a small business may only replace the principal investigator on an SBIR Phase I award if the NOAA Grants Officer provides prior written approval.

Additional Information

Agency Name:

Department of Commerce

Description:

The Department of Commerce (DOC) National Oceanic and Atmospheric Administration (NOAA) invites small businesses to submit research proposals under this NOFO. Firms with the capability to conduct research and development (R& D) in any of the topic areas listed in Section 9 of this announcement and to commercialize the results of that R& D are encouraged to participate. The Small Business Innovation Research (SBIR) Program is not a substitute for existing unsolicited proposal mechanisms. Unsolicited proposals are not accepted under the SBIR program.

Only FY 2020 Phase I applications may be submitted in response to this NOFO. Phase II applications are not being accepted at this time. NOAA will publish a Phase II NOFO approximately 30 days prior to the end of the previous year's Phase I period of performance to request Phase II applications. That NOFO will provide instructions for Phase I awardees to prepare a Phase II application and the closing date for submission of applications; only the previous year's Phase I awardees are eligible to submit a Phase II application.

The Small Business Innovation Research (SBIR) program was originally established in 1982 by the Small Business Innovation Development Act (P.L. 97-219), codified at 15 U.S.C. § 638. It was then expanded and extended by the Small Business Research and Development (R & D) Enhancement Act of 1992 (P.L. 102-564), and received subsequent reauthorization and extensions, the most recent of which extends the SBIR program through 2022. (P.L. 114-328).

Category Explanation:			
Expected Number of Awards:	10		
CFDA Number(s):	11.419 -- Coastal Zone Management Administration Awards		
Cost Sharing or Matching Requirement:	No		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Any coastal State or Territorial CMP that has been approved by NOAA pursuant to the Coastal Zone Management Act (16 U.S.C. § 1455) is eligible under this announcement if the requirements established at 15 C.F.R. § 923.121 are met. Specifically, applicants must have an approved Assessment and Strategy for the 2016-2020 assessment period that includes at least one strategy for one or more of the priority enhancement areas identified in Section I.B of this Notice of Funding Opportunity (NOFO). In addition to strategies that were originally approved as part of a State or Territory's Assessment and Strategy, approved strategies also include strategies that were added or substantially modified and approved by NOAA's Office for Coastal Management prior to the closing date

of the competition. See 15 C.F.R. § 923.121 for all requirements. The designated lead agency for implementing each approved CMP is eligible to submit projects for funding under this competition. For the purposes of this competition, the San Francisco Bay Conservation and Development Commission is an eligible applicant. Eligible applicants may submit a proposal on behalf of State agency partners within the approved State CMP network, if applicable. Local governments and nonprofits may participate as partners on the proposed projects; however, projects should be focused upon enhancing the approved State CMP. Each applicant may submit no more than two applications for consideration under this competition. NOAA employees are not permitted to assist in the preparation of applications or write letters of support for any application. For proposals that involve collaboration with current NOAA projects or staff, NOAA employees may provide a limited statement verifying the nature and extent of the collaboration and confirming prior coordination activities. Letters of support from NOAA employees are not allowable and will not be included among the application materials considered by merit reviewers.

Agency Name: Department of Commerce

Description: The purpose of this document is to advise eligible applicants that NOAA is soliciting proposals for competitive funding under the Coastal Zone Management Act (CZMA)'s Enhancement Program Projects of Special Merit, authorized under Section 309 of the CZMA (16 U.S.C. §1456b). The objective of Section 309 assistance is to encourage each State or Territory with a federally-approved coastal management program (CMP) to continually improve its program in specified areas of national importance. The intent of Projects of Special Merit (PSM) funding is to offer CMPs the opportunity to develop innovative projects that further their approved enhancement area strategies and focus on the following national enhancement area priorities: Hazards, Ocean and Great Lakes Resources (with a focus on comprehensive planning), and Public Access (with a focus on underserved communities). Any CMP that has been approved by NOAA pursuant to the Coastal Zone Management Act (16 U.S.C. §1455) and has an approved 2016-2020 Section 309 Assessment and Strategy that contains at least one strategy addressing one or more of the priority enhancement areas is eligible to apply for this competition. Coastal Zone Management Program Regulations at 15 C.F.R. Part 923 apply to this Announcement, and program policies and procedures are further implemented through the provisions in this announcement.

CFDA Number(s):	11.017 -- Ocean Acidification Program (OAP)		
Cost Sharing or Matching Requirement:	No		
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)		
Additional Information on Eligibility:	Eligible applicants are institutions of higher education; other nonprofits; commercial organizations; state, local and Indian tribal governments; and authorized Federal agencies. Applications from non-Federal and Federal applicants will be competed against each other. Proposals selected for funding from non-Federal applicants will be funded through a grant or cooperative agreement as described above in section II. C. of this notice. Proposals selected for funding from NOAA scientists shall be affected by an intra-agency fund transfer. Proposals selected for funding from a non-NOAA Federal agency will be funded through an inter-agency transfer. PLEASE NOTE: Before non-NOAA Federal applicants may		

be funded, they must demonstrate that they have legal authority to receive funds from another Federal agency in excess of their appropriation. Because this announcement is not proposing to procure goods or services from applicants, the Economy Act (31 USC 1535) is not an appropriate legal basis.

Agency Name: Department of Commerce

Description: The purpose of this document is to advise the public that NOAA/OAR/Ocean Acidification Program (OAP) is soliciting proposals for collaborative projects of up to 3 years in duration that synthesize ocean acidification information at a regional scale (e.g. Large Marine Ecosystem, large estuary or collection of small estuaries, and state or collection of states in US waters) to determine where societal vulnerabilities to ocean acidification exist or are emerging, in order to provide actionable information for marine resource decision makers and/or bolster the resilience of the nation's Blue Economy. This funding opportunity will not support the collection of new chemical or ecological observations or species response data. Social science data collection is permitted. Funding is contingent upon the availability of Fiscal Year 2020 Federal appropriations. It is anticipated that projects funded under this announcement will have a September 1, 2020 start date. Approximately 1-6 projects for up to 3 years in duration are expected to be funded at the level of approximately \$100,000 - \$350,000 per year per proposal. It is anticipated that a total of up to \$2 million may be available in FY20 to support the first year of projects.

Description:	The principal objective of the NMFS Community-based Restoration Program Coastal and Marine Habitat Restoration solicitation is to support habitat restoration projects that use an ecosystem-based approach to foster species recovery and increase populations under NOAA’s jurisdiction. Proposals submitted under this solicitation will be primarily evaluated based on their ability to demonstrate how the proposed habitat restoration actions will: 1) help recover threatened and endangered species listed under the Endangered Species Act (ESA) (hereafter, Listed Species), including species identified by NMFS as “Species in the Spotlight” (https://www.fisheries.noaa.gov/topic/endangered-species-conservation#species-in-the-spotlight); 2) sustain or help rebuild fish stocks managed under the Magnuson-Stevens Fishery Conservation and Management Act (hereafter, Managed Species); and/or 3) contribute to the sustainability of saltwater recreational fisheries. Successful proposals will: 1) identify a habitat-based issue/concern limiting the recovery or sustainability of one or more species targeted by the proposed restoration

action; 2) describe in detail the habitat restoration project(s) to be undertaken to resolve the issue/concern and; 3) describe the project(s)' expected outcomes and measurable impact on the project's target species and their ecosystem. Proposals may include: restoration feasibility and/or design; implementation (i.e., on-the-ground activities); or a combination thereof.

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are NERRS lead state agencies or universities designated to receive NERRS operations funding through a Memorandum of Understanding with NOAA in coastal states and territories including the Pacific, Gulf of Mexico, Caribbean, Atlantic Coast and Great Lakes. Eligible applicants should meet requirements as stated in the NERRS regulations codified at 15 CFR 921.32 which are available online at <http://go.usa.gov/xkGEf>. Federal agencies and employees are not allowed to receive funds under this announcement but may serve as collaborative project partners. Federal agencies and employees' 'in-kind' services cannot be considered as part of an applicant's match on shared costs. If federal agencies are collaborators, applicants are expected to provide detail on the planned level of federal engagement in the application. Examples might include, but are not limited to partnership services; serving in a review capacity; or participating in priority task teams, working groups, or leadership teams.

Agency Name: Department of Commerce

Description: The National Estuarine Research Reserve System (NERRS) consists of estuarine areas of the United States and its territories designated and managed for research and educational purposes (Reserve). Each Reserve within the NERRS is chosen to represent a different bio-geographic region and to include a variety of ecosystem types in accordance with the classification scheme of the national program as specified in 15 CFR Part 921. By funding Reserve lead agencies and universities to conduct land acquisition and construction projects that support the NERRS mission, NOAA will strengthen protection of key land and water areas, enhance long-term protection of Reserve areas for research and education, and provide for facility and exhibit construction that meet the highest sustainable design standards possible. NOAA anticipates up to \$6 million in Fiscal Year 2020 will be available to designated lead Reserve agencies or universities in coastal states for approximately 5-20 construction and acquisition projects, and expected to range from approximately \$20,000 to \$1,000,000 per project and with project periods typically covering 12-36 months, depending on the availability of funds.

County governments
City or township governments
Private institutions of higher education
Public and State controlled institutions of higher education
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Additional Information on Eligibility: Eligible applicants for EDA financial assistance under the Public Works and EAA programs include a(n): (i) District Organization of a designated Economic Development District; (ii) Indian Tribe or a consortium of Indian Tribes; (iii) State, county, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (iv) institution of higher education or a consortium of institutions of higher education; or (v) public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. See Section 3 of the Public Works and Economic Development Act of 1965 (PWEDA) (42 U.S.C. § 3122) and 13 C.F.R. § 300.3. EDA is not authorized to provide grants or cooperative agreements to individuals or to for profit entities. Requests from such entities will not be considered for funding. For ACC funding, projects must be located within and targeted to communities or regions that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either.

Agency Name: Economic Development Administration

Description: Under this NOFO, EDA solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and EAA programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities. EDA provides strategic investments on a competitive- merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States.

CFDA Number(s): 11.417 -- Sea Grant Support

Cost Sharing or Matching Requirement: Yes

Eligibility

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are: Sea Grant Programs (Sea Grant Colleges, Institutions, or Coherent Area Programs), the National Sea Grant Law Center, and the National Sea Grant Library. Individual competition announcements may restrict eligibility to a subset of these applicants. The National Sea Grant College Program champions diversity, equity, and inclusion (DEI) by recruiting, retaining and preparing a diverse workforce, and proactively engaging and serving the diverse populations of coastal communities. Sea Grant is committed to building inclusive research, extension, communication and education programs that serve people with unique backgrounds, circumstances, needs, perspectives and ways of thinking. We encourage applicants of all ages, races, ethnicities, national origins, gender identities, sexual orientations, disabilities, cultures, religions, citizenship types, marital statuses, education levels, job classifications, veteran status types, and income, and socioeconomic status types to apply for this opportunity.

Additional Information

Agency Name: Department of Commerce

Description: The National Sea Grant College Program was enacted by U.S. Congress in 1966 (amended in 2008, Public Law 110-394) to support leveraged federal and state partnership that harness the intellectual capacity of the nation’s universities and research institutions to solve problems and generate opportunities in coastal communities.

The purpose of this notice is to request proposals for special projects consistent with the focus areas outlined in the National Sea Grant College Program’s (Sea Grant) strategic plan, and to provide the general public with information and guidelines on how Sea Grant will select proposals and administer Federal assistance under this announcement. This announcement is a mechanism to encourage research or other projects that are not normally funded through Sea Grant national competitions.

This opportunity is open only to Sea Grant Programs. Section III of this announcement describes eligibility requirements in more detail.

Funding has not yet been made available to support applications submitted to this Notice of Funding Opportunity (NOFO), but such funding may become available during the year. Section II.A. below describes individual competition announcements that will be used to announce when funding is available, any restrictions or requirements such as cost share, and other funding details.

Awards will be made under this NOFO only to applications that are responsive to individual competition announcements; unsolicited applications will not be reviewed.

This document sets out requirements for submitting to NOAA-OAR-SG-2020-2006252. Additional guidance and tips on how best to prepare an application are provided in the Sea Grant General Application Guide available at (<https://seagrants.noaa.gov/Portals/1/Guidance/SeaGrantGeneralApplicationGuide.pdf>)

Opportunity Category:	Discretionary	Archive Date:	Mar 08, 2020
Opportunity Category Explanation:		Estimated Total Program Funding:	\$2,800,000
		Award Ceiling:	\$250,000
		Award Floor:	\$100,000
Funding Instrument Type:	Cooperative Agreement		
Category of Funding Activity:	Environment Natural Resources Science and Technology and other Research and Development		
Category Explanation:			
Expected Number of Awards:	15		
CFDA Number(s):	11.468 -- Applied Meteorological Research		
Cost Sharing or Matching Requirement:	No		
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)		
Additional Information on Eligibility:	Eligible applicants are U.S. institutions of higher education; U.S.-based commercial organizations; state, local and Indian tribal governments in the U.S.; and other U.S. non-profit organizations and federally funded educational institutions such as the Naval Postgraduate School. Any federal employee or federal contractor listed as a co-PI, co-I, or collaborator on the title page of a proposal (if eligible) must have provided explicit pre-approval to the PI to be identified as a contributor to the proposed project prior to submission of the application. A letter of support or email acknowledging participation in the proposed project by the federal employee or federal contractor must be included within the application. All funded investigators must assure and verify, if requested, that they will not be allocated for greater than 100% of their annual employment time should their proposal be selected for funding. NOAA will verify this requirement if funding is recommended.		
Agency Name:	Department of Commerce		
Description:	NOAA's National Weather Service (NWS) Office of Science and Technology Integration (OSTI) is soliciting research proposals to support NOAA's development of the community-based, coupled, comprehensive earth modeling system, the Unified Forecast System (UFS). The UFS is		

designed to provide more accurate forecast guidance through operational numerical weather prediction applications. These applications span local and global domains, and predictive time scales from sub-hourly to seasonal. This solicitation favors projects at specific stages of maturity as signified by their readiness level as described in Section 1.A.

There are three competitions from this notification valued at approximately \$2,800,000 for the first year of multi-year (2-year) projects that will advance development of the UFS: 1) Next Generation Global Prediction System (NGGPS); 2) Weeks 3-4 Program; and 3) Hurricane Forecast Improvement Program (HFIP).

Research projects to advance NGGPS will propose accelerating development of improved global weather prediction models; coupling among atmosphere, ocean, land surface and ice system model components; improving data assimilation techniques; improving ensemble techniques; developing post-processing forecast tools and techniques; or improving software architecture, computational performance and system engineering.

Proposals pertaining to the advancement of the Weeks 3-4 program will focus on the development of a coupled UFS system including data assimilation approaches, extending the forecast of the UFS from 3 weeks to seasonal timescales, and developing metrics including validation and verification.

Proposals for the HFIP initiative will relate to research required to improve operational tropical cyclone forecasting to meet societal requirements to effectively mitigate economic disruption.

Agency Name: Department of Commerce

Description: The purpose of this document is to advise the public that NOAA/NOS/National Centers for Coastal Ocean Science (NCCOS)/Competitive Research Program (CRP) is soliciting proposals for the Prevention, Control and Mitigation of Harmful Algal Blooms (PCM HAB) and HAB Socioeconomics Research Programs. Funding is contingent upon the availability of Fiscal Year 2020 Federal appropriations. It is anticipated that projects funded under this announcement will have a September 1, 2020 start date.

Total funding for this research:
It is anticipated that approximately \$2,500,000 may be available in Fiscal Year 2020 for the first year for all PCM HAB and HAB Socioeconomics projects.

Approximately 4-6 small projects up to 3 years in duration are expected to be funded under PCM HAB and HAB Socioeconomics at a level of approximately \$200,000 to \$400,000 per year per proposal. In addition, 1-2 large projects up to 4 years in duration are expected to be funded under PCM HAB at up to approximately \$500,000 to \$600,000 per year per proposal. NOAA will not accept any proposals submitted with total budgets (across all years) that are greater than \$1,200,000 for small projects and \$2,400,000 for large projects.

Electronic Access: Background information about the PCM HAB Program can be found at <https://coastalscience.noaa.gov/research/stressor-impacts-mitigation/pcmhab/>. Additional information on this Announcement, including Frequently Asked Questions, is available at <https://coastalscience.noaa.gov/research/stressor-impacts-mitigation/pcmhab/>. An information webinar covering PCM HAB and this solicitation, will be offered by a Program Manager within **approximately** two weeks from the publication date of the FFO. Information on the date/time can be found at <https://coastalscience.noaa.gov/research/stressor-impacts-mitigation/pcmhab/>.

Proposals should be submitted through Grants.gov, <http://www.grants.gov>. Sign up to receive any potential amendments to this Announcement via www.grants.gov.

Additional Information on Eligibility:	The following entities are eligible to submit to this opportunity: Any student, regardless of citizenship, who, on February 21, 2020, is enrolled towards a degree in a graduate program, and has an interest in ocean, coastal and Great Lakes resources and in the national policy decisions affecting those resources is eligible to submit an application to the Sea Grant program in the state in which they are earning their degree. If there is no Sea Grant program, a Sea Grant program will be assigned (see Section IV.D.). The graduate degree must be awarded through an accredited institution of higher education in the United States or U.S. Territories. The National Sea Grant College Program champions diversity, equity, and inclusion (DEI) by recruiting, retaining and preparing a diverse workforce, and proactively engaging and serving the diverse		

populations of coastal communities. Sea Grant is committed to building inclusive research, extension, communication and education programs that serve people with unique backgrounds, circumstances, needs, perspectives and ways of thinking. Agency Name: Department of Commerce

Description: The National Sea Grant College Program was enacted by U.S. Congress in 1966 (amended in 2008, Public Law 110-394) to support federal and state partnerships that harness the intellectual capacity of the nation's universities and research institutions to solve problems and generate opportunities in coastal communities.

This notice announces that applications may be submitted for the 2021 National Sea Grant College Program Dean John A. Knauss Marine Policy Fellowship (Sea Grant Knauss Fellowship Program). The National Sea Grant College Program (Sea Grant) anticipates funding not less than 35 applicants, of which those assigned to the Legislative branch will be approximately 14. Application packages will each propose a total of \$74,000 in funding. This includes base funding for each award at \$59,000 with optional host office travel up to an additional \$15,000. If additional office-related travel funds beyond \$15,000 are required, those funds will be administered through an amendment to the grant.

Applicants are strongly encouraged to reach out to the Sea Grant Program in their state/territory at least one to two months prior to the state application deadline to receive application support and provide notification of intent to apply. The applicant should allow sufficient time to schedule an interview with the eligible Sea Grant program at the program's request.

This document describes requirements for submitting to NOAA-OAR-SG-2021-2006204. Additional guidance and tips on how best to prepare an application are provided in the Sea Grant General Application Guide available at:

Cost Sharing or Matching Requirement:	Yes		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: This year's competition will have a pre-proposal requirement (hereafter described as Letter of Intent; LOI), which has changed the submission deadlines for this competition. This funding opportunity requires a letter of intent to be submitted before full proposals will be invited. Letters of intent must be received via email to grants.marinedebris@noaa.gov (as an attachment) no later than 11:59 p.m. Eastern time, November 5, 2019. If invited per the instructions in this announcement, full proposals must then be submitted through and validated by Grants.gov, postmarked, or provided to a delivery service on or before 11:59 p.m. EST, February 7, 2020. As outlined in the Marine Debris Act, eligible applicants are state, local, tribal, and territory governments whose activities affect research or regulation of marine debris and any institution of higher education, nonprofit organization, or commercial (for-profit) organization with expertise in a field related to marine debris. Applications from federal agencies or employees of federal agencies will not be considered. Interested federal agencies may collaborate with eligible applicants but may not receive funds through this

competition. All projects must take place within the United States or territories or their respective waterways. Foreign organizations and foreign public entities are not eligible to apply as the primary applicant but can be involved as project partners. NOAA is strongly committed to broadening the participation of veterans, minority-serving institutions, and entities that work in underserved areas. The NOAA MDP encourages proposals from, or involving any of the above types of institutions. Applications that have been submitted to other NOAA grant programs or as part of another NOAA grant may be considered under this solicitation.

Agency Name: Department of Commerce

Description: The NOAA Marine Debris Program, authorized in the Marine Debris Act (33 U.S.C. 1951-1958), provides funding to prevent the introduction of marine debris into the marine and coastal environment. Projects awarded through this grant competition will actively engage and educate a target audience (such as students, teachers, state or local government, industries, or the public) in hands-on programs designed to raise awareness, reduce barriers to marine debris prevention (e.g., lack of access to waste receptacles or alternatives to single-use items), and encourage and support changes in behaviors to ensure long-term prevention of marine debris. Successful proposals through this solicitation will be funded through cooperative agreements. Funding of up to \$2,000,000 is expected to be available for Marine Debris Prevention grants in FY2020. Typical awards will range from \$50,000 - \$150,000. Funding for this purpose comes through the NOAA Marine Debris Program as appropriations to the Office of Response and Restoration, National Ocean Service.

This solicitation is focused on efforts to prevent marine debris from entering the environment through targeted education and outreach efforts, as well as activities that aim to change behaviors related to common marine debris issues. It is not intended for large-scale debris removal projects or scientific research.

Economic Development Administration
FY 2017 Economic Development Assistance Programs - Application submission and program requirements for EDA's Public Works and Economic Adjustment Assistance programs.
Synopsis 1

Document Type: Grants Notice

Funding Opportunity Number: EDAP-2017

Funding Opportunity Title:	FY 2017 Economic Development Assistance Programs Application submission and program requirements for EDA's Public Works and Economic Adjustment Assistance programs.
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Cooperative Agreement Grant
Category of Funding Activity:	Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)
Category Explanation:	The Economic Development Administration's (EDA's) mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for economic growth and success in the worldwide economy. EDA fulfills this mission through strategic investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. EDA supports development in economically distressed areas of the United States by fostering job creation and attracting private investment. Specifically, under the Economic Development Assistance programs (EDAP) Notice of Funding Availability (NOFA), EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance (EAA) Programs. Through this NOFA, EDA will also designate a portion of its EAA funding to support communities and regions that have been negatively impacted by changes in the coal economy (Assistance to Coal Communities, or ACC 2017). Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace. Through the EDAP NOFA, EDA solicits applications from rural and urban communities to develop initiatives that advance new ideas and creative approaches to address rapidly evolving economic conditions.

Works and Economic Development Act of 1965 (PWEDA) (42 U.S.C. § 3122) and 13 C.F.R. § 300.3. EDA is not authorized to provide grants or cooperative agreements to individuals or to for profit entities. Requests from such entities will not be considered for funding. For ACC 2017 funding, projects must be located within and targeted to communities or regions that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either.

Agency Name:

Economic Development Administration

Description:

Under this NOFA, EDA solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and EAA programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities, including communities and regions that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either. EDA provides strategic investments on a competitive- merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States. This EDAP NOFA supersedes the EDAP Federal Funding Opportunity dated December 23, 2016.

Description:

Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to build capacity and guide the economic prosperity and resiliency of an area or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

Purpose of Program: The purpose of the SSS Program is to increase the number of disadvantaged, low-income college students, first-generation college students, and college students with disabilities in the United States who successfully complete a program of study at the postsecondary level. The support services that are provided should increase the retention and graduation rates for these categories of students and facilitate their transfer from two-year to four-year colleges and universities. The support services should also foster an institutional climate that supports the success of students who are limited English proficient, students from groups that are historically underrepresented in postsecondary education, students with disabilities, students who are homeless children and youths, students who are in foster care or are aging out of the foster care system, and other disconnected students. Student support services should also improve the financial and economic literacy of students.

Purpose of Program: The purpose of the Fulbright-Hays GPA Program is to promote, improve, and develop the study of modern foreign languages and area studies at varying levels of education. The program provides opportunities for faculty, teachers, and undergraduate and graduate students to conduct individual and group projects overseas to carry out research and study in the fields of modern foreign languages and area studies. This competition invites applicants to submit an application to request support for either a Fulbright-Hays GPA short-term project (GPA short-term projects 84.021A) or a Fulbright-Hays GPA long-term project (GPA long-term projects 84.021B). Applicants must clearly indicate on the SF 424, the Application for Federal Assistance cover sheet whether they are applying for support for a GPA short-term project (84.021A) or a GPA long-term project (84.021B). Additional submission details are included in the application package. There are three types of GPA short-term projects: (1) Short-term seminar projects of four to six weeks in length designed to help integrate international studies into an institution's or school system's general curriculum by focusing on a particular aspect of area study, such as the culture of an area or country of study (34 CFR 664.11); (2) curriculum development projects of four to eight weeks in length that provide participants an opportunity to acquire resource materials for curriculum development in modern foreign language and area studies for use and dissemination in the United States (34 CFR 664.12); and (3) group research or study projects of three to twelve months in duration designed to give participants the opportunity to undertake research or study in a foreign country (34 CFR 664.13). GPA long-term projects are advanced overseas intensive language projects that may be carried out during a full year, an academic year, a semester, a trimester, a quarter, or a summer. GPA long-term projects are designed to take advantage of the opportunities that exist in the foreign country for intensive advanced language training and for using the language while experiencing the culture in the foreign country. Participants should have successfully completed at least two academic years of training in the language to be studied to be eligible to participate in a GPA intensive advanced language training program. In addition, the language to be studied must be indigenous to the host country and maximum use must be made of local institutions and personnel (34 CFR 664.14).

Document Type: Grants Notice

Version: Synopsis 1

Posted Date: Dec 09, 2019

Funding Opportunity Number: EPA-OAR-OTAQ-20-02

Last Updated Date: Dec 09, 2019

Funding Opportunity Title: 2020 Diesel Emission Reduction Act (DERA) National Grants

Original Closing Date for Applications: Feb 26, 2020 See Section IV of the solicitation for close date information.

Opportunity Category: Discretionary

Opportunity Category Explanation:		Current Closing Date for Applications:	Feb 26, 2020 See Section IV of the solicitation for close date information.
Funding Instrument Type:	Cooperative Agreement	Archive Date:	Mar 27, 2020
Category of Funding Activity:	Environment	Estimated Total Program Funding:	\$44,000,000
Category Explanation:		Award Ceiling:	\$4,000,000
		Award Floor:	
Expected Number of Awards:	80		
CFDA Number(s):	66.039 -- National Clean Diesel Emissions Reduction Program		
Cost Sharing or Matching Requirement:	Yes		

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: See Section III of the solicitation for eligibility information.

Agency Name: Environmental Protection Agency

Description: EPA's Office of Transportation and Air Quality is soliciting applications nationwide for projects that achieve significant reductions in diesel emissions.

Eligible diesel vehicles, engines and equipment may include buses, Class 5 – Class 8 heavy-duty highway vehicles, marine engines, locomotives and nonroad engines, equipment or vehicles such as those used in construction, handling of cargo, agriculture, mining or energy production.

Eligible diesel emissions reduction solutions include verified retrofit technologies such as exhaust after-treatment technologies, engine upgrades, and cleaner fuels and additives, verified idle reduction technologies, verified aerodynamic technologies, verified low rolling resistance tires, certified engine replacements and conversions, and certified vehicle or equipment replacement.

Eligible entities include regional, state, or local agencies; tribal governments (or intertribal consortia) and native villages; or port authorities, which have jurisdiction over transportation or air quality, and nonprofit organizations or institutions that: a) represent or provide pollution reduction or educational services to diesel fleets or b) have, as their principal purpose, the promotion of transportation or air quality. Although private fleet owners are not eligible to apply directly to EPA for DERA funding, both public and private fleets can benefit from the programs implemented by DERA national grant recipients.

Priority for funding is given to fleets operating in areas designated as having poor air quality and fleets which service goods movement facilities. Further priority for funding is given to projects with outcomes that benefit affected communities, those that engage affected communities in the design and performance of the project, and those which demonstrate the ability to promote and continue efforts to reduce emissions after the project has ended.

Agency Name: Environmental Protection Agency

Description: The Environmental Justice Collaborative Problem-Solving (EJCPS) Cooperative Agreement Program provides funding to support community-based organizations in their efforts to collaborate and partner with local stakeholder groups (e.g., local businesses and industry, local government, medical service providers, and academia) as they develop and implement community-driven solutions that address environmental and/or public health issues for underserved communities. For purposes of this announcement, the term "underserved community" refers to a community with environmental justice concerns and/or vulnerable populations, including minority, low income, rural, tribal, indigenous, and homeless populations. Eligible projects

must demonstrate use of the Environmental Justice Collaborative Problem-Solving Model to support their collaborative efforts during the project period. Applying organizations should have a direct connection to the underserved community impacted by the environmental harms and risks detailed in the workplan.

The long-term goals of the EJGPS Program are to help build the capacity of communities with environmental justice concerns and to create self-sustaining, community-based partnerships that will continue to improve local environments in the future.

Agency Name: Environmental Protection Agency

Description: This notice announces the availability of funds and solicits applications from eligible entities to compete for financial assistance through the Targeted Airshed Grant Program. This program will assist local, state, and/or tribal air pollution control agencies to develop plans and conduct projects to reduce air pollution in nonattainment areas that EPA determines are the top five most polluted areas relative to ozone (O3), annual average fine particulate matter (PM2.5), or 24-hour PM2.5 National Ambient Air Quality Standards (NAAQS). The overall goal of the Targeted Airshed Grant Program is to reduce air pollution in the nation's areas with the highest levels of ozone and PM2.5 ambient air concentrations.

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children & Families - ACYF/FYSB

Description: The Administration for Children and Families, Administration on Children, Youth and Families' Family and Youth Services Bureau announces the availability of funds under the Title V Competitive Sexual Risk Avoidance Education (CSRAE) Program. The purpose of Title V Competitive SRAE is to fund projects to implement education exclusively on sexual risk avoidance that teaches youth participants to voluntarily refrain from non-marital sexual activity. The goals of CSRAE are to empower participants to make healthy decisions, and provide tools and resources to prevent pregnancy, sexually transmitted infections (STIs), and youth engagement in other risky behaviors. Applicants are expected to submit plans for the implementation of sexual risk avoidance education that normalizes the optimal health behavior of avoiding non-marital sexual activity, with a focus being on the future health, psychological wellbeing, and economic success of youth. Successful applicants must agree to use medically accurate information referenced to peer-reviewed publications by educational, scientific, governmental, or health organizations; implement an evidence-based approach integrating research findings with practical implementation that aligns with the needs and desired outcomes for the intended audience; and teach the benefits associated with self-regulation, success sequencing for poverty prevention, healthy relationships, goal setting, and resisting sexual coercion, dating violence, and other youth risk behaviors such as underage drinking or illicit drug use without normalizing teen sexual activity. The plans should address the social, psychological, and health gains to be realized by refraining from non-marital sexual activity and engaging in healthy relationships. The SRAE legislation requires unambiguous and primary emphasis and context for each of the topics to be addressed in program implementation. Additionally, there is a requirement that messages to youth normalize the optimal health behavior of avoiding non-marital sexual activity.

Agency Name:

Administration for Children & Families - ACYF/FYSB

Description:

The Family Violence Prevention and Services Discretionary Grants: Specialized Services for Abused Parents and Their Children (Demonstration Projects) will support up to 24 demonstration projects. Funded demonstration projects will focus on expanding their capacity (as family violence, domestic violence, and dating violence coalitions; local programs; tribal communities; and community-based programs) to prevent future domestic violence by addressing, in an appropriate manner, the needs of children exposed to family violence, domestic violence, or dating violence. All grantees will provide trauma-informed, developmentally appropriate and age-appropriate services, and culturally relevant and linguistically accessible services, to the victims and children relevant to the unique needs of children exposed to family violence, domestic violence, or dating violence, and potentially with co-occurring impacts of child abuse and neglect. All grantees will provide services for nonabusing parents to support those parents' roles as caregivers and their roles in responding to the social, emotional, and developmental needs of their children; and where appropriate, grantees will provide services while working with a nonabusing parent and child together.

Additional Information on Eligibility: To be eligible for the CED program, an applicant must meet three conditions: 1. Applicant must be a private, non-profit CDC with 501(c)(3) status; 2. Applicant must have articles of incorporation or bylaws demonstrating that the CDC has, as a principal purpose, the planning, developing, or managing of low-income housing or community economic development activities; and 3. The Board of Directors must have representation from each of the following: community residents, business leaders, and civic leaders. Note: The CDC designation does not need to be specified on any official documents as long as the three requirements stated above are met. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name: Administration for Children and Families - OCS

Description: The Administration for Children and Families (ACF), Office of Community Services (OCS) will award approximately \$13.6 million in Community Economic Development (CED) discretionary grant funds to Community Development Corporations (CDC) for well-planned, financially viable, and innovative projects to enhance job creation and business development for individuals with low-income. CED grants will be made as part of a broader strategy to address objectives such as decreasing dependency on federal programs, chronic unemployment, and community deterioration in urban and rural areas. CED projects are expected to actively recruit individuals with low-income to fill the positions created by CED-funded development activities, to assist those individuals to successfully hold those jobs and to ensure that the businesses and jobs created remain viable for at least one year after the end of the grant period. CED-funded projects can be non-construction or construction projects, however, short-term construction jobs associated with preparing for business startup or expansion are not counted when determining the number of jobs created under the CED program as they are designed to be temporary in nature. OCS is encouraging applications from CDCs to target rural areas and underserved areas in States without current projects. Furthermore, OCS is encouraging projects that align with Opportunity Zones, Rural Communities with high rates of poverty, unemployment, and substance abuse and rural communities with persistent poverty as identified by USDA's Economic Research Service.

Agency Name: Administration for Children and Families-IOAS-OTIP

Description: The Office on Trafficking in Persons (OTIP) within the Administration for Children and Families is announcing funds for the Domestic Victims of Human Trafficking Services and Outreach (DVHT- SO) Program. The goal of the DVHT-SO Program is to fund organizations that will build, expand, and sustain organizational and local capacity to deliver services to domestic victims of severe forms of human trafficking as defined by the Trafficking Victims Protection Act of 2000 through the provision of direct services, assistance, and referrals. Under the DVHT-SO Program, the following activities are required: 1) outreach efforts to increase identification of victims of sex and labor trafficking; 2) training to service providers and community partners; and 3) provision of comprehensive case management to domestic victims of human trafficking and their

immediate family members. The DVHT-SO Program is informed by a whole-family approach that focuses equally and intentionally on services and opportunities for victims and their immediate family members living within their households. OTIP is encouraging the establishment of community partnerships, meaningful engagement of survivors, and the hiring of qualified professionals that reflect the communities being served in all project implementation strategies under the DVHT-SO Program. Under DVHT-SO there is a 12-month project implementation period to facilitate the development of a sustainability plan, onboarding new staff, and developing victim service protocols. Under the DVHT-SO Program, there is a statutorily mandated 25% match (cash or in-kind) requirement.

Agency Name: Administration for Children and Families - ORR

Description: The Office of Refugee Resettlement/Division of Unaccompanied Children Operations (ORR/DUCO), within the Administration for Children and Families, provides temporary shelter care and other child welfare-related services to Unaccompanied Alien Children (UAC) in ORR custody. Residential care services begin once ORR accepts a UAC for placement and ends when the minor is released from ORR custody, turns 18 years of age, or the minor's immigration case results in a final disposition of removal from the United States. Residential care and other child welfare-related services are provided by State-licensed residential care programs in the least restrictive setting appropriate for the UAC's age and special needs. ORR is announcing this FOA to seek secure care providers. Residential care providers, operating a secure facility, are required to be licensed in the State in which it is located to provide secure care. The secure care provider manages a specialized population of UAC who have exhibited the following behaviors: violent or criminal behavior that endangers others; serious escape history/risk; extremely disruptive/dangerous behavior in a shelter; and/or disruptive/dangerous behavior in a staff-secure setting. All entities, funded under this FOA, must also comply with the Flores Settlement Agreement, the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), pertinent regulations, laws, and ORR policies, instructions, and procedures. ORR encourages applicants to review ORR's policies, instructions, and procedures at:

Agency Name: Administration for Children and Families - ORR

Description: The Office of Refugee Resettlement/Division of Unaccompanied Children Operations (ORR/DUCO), within the Administration for Children and Families, is announcing the availability of funds for the Home Study (HS) and Post Release Services (PRS) for Unaccompanied Alien Children (UAC). The HS/PRS for UAC Program conducts home studies for certain UAC, prior to their release from ORR custody, and provides post release services for UAC after they are released in accordance with the requirements of the William Wilberforce Trafficking Victims Protection Reauthorization Act (TVPRA) of 2008. Under this Program, both HS and PRS services must be provided nationwide. To safely release UAC to sponsors, living in the United States, certain categories of UAC, who are at risk or display special needs, are referred for home studies. Home studies are also conducted for any case in which a sponsor presents a safety risk to the UAC. In order to promote the safety and well-being of UAC, after their release to a sponsor in the U.S., certain categories of children, who display special needs, are referred for post-release services. Post release services are required for all UAC who receive a home study. For cases, where there is no safety risk in releasing a UAC to a sponsor but additional assistance is required to connect the UAC and sponsor to needed resources upon discharge from ORR custody, the case may be referred for post-release only services (i.e., no home study is required). All entities funded under this Funding Opportunity Announcement must comply with ORR/DUCO HS and PRS' policies and procedures, the Flores Settlement Agreement, the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), and pertinent regulations and laws. Agency Name: Administration for Children and Families - ORR

Description: The Office of Refugee Resettlement/Division of Unaccompanied Children's Operation(ORR/DUCO), within the Administration for Children and Families (ACF), provides temporary shelter care and other child welfare-related services to unaccompanied alien children (UAC) in ORR custody. Residential care services begin once ORR accepts a UAC for placement and ends when the UAC is released from ORR custody, turns 18 years of age or the UAC's immigration case results in a final disposition of removal from the United States. Residential care and other child welfare-related services are provided by state-licensed residential care programs in the least restrictive setting appropriate for the UAC's age and needs. ORR is announcing this funding opportunity announcement (FOA) to seek long-term foster care providers. Long term foster care providers are required to be licensed in the state in which they are located to provide foster care services and are required to meet the needs of UAC by providing quality care in a community setting. UAC who may qualify for placement in long-term foster care include UAC between the ages of 0-17 years of age, sibling groups, pregnant/parenting teens and/or UAC who are especially vulnerable or with other needs. All entities, funded under this FOA, must also comply with the Flores v. Reno, Case No. CV 85-4544RJK (C.D. Cal. 1996) (the Flores settlement agreement), the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), pertinent regulations, laws, and ORR policies, instructions, and procedures. ORR encourages applicants to review ORR's policies, instructions, and procedures <http://www.acf.hhs.gov/programs/orr/resource/children-entering-the-united-states-unaccompanied> as these will be critical to the overall program design.

Agency Name: Administration for Children and Families - ORR

Description: The Office of Refugee Resettlement/Division of Unaccompanied Children Operations (ORR/DUCO), within the Administration for Children and Families, provides temporary shelter care and other child welfare-related services to Unaccompanied Alien Children (UAC) in ORR custody. Residential care services begin once ORR accepts a UAC for placement and ends when the minor is released from ORR custody, turns 18 years of age, or the minor's immigration case results in a final disposition of removal from the United States. Residential care and other child welfare-related services are provided by State-licensed residential care programs in the least restrictive setting appropriate for the UAC's age and special needs. ORR is announcing this funding opportunity announcement (FOA) to seek Staff Secure care providers. Residential care providers, operating a staff secure facility, must be licensed by an appropriate State agency to provide residential care, to include a heightened level of supervision, for children with delinquent behaviors, including gang involvement, serious behavioral problems, and/or who present a low to moderate flight risk. All entities, funded under this FOA, must also comply with the Flores Settlement Agreement, the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Additional Information on Eligibility: Eligible applicants may be Qualified Fair Housing Enforcement Organizations (QFHOs) and Fair Housing Enforcement Organizations (FHOs), public or private not-for-profit organizations or institutions, and other public or private entities that are formulating or carrying out programs to prevent or eliminate discriminatory housing practices; agencies of State or local governments; and agencies that participate in the Fair Housing Assistance Program (FHAP). All applicants are required to complete Appendix B, EOI Eligibility Certification and submit as a part of the application. All EOI project periods are 12-18 months. Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Agency Name: Department of Housing and Urban Development

Description: HUD is making available through this NOFA \$ 7,450,000 for Fair Housing Initiatives Program Education and Outreach Initiative. Additional funds may become available for award under this NOFA as a result of HUD's efforts to recapture unused funds, use carryover funds, or because of the availability of additional appropriated funds. Use of these funds will be subject to statutory constraints. All awards are subject to the applicable funding restrictions described in this NOFA. FHIP funds are used to increase compliance with the Fair Housing Act. Funding is available under three Initiatives: Private Enforcement (PEI), Fair Housing Organization (FHOI) and Education and Outreach (EOI) Initiatives. Multi-year awards beyond FY2019 funding are subject to appropriations and the availability of funds. For FY2019, funding for each initiative is listed under a separate NOFA. Applicants must apply under the correct NOFA to be considered for funding. Additionally, if an applicant is eligible and applies for funding under separate initiatives and/or components, the applicant must submit a separate application under the correct NOFA for each component the applicant applies. This Education and Outreach Initiative (EOI) NOFA is to develop, implement, carry out, and coordinate education and outreach programs designed to inform members of the public concerning their rights and obligations under the provisions of the Fair Housing Act. Under the EOI NOFA, activities eligible for funding include but are not limited to: developing educational advertising campaigns, developing and distributing material, and conducting educational activities (workshops, conferences, seminars etc.) that inform people of their rights and

responsibilities under the Fair Housing Act (see Section III.A for detailed eligible activities). This EOI NOFA includes funding for two components: \$1 million for a National Media Campaign; \$6.450 million for general education and outreach activities aimed to inform people of their rights and responsibilities under the Fair Housing Act; This NOFA will receive applications for the EOI NOFA only. Please see the specific FHOI and PEI NOFAs for the additional FHIP funding opportunities.

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Under this NOFA, an eligible applicant must be: (1) a Qualified Fair Housing Enforcement Organizations (QFHO) with at least two years of experience in complaint intake, complaint investigation, testing for fair housing violations, and enforcement related experience and meritorious claims in the three years prior to filing this application; or (2) a Fair Housing Enforcement Organizations (FHO) with at least one year of experience in the enforcement-related activities listed above in the two years prior to the filing of the application. If the applicant is neither a QFHO nor FHO with the requisite experience, the organization is ineligible. Both FHOs and QFHOs must currently conduct these enforcement activities and operate a full- service program. Applicants must complete Appendix B, "Certification for PEI Applicants," to confirm QFHO or FHO status. If an organization does not currently have sufficient experience to qualify as a FHO or QFHO (see 24 CFR part 125.103 and 125.401), the organization may be eligible to apply under FHIP's Education and Outreach Initiative (FR-6300-21A) and/or Fair Housing Organizations Initiative (FR-6300-21B) NOFAs. Please see the correct NOFA for specific eligibility requirements. Eligible Activities Eligible activities include, but are not limited to: (1) Intake of allegations of violations of the Fair Housing Act, testing, evaluating testing results, and providing other investigative work to provide a just resolution for violations of the Fair Housing Act that may violate federal, state, or substantially equivalent local fair housing laws; (2) investigation of violations of the Fair Housing Act, through testing and other investigative methods including systemic investigations; (3) mediation or other voluntary resolution of allegations of violations of the Fair Housing Act; (4) litigation of fair housing cases, including procuring expert witnesses, and (5) fair housing education activities. Activities are eligible only in cases involving conduct prohibited by, or rights protected under, the Fair Housing Act. HUD will allow applicants under the PEI-MY funding component to modify their activities in the second or third year with the approval of the General Technical Representative (GTR) based upon changing demographics and/or need. All applicants must review Appendix A for guidance on the format that should be used to list the applicant's proposed tasks/activities. Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Agency Name: Department of Housing and Urban Development

Description: HUD is making available up to \$10,470,895 through this NOFA for new FY2019 grants. The remaining \$20,879,105 will be used to fund continuing FY2017 and FY2018 PEI Multi-year grantees, at the same level which they were previously funded. Additional funds may become available for award under this NOFA, because of HUD's efforts to recapture unused funds, use carryover funds, or because of the availability of additional appropriated funds. Use of these funds will be subject to statutory constraints. All awards are subject to the applicable funding restrictions described in this NOFA. Funding for additional years beyond FY2019 is subject to the availability of appropriations. The remaining \$20,879,105 of FY2019 PEI funds will be used to fund continuing (second and third year)

FY2017 and FY2018 PEI Multi-year grantees outside of this NOFA. Funding for second and third year of FY2018 and FY2019 Multi-year grantees is subject to the availability of future appropriated funds by Congress. FHIP funds are used to increase compliance with the Fair Housing Act. This year, funding is available under three Initiatives: Private Enforcement (PEI), Fair Housing Organization (FHOI) and Education and Outreach (EOI) Initiatives. Funding for each initiative is listed under a separate NOFA. Applicants must apply under the correct NOFA to be considered for funding. Additionally, if an applicant is eligible and applying for funding under separate initiatives and/or components, the applicant must submit a separate application under the correct NOFA for each component the applicant applies. This NOFA will consider applicants applying under PEI only. The following is a general description of PEI (see section III. A. for all eligibility requirements): Private Enforcement Initiative (PEI). This Initiative provides funding to private, non-profit fair housing enforcement organizations that meet statutory requirements to conduct investigations and enforcement of alleged violations of the Fair Housing Act. PEI applicants may be funded under the following Initiative based on eligibility: Private Enforcement Initiative (PEI) - \$30,750,000 - Multi-Year Funding Component (PEI-MYFC) Applicants may apply for funding under each FHIP NOFA Initiative/Component as long as the applicant meets the specific eligibility requirements and funding restrictions.

Agency Name:	Department of Housing and Urban Development		

Description:

This Section 811 Project Rental Assistance (PRA) Program seeks to identify, stimulate, and support sustainable state approaches that will transform the provision of housing for persons with disabilities while providing access to appropriate supports and services. This NOFA will provide project-based rental assistance funding to housing agencies. These funds are available to be used as project-based rental assistance for housing units integrated within multifamily properties that are set-aside for extremely low-income persons with disabilities who are eligible for community-based long-term care services and supports provided under a State Medicaid Program or other comparable long-term services program. Awards also allow limited use for administrative costs. Any other use of funds is prohibited. This Section 811 PRA program will support successful and promising state partnership models that have been developed to increase the number of permanent housing units for persons with disabilities with access to appropriate services. NOTE: This is not a voucher program. This NOFA allows states to creatively combine or bundle Section 811 PRA funds with existing state administered affordable rental housing finance and development programs. Housing agencies may either directly administer this project rental assistance to supported properties or in instances where there is limited experience, housing agencies are encouraged to partner/contract with other qualified parties to administer the long-term project rental assistance contracts. A major threshold requirement of the program is that the state housing agency must have a focused partnership with the State Health and Human Service/Medicaid Agencies that will be responsible for ensuring that residents have access to the services and supports necessary to live in the community.

Agency Name: Department of Housing and Urban Development

Description: The Section 811 Supportive Housing for Persons with Disabilities Program aims to expand the supply of integrated affordable housing by providing Capital Advance funding for the development of permanent supportive rental housing for very-low-income persons age 18 years or older. In addition to support for construction, Capital Advance awards provide operating subsidies in the form of a Project Rental Assistance Contract ("PRAC") to maintain ongoing affordability over the next forty years. These much-needed units provide persons with disabilities the opportunity to live as independently as possible within the community in an integrated environment that provides access to appropriate and voluntary supportive services. The Department of Housing and Urban Development ("HUD") seeks to fund innovative Section 811 permanent supportive housing models that will be at the forefront of design, service delivery and efficient use of federal resources To achieve this outcome, HUD expects successful Sponsors to demonstrate best practices or innovation in both physical design and supportive services. Proposals must promote the long-term housing sustainability and facilitate community integration for

persons with disabilities. HUD aims to provide Capital Advance funding to those applicants who leverage Capital Advance funds with other financing sources to meet the goal of development of permanent supportive housing. Sponsors/Owners are encouraged to establish formal partnerships with multiple health and human service agencies or organizations with a demonstrated capacity to coordinate voluntary services and supports to enable individuals to live independently in the community. These partnerships should assist the Owners by providing referrals, assisting with a timely transition to a unit, and providing the opportunity to access any supportive services and supports. Demonstrated capacity may refer to previous experience and a well-developed plan to provide referrals, services, and supports.

Agency Name: Fish and Wildlife Service

Description: Federal Program: Department of the Interior, United States (U.S.) Fish and Wildlife Service, HQ National Wildlife Refuge System

Catalog of Federal Domestic Assistance (CFDA) Number: 15.676

Authorizing Legislation: Fish and Wildlife Act, 16 U.S.C. §742 et seq.; Fish and Wildlife Coordination Act, 16 U.S.C. §§661-666; National Fish Hatchery System Volunteer Act, 16 U.S.C. §§760aa-760aa-4; National Wildlife Refuge System Administration Act, 16 U.S.C. §§668dd-ee; Public Lands Corps Act - Public Lands Corps, 16 U.S.C. §§1721-1726; Public Lands Corps Act - Youth Conservation Corps, 16 U.S.C. §§1701-1706; and National Park Service Centennial Act, Public Law No: 114-289.

The U.S. Fish and Wildlife Service's (USFWS or Service) National Wildlife Refuge System (NWRS) is accepting proposals from non-profit, state, and local government youth and veteran serving organizations with the interest and capacity to work cooperatively with the USFWS to develop introductory educational experiences in natural resource careers to young people and veterans, including culturally, ethnically and economically diverse students, and underserved communities that traditionally have low participation in outdoor recreation activities through hands-on experience and mentoring at a variety of USFWS programs including but not limited to, national wildlife refuges, fish hatcheries, and ecological services offices. Under this program, individuals and/or groups of youth, young adults, and veterans:

Will be introduced to natural resource careers through hands-on work with, and training by, natural resource professionals employed by the USFWS may be given the opportunity to serve both seasonal and or year-round assignments.

Will enhance conservation stewardship; increase outdoor recreation opportunities for all Americans and improve the management of game species and their habitats for this generation and beyond.

Will be introduced to various real-world conservation and rehabilitation activities such as invasive species management, habitat restoration, wildlife management, public education and interpretation, disaster response and mitigation, and communications, mixed with informal and formal training sessions directed by USFWS employees during assignments.

Will enhance and expand public access to lands and waters.

Will be provided feedback for their future growth and may receive consideration for future employment with the USFWS.

Agency Name: Fish and Wildlife Service

Description: The Fish and Wildlife Management Assistance Program provides technical and financial assistance to other federal agencies, states, local governments, Native American tribes, non-governmental organizations, citizen groups, and landowners for the conservation and management of fish and wildlife resources. This includes minimizing the establishment, spread, and impact of aquatic invasive species. Specifically, aquatic habitat conservation projects under this program must protect, restore, and enhance fish and aquatic habitats, as outlined in the National Fish Habitat Action Plan (Action Plan). Likewise, projects under this program, directly or indirectly, support and promote public access to recreational fishing opportunities and the sustainable use of other natural resources. Funded projects may be carried out by Fish Habitat Partnerships (FHPs) recognized by the National Fish Habitat Board (Board) or the partners of Board recognized FHPs. More information about the FHPs and their partners can be found online at www.fishhabitat.org.

Additional Information on Eligibility: State, tribal, territorial, or local courts that are either current OVW Domestic Violence Mentor Court Initiative grantees or new applicants with an existing specialized court system for handling domestic violence cases in the United States or U.S. territories.

Agency Name: Office on Violence Against Women

Description: Specialized courts can be an efficient structure for addressing domestic violence. As domestic violence courts continue to develop across the country, jurisdictions developing specialized courts routinely seek examples for best practices. Since FY 2013, OVW has been engaged in an effort to develop and disseminate best practices for domestic violence courts by funding mentor court sites. The OVW Domestic Violence Mentor Court Technical Assistance Initiative (Mentor Court Initiative) creates a unique opportunity to recognize well-established specialized courts and enable them to guide novice or developing courts and court-based programs that wish to significantly improve their responses to domestic violence cases and ensure victim safety and offender accountability. These well-established courts successfully serve as national models and share their expertise by hosting site visits, linking courts with peers facing similar challenges, and assisting other domestic violence courts to implement best practices to respond effectively to these difficult cases.

Additional Information on Eligibility:

The following organizations and entities may apply for grant funds for Stand Down events: State and Local Workforce Development Boards, Veteran Service Organizations, local public agencies, tribal governments, and non-profit organizations including community and faith-based organizations. Organizations registered with the Internal Revenue Service as 501(c)(4) entities are not eligible to apply for this funding opportunity.

Agency Name:

Veterans Employment and Training Service

Description:

DOL VETS supports local Stand Down (SD) events that assist homeless veterans by providing a wide variety of employment, social, and health services. A homeless veteran is a veteran, as defined in 38 U.S.C. 101(2), who is "homeless" as that term is defined at 42 U.S.C. 11302(a)-(b), as amended by the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (Public Law 111-22). Stand Down grant funds must be used to enhance employment and training opportunities or to promote the self-sufficiency of homeless veterans through paid work. Veterans experiencing homelessness do not always have access to basic hygiene supplies necessary to maintain their health and appearance. Lack of shelter limits their ability to prepare for and present themselves at job interviews or be contacted for follow-up. Basic services such as showers, haircuts, attention to health concerns, and other collaborative services provided at SD events can give participants a greater sense of self and an opportunity to improve their chances of securing and maintaining employment. Each year, VETS sets funds aside from the Homeless Veterans' Reintegration Program (HVRP) budget activity to award SD grants. Stand Down funding is a non-competitive grant awarded on a first-come, first-served basis until available annual funding is exhausted. VETS will continue to accept applications and process when additional funds become available. The maximum amount that can be awarded, per applicant for a geographic area, in a fiscal year (October 1 – September 30) is \$7,000 for a one-day event and \$10,000 for a multi-day event. Grants may be awarded to multiple organizations that conduct SD events in the same general area so long as there is no commingling of federal funds. In the event of a significant natural or man-made disaster, VETS may elect to accept and award grants for SD events in excess of the \$10,000 limit. VETS recognizes the following as circumstances that may justify awarding SD grants in higher amounts: emergencies or major disasters, as defined in the Stafford Act, which have been declared eligible for public assistance by the Federal Emergency Management Agency (FEMA). In addition, emergencies or disaster situations of national significance, natural or man-made, that could result in a potentially large loss of employment, as declared or otherwise recognized in writing by the chief official of the Federal Agency with jurisdiction over the Federal response to the emergency or disaster. If the VETS Assistant Secretary determines it is appropriate to award increased grants for SD events due to a disaster, the VETS Assistant Secretary will announce such a determination in writing, including the maximum amount that can be awarded on account of such an identified disaster, in order to provide notice to entities proposing to conduct SD events in those geographic areas where a disaster has been declared or to which a substantial number of veterans have relocated or been relocated. Acceptable uses of Stand Down grant funds do not change in such circumstances. All

applications should be emailed to the appropriate DVET of the state in which the SD event is planned.

Additional Information on Eligibility:

Agency Name: National Archives and Records Administration

Description: The National Historical Publications and Records Commission seeks proposals to publish documentary editions of historical records. Projects may focus on broad historical movements in U.S. history, such as law (including the social and cultural history of the law), politics, social reform, business, military, the arts, and other aspects of the national experience, or may be centered on the papers of major figures from American history. Whether conceived as a thematic or a biographical edition, the historical value of the records and their expected usefulness to broad audiences must justify the costs of the project. The Commission is especially interested in projects to commemorate the 250th anniversary of the Declaration of Independence. We encourage applications that use collections to examine the ideals behind the founding of the United States and the continual interpretation and debate over those ideals over the past 250 years. We welcome projects that engage the public, expand civic education, and promote understanding of the nation’s history, democracy, and culture from the founding era to the present day. The goal of this program is to provide access to, and editorial context for, the historical documents and records that tell the American story. Applicants should demonstrate familiarity with the best practices recommended by the Association for Documentary Editing (ADE) or the Modern Language

Association (MLA) Committee on Scholarly Editions . All new projects (those which have never received NHPRC funding) must have definitive plans for publishing and preserving a digital edition which provides online access to a searchable, fully-transcribed and annotated collection of documents. New projects may also prepare print editions (including ebooks and searchable PDFs posted online) as part of their overall publishing plan, but the contents of those volumes must be published in a fully-searchable digital edition within a reasonable period of time following print publication. The NHPRC encourages projects to provide free public access to online editions. Projects that do not have definitive plans for digital dissemination and preservation in place at the time of application will not be considered. Grants are awarded to collaborative teams (including at least two scholar-editors, in addition to one or more archivists, digital scholars, data curators, and/or other support and technical staff, as necessary) for collecting, describing, preserving, compiling, transcribing, annotating, editing, encoding, and publishing documentary source materials online and in print. Eligible documentary edition projects typically focus on original manuscript or typewritten documents, but may also include other formats, such as analog audio and/or born-digital records. Because of the focus on historical documentary sources, grants do not support preparation of critical editions of published works unless such works are just a small portion of the larger project. This grant program does not support the production of film or video documentaries. For a comprehensive list of the Commission's limitations on funding, please see What We Do and Do Not Fund. Applications that consist entirely of ineligible activities will not be considered. Ongoing projects: Applicants from ongoing projects must demonstrate that they have successfully achieved the performance objectives associated with previous NHPRC awards; provide updated, current information, including a description of the new activities; describe the content and historical significance of the specific materials to be edited during the proposed grant period; show progress towards completing the edition; and justify costs in a new budget. Award Information A grant is for one year and for up to \$175,000 per year. The Commission expects to make up to 25 grants in this category for a total of up to \$3,000,000. Grants begin no earlier than January 1, 2021. The Commission requires that grant recipients acknowledge NHPRC grant assistance in all publications, publicity, and other products that result from its support. Eligibility • U.S. nonprofit organizations or institutions • U.S. colleges, universities, and other academic institutions • State or local government agencies • Federally-acknowledged or state-recognized Native American tribes or groups Cost Sharing The total costs of a project are shared between the NHPRC and the applicant organization. The Commission provides no more than 50 per cent of total project costs in the Publishing Historical Records in Documentary Editions category. NHPRC grant recipients are not permitted to use grant funds for indirect costs (as indicated in 2 CFR 2600.101). Cost sharing is required. The applicant's financial contribution may include both direct and indirect expenses, in-kind contributions, non-Federal third-party contributions, and any income earned directly by the project. Indirect costs must be listed under the applicant's cost sharing contribution. Other Requirements Applicant organizations must be registered in the System for Award Management (SAM) prior to submitting an application, maintain SAM registration throughout the application and award process, and include a valid DUNS number in their application. Details on SAM registration and requesting a DUNS number can be found at the System for Award Management website at <https://sam.gov>. Please refer to the User Guides section and the Grants Registrations PDF. Ineligible applications will not be reviewed.

Agency Name: National Archives and Records Administration

Description:

The National Historical Publications and Records Commission seeks projects that will make collections from small and under-represented archives more readily available for public discovery and use. The grant program will fund Archives Collaboratives to share best practices, tools, and techniques; assess institutional strengths and opportunities; and promote management structures for long-term sustainability and growth. Archives Collaboratives must consist of three or more organizations. They may:

- be located in the same community, state, or geographic region
- be “virtual” or online collaboratives
- share affinities among the scope and subject matter of their collections
- have similar organizational missions
- serve similar types of user communities

Implementation Grants – Funds will be granted to implement the projects developed during the planning phase. Projects that demonstrate commitments by member organizations, a work plan, and timeline are eligible to receive grants up to \$100,000, shared by the consortia, to carry out the project. Applications would be due on January 16, 2020, with a start date for implementation of July 1, 2020. For a comprehensive list of the Commission’s limitations on funding, please see “What we do and do not fund” (<http://www.archives.gov/nhprc/apply/eligibility.html>). Applications that consist entirely of ineligible activities will not be considered. Award Information Successful Archives Collaboratives which have completed the Planning Phase are eligible to apply for an Implementation Grant of up to \$100,000, shared by the consortia. The Commission requires that grant recipients acknowledge NHPRC grant assistance in all publications and other products that result from its support. Eligibility Information Eligible applicants:

- Nonprofit organizations or institutions
- Colleges, universities, and other academic institutions
- State or local government agencies
- Federally-acknowledged or state-recognized Native American tribes or groups

Cost Sharing The total costs of a project are shared between the NHPRC and the applicant organization. The Commission provides no more than 75 per cent of total project costs for the Implementation Grants. NHPRC grant recipients are not permitted to use grant funds for indirect costs (as indicated in 2 CFR 2600.101). The applicant’s financial contribution may include both direct and indirect expenses, in-kind contributions, non-Federal third-party contributions, and any income earned directly by the project. Indirect costs must be listed under the applicant’s cost sharing contribution. Other Requirements Applicant organizations must be registered in the System for Award Management (SAM) prior to submitting an application, maintain SAM registration throughout the application and award process, and include a valid DUNS number in their application. Details on SAM registration and requesting a DUNS number can be found at the System for Award Management website at www.sam.gov. Please refer to the User Guides section and the Grants Registrations PDF. A complete application includes the Application for Federal Assistance (Standard Form 424), Assurances -- Non-Construction Programs (Standard Form 424B), a Project Narrative, Summary, Supplementary Materials, and Budget. Applications lacking these items will not be considered. Ineligible applications will not be reviewed.

Additional Information on Eligibility:

Agency Name: National Archives and Records Administration

Description:

The National Historical Publications and Records Commission seeks proposals to publish documentary editions of historical records. Projects may focus on broad historical movements in U.S. history, such as law (including the social and cultural history of the law), politics, social reform, business, military, the arts, and other aspects of the national experience, or may be centered on the papers of major figures from American history. Whether conceived as a thematic or a biographical edition, the historical value of the records and their expected usefulness to broad audiences must justify the costs of the project. The Commission is especially interested in projects to commemorate the 250th anniversary of the Declaration of Independence. We encourage applications that use collections to examine the ideals behind the founding of the United States and the continual interpretation and debate over those ideals over the past 250 years. We welcome projects that engage the public, expand civic education, and promote understanding of the nation's history, democracy, and culture from the founding era to the present day. The goal of this program is to provide access to, and editorial context for, the historical documents and records that tell the American story. Applicants should demonstrate familiarity with the best practices recommended by the Association for Documentary Editing (ADE) or the Modern Language Association (MLA) Committee on Scholarly Editions. All new projects (those which have never received NHPRC funding) must have definitive plans for publishing and preserving a digital edition which provides online access to a searchable, fully-transcribed and annotated collection of documents. New projects may also prepare print editions (including ebooks and searchable PDFs posted online) as part of their overall publishing plan, but the contents of those volumes must be published in a fully-searchable digital edition within a reasonable period of time following print publication. The NHPRC encourages projects to provide free public access to online editions. Projects that do not have definitive plans for digital dissemination and preservation in place at the time of application will not be considered. Grants are awarded to collaborative teams (including at least two scholar-editors, in addition to one or more archivists, digital scholars, data curators, and/or other support and technical staff, as necessary) for collecting, describing, preserving, compiling, transcribing, annotating, editing, encoding, and publishing documentary source materials online and in print. Eligible documentary edition projects typically focus on original manuscript or typewritten documents, but may also include other formats, such as analog audio and/or born-digital records. Because of the focus on historical documentary sources, grants do not support preparation of critical editions of published works unless such works are just a small portion of the larger project. This grant program does not support the production of film or video documentaries. For a comprehensive list of the Commission's limitations on funding, please see What We Do and Do Not Fund. Applications that consist entirely of ineligible activities will not be considered. Ongoing projects: Applicants from ongoing projects must demonstrate that they have successfully achieved the performance objectives associated with previous NHPRC awards; provide updated, current

information, including a description of the new activities; describe the content and historical significance of the specific materials to be edited during the proposed grant period; show progress towards completing the edition; and justify costs in a new budget. Award Information A grant is for one year and for up to \$175,000 per year. The Commission expects to make up to 25 grants in this category for a total of up to \$3,000,000. Grants begin no earlier than January 1, 2021. The Commission requires that grant recipients acknowledge NHPRC grant assistance in all publications, publicity, and other products that result from its support. Eligibility • U.S. nonprofit organizations or institutions • U.S. colleges, universities, and other academic institutions • State or local government agencies • Federally-acknowledged or state-recognized Native American tribes or groups Cost Sharing The total costs of a project are shared between the NHPRC and the applicant organization. The Commission provides no more than 50 per cent of total project costs in the Publishing Historical Records in Documentary Editions category. NHPRC grant recipients are not permitted to use grant funds for indirect costs (as indicated in 2 CFR 2600.101). Cost sharing is required. The applicant's financial contribution may include both direct and indirect expenses, in-kind contributions, non-Federal third-party contributions, and any income earned directly by the project. Indirect costs must be listed under the applicant's cost sharing contribution. Other Requirements Applicant organizations must be registered in the System for Award Management (SAM) prior to submitting an application, maintain SAM registration throughout the application and award process, and include a valid DUNS number in their application. Details on SAM registration and requesting a DUNS number can be found at the System for Award Management website at <https://sam.gov>. County governments

Additional Information on Eligibility:

Agency Name: National Endowment for the Arts

Description: An organization that applies to the Challenge America category, may not submit another application to the Grants for Arts Projects category. You may apply to other National Endowment for the Arts funding opportunities, including Our Town, in addition to Challenge America. In each case, the request must be for a distinctly different project or a distinctly different phase of the same project, with a different period of performance and costs. The Arts Endowment's support of a project may start on or after January 1, 2021. Grants awarded under these guidelines generally may cover a period of performance of up to two years. An organization that has received Challenge America grants in FY 2018, 2019, and 2020 may not apply for a Challenge America grant under these FY 2021 guidelines. That organization may apply for FY 2021 support under other National Endowment for the Arts funding opportunities including Grants for Arts Projects.

Grant Program Description The Challenge America category offers support primarily to small and mid-sized organizations for projects that extend the reach of the arts to underserved populations -- those whose opportunities to experience the arts are limited by geography, ethnicity, economics, or disability. Age alone (e.g., youth, seniors) does not qualify a group as underserved; at least one of the underserved characteristics noted above also must be present. Provide details about the underserved audience you select in your application using relevant statistics and anecdotal information. Proposals should detail the efforts made to reach the identified underserved population. Grants are available for professional arts programming and for projects that emphasize the potential of the arts in community development.

Description: Grant applications previously submitted to the Art Works category will now be submitted to the Grants for Arts Projects category. An organization may submit only one application under these FY2021 Grants for Arts Projects guidelines. If an organization applies to the Challenge America category, it may not also apply to the Grants for Arts Projects category. The Arts Endowment's support of a project may start on or after January 1, 2021. Generally, a period of performance of up to two years is allowed. Grant Program Description: "The Arts . . . belong to all the people of the United States" * Grants for Arts Projects is the National

Endowment for the Arts' principal grants program. Through project-based funding, we support public engagement with, and access to, various forms of excellent art across the nation, the creation of art that meets the highest standards of excellence, learning in the arts at all stages of life, and the integration of the arts into the fabric of community life. Projects may be large or small, existing or new, and may take place in any part of the nation's 50 states, the District of Columbia, and U.S. territories. The National Endowment for the Arts is committed to diversity, equity, inclusion, and fostering mutual respect for the diverse beliefs and values of all individuals and groups.

Description: •You may submit only one application for FY 2021 funding. You may not apply for both a Literature Fellowship under this deadline and a Translation Project under the January 15, 2020 deadline. Grant Program Description The National Endowment for the Arts Literature Fellowships program offers \$25,000 grants in prose (fiction and creative nonfiction) and poetry to published creative writers that enable recipients to set aside time for writing, research, travel, and general career advancement. Applications are reviewed through an anonymous process in which the only criteria for review are artistic excellence and artistic merit of the submitted manuscript. The program operates on a two-year cycle with fellowships in prose and poetry available in alternating years. For FY 2021, which is covered by these guidelines, fellowships in poetry are available. Fellowships in prose (fiction and creative nonfiction) will be offered in FY 2022 and guidelines will be available in January 2021. You may apply only once each year.

Agency Name: National Endowment for the Humanities

Description: The National Endowment for the Humanities (NEH) Division of Research Programs is accepting applications for the Public Scholars program. The purpose of this program is to support the creation of well-researched nonfiction books in the humanities written for the broad public by offering grants to individual authors for research, writing, travel, and other activities leading to publication. The program is intended both to encourage non-academic writers to deepen their engagement with the humanities by strengthening the research underlying their books, and to encourage

academic writers in the humanities to communicate the significance of their research to the broadest possible range of readers.

Description:

SBA intends to award a discretionary grant to the National Association of Government Guaranteed Lenders (NAGGL) for the purpose of providing SBA 7(a) training to non profit lenders participating in the SBA Community Advantage Pilot Loan Program (CA). NAGGL has extensive experience with providing training to lenders on SBA's 7(a) loan product in the areas of loan origination, loan servicing and loan liquidation. This discretionary grant will serve as a proof of concept to explore the success of regional training to mission lenders participating in CA. These training needs have been identified by SBA's Office of Credit Risk Management to increase the performance level of lenders participating in the CA program. SBA will work closely with NAGGL in shaping the project as it is implemented and will draw lessons learned from its implementation and use that insight and experience in deciding whether or not to continue the initiative in a permanent form, which we would then do via the standard competitive process for awarding grants.

Farm Loans

FSA makes direct and guaranteed farm ownership and operating loans to family-size farmers and ranchers who cannot obtain commercial credit from a bank, Farm Credit System institution, or other lender. FSA loans can be used to purchase land, livestock, equipment, feed, seed, and supplies. Loans can also be used to construct buildings or make farm improvements.

Housing Assistance

USDA provides homeownership opportunities to low- and moderate-income rural Americans through several loan, grant, and loan guarantee programs. The programs also make funding available to individuals to finance vital improvements necessary to make their homes decent, safe, and sanitary. USDA Multi-Family Housing Programs offer Rural Rental Housing Loans to provide affordable multi-family rental housing for very low-, low-, and moderate-income families; the elderly; and persons with disabilities. In addition, rental assistance is available to eligible families.

Rural Development Loan and Grant Assistance

USDA Rural Development forges partnerships with rural communities, funding projects that bring housing, community facilities, business guarantees, utilities and other services to rural America. USDA provides technical assistance and financial backing for rural businesses and cooperatives to create quality jobs in rural areas. Rural Development promotes the President's National Energy Policy and ultimately the nation's energy security by engaging the entrepreneurial spirit of rural America in the development of renewable energy and energy efficiency improvements. Rural Development works with low-income individuals, State, local and Indian tribal governments, as well as private and nonprofit organizations and user-owned cooperatives.

Beginning Farmers and Ranchers

USDA, through the Farm Service Agency, provides direct and guaranteed loans to beginning farmers and ranchers who are unable to obtain financing from commercial credit sources. Each fiscal year, the Agency targets a portion of its direct and guaranteed farm ownership (FO) and operating loan (OL) funds to beginning farmers and ranchers.

Crop and Livestock Insurance

USDA helps producers manage their business risks. The mission of USDA's Risk Management Agency (RMA) is to promote, support, and regulate sound risk management solutions to preserve and strengthen the economic stability of America's agricultural producers. As part of this mission, RMA operates and manages the Federal Crop Insurance Corporation (FCIC).

RMA has three divisions: Insurance Services, Product Management, and Risk Compliance. Seventeen private-sector insurance companies sell and service the policies. RMA develops and/or approves the premium rate, administers premium and expense subsidies, approves and supports products, and reinsures the companies. RMA also sponsors educational and outreach programs and seminars on the general topic of risk.

Federal State Marketing Improvement Program

This matching grant program, also known as FSMIP, provides matching funds to State Departments of Agriculture and other appropriate State agencies to assist in exploring new market opportunities for food and agricultural products, and to encourage research and innovation aimed at improving the efficiency and performance of the marketing system.

Specialty Crop Block Grant Program

The SCBGP funds can be requested to enhance the competitiveness of specialty crops. Specialty crops are defined as fruits and vegetables, tree nuts, dried fruits, and nursery crops (including floriculture).

The Farmers Market Promotion Program

The FMPP was created through a recent amendment of the Farmer-to-Consumer Direct Marketing Act of 1976. The grants, authorized by the FMPP, are targeted to help improve and expand domestic farmers markets, roadside stands, community-supported agriculture programs and other direct producer-to-consumer market opportunities.

Organic Cost Share Program

AMS administers two organic certification cost share programs. Each program provides cost share assistance, through participating States, to organic producers and/or organic handlers. Recipients must receive initial certification or continuation of certification from a USDA accredited certifying agent (ACA).

WHAT IS ECONOMIC DEVELOPMENT?

Economic Development creates the conditions for economic growth and improved quality of life by expanding the capacity of individuals, firms, and communities to maximize the use of their talents and skills to support innovation, lower transaction costs, and responsibly produce and trade valuable goods and services.

Economic Development requires effective, collaborative institutions focused on advancing mutual gain for the public and the private sector.

Economic Development is essential to ensuring our economic future.

A technical assistance initiative of the International Trade Administration of the U.S. Department of Commerce, SABIT offers organizations competitive grants and an opportunity to host industry-specific delegations. SABIT serves as an initial entry point for U.S. businesses seeking funding to establish long-term relationships with potential customers, distributors, or partners in the former Soviet Union. The program trains Eurasian managers and scientists in commonly accepted business practices as a means of facilitating cross border relationships. In turn, these personal relationships serve as a basis for business development and reduce market access barriers for U.S. businesses

Corporation for National and Community Service

General Program Overview

AmeriCorps provides resources, both human and financial, to organizations that engage Americans in intensive service to meet our country's critical needs.

Grantees use the funding to support AmeriCorps members for intensive service in their community. AmeriCorps grants partially cover the expense of operating an AmeriCorps program and do not cover general organizational expenses. A cash and in-kind match is required.

National Service In Hawaii

Meeting Community Needs in Hawaii: Last year more than **3,600** Americans of all ages and backgrounds met local needs, strengthened communities, and expanded economic opportunity through national service in Hawaii. The Corporation for National and Community Service (CNCS) invested more than **\$8.1 million** to support cost-effective community solutions, working hand in hand with local partners to empower citizens to solve problems. AmeriCorps members and Senior Corps volunteers are preparing today's students for tomorrow's jobs, reducing crime and reviving cities, connecting veterans to services, fighting the opioid epidemic, helping seniors live independently, and rebuilding communities after disasters. Service members served at more than **300** locations across Hawaii, including schools, food banks, homeless shelters, health clinics, youth centers, veterans facilities, and other nonprofit and faith-based organizations. Through a unique public-private partnership, CNCS, its grantees, and project sponsors generated more than **\$9.6 million** in outside resources from businesses, foundations, public agencies, and other sources in FY 2017. This local support strengthened community impact and increased the return on taxpayer dollars.

AmeriCorps

Last year, more than **600** AmeriCorps members met pressing local needs across Hawaii, making a lasting impact in communities while gaining valuable skills and experience to advance their careers. AmeriCorps members serve through one of three programs:

- **AmeriCorps State & National** engages men and women in intensive service at thousands of locations across the country through nonprofits, schools, public agencies, tribes, and community and faith-based groups. Most AmeriCorps grant funding goes to the Hawaii Commission on National & Community Service, the Governor-appointed State Service Commission, which in turn awards grants to organizations to respond to local needs.
- **AmeriCorps VISTA** (Volunteers In Service To America) taps the skills, talents, and passion of Americans of all ages to support community efforts to overcome poverty.
- **AmeriCorps NCCC** (National Civilian Community Corps) is a full-time, team-based residential program for 18-24 year-olds. Members develop leadership skills by serving in public safety, environment, and disaster projects. FEMA Corps, a unit of NCCC, focuses solely on disaster preparedness, response, and recovery.

Senior Corps

Senior Corps taps the skills, talents, and experience of Americans age 55 and over to meet a wide range of community challenges. Last year, more than **3,000** Hawaii seniors met critical community needs while contributing to longer, healthier lives through one of three Senior Corps programs:

- **Foster Grandparents** serve one-on-one as tutors and mentors to young people with exceptional needs.
- **Senior Companions** help homebound seniors and other adults maintain independence primarily in their own homes.
- **RSVP** volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services.

Last year in Hawaii, Foster Grandparents tutored and mentored **530** young people, Senior Companions helped **290** seniors live independently, and RSVP volunteers strengthened the impact of **150** organizations across the state.

Bid Protest and Size Challenges

Federal contracting laws and regulations ensure that federal procurement is conducted fairly, according to proper procedures, and in a competitive manner. However, sometimes an offeror or contractor has a reason to believe that a procurement is conducted unfairly, improperly, or anti-competitively—resulting in a "bid protest." [Learn more.](#)

Forecast of Funding Opportunities under the Department of Education Discretionary Grant Programs for Fiscal Year (FY) 2018

This document lists virtually all programs and competitions under which the Department (we) has invited or expects to invite applications for new awards and provides actual or estimated deadline dates for the transmittal of applications under these programs. The lists are in the form of charts -- organized according to the Department's principal program offices -- and include programs and competitions we have previously announced, as well as those we plan to announce at a later date. **If you are interested in applying for any upcoming grants with the Department of Education, please take the time to register with SAM at www.SAM.gov, as you must have an active account in order to submit a grant application with our agency. We recommend you register now even as you are looking for eligible grant programs so that your SAM registration is active by the time the application is published. This will allow you to focus on writing the application during the period the application is available and you are not spending a portion of that time obtaining SAM registration. Please click [here](#) to refer to the SAM tip sheet for additional information.**

Note: This document is advisory only and is not an official application notice of the Department of Education. We expect to provide updates to this document starting in the first week of June in a fiscal year and continuing through the following August. Please keep in mind that the dates recorded in this document are **SUBJECT TO CHANGE** and that the average size/number of awards are **ESTIMATES**.

Note on printing: For best results, print this document in landscape orientation.

Organization of this Document

We have assigned to each principal office a separate chart as follows:

Chart 1 - Institute of Education Sciences.

Chart 2 - Office of Elementary and Secondary Education.

Chart 3 - Office of Innovation and Improvement.

Chart 4 - Office of Postsecondary Education (Link to IFLE Chart)

Chart 5 - Office of Special Education and Rehabilitative Services (Links to RSA Chart)

Chart 6 - Office of Career, Technical and Adult Education

Chart 7 - Office of English Language Acquisition

Grant Application Information

Here's how you can tell whether we've already published an application notice for a particular program or competition in the *Federal Register* and whether the dates we list in this Forecast of Funding Opportunities are actual or estimates:

If we have published the application notice, we will list the *Federal Register* (FR) volume and page number (e.g., 65 FR 53402) after the date in column two. The other dates for that program or competition (columns four and five) are actual (as opposed to estimated) dates.

If we do not follow the date in column two with an FR citation, it means that we have yet to publish the application notice, and the dates (columns, two, four, and five) are estimates only. The actual dates will appear in the official application notice for that program or competition in the *Federal Register*.

Date of Application Notice. In column two of the charts, we list the actual or estimated date for publication of the application notice for a given program or competition.

Link to Notice. In column three of the charts, after its publication in the *Federal Register*, we will provide a link to the application notice for a given program or competition.

Electronic Grant Applications. Applications may be submitted electronically, for certain programs listed in the Forecast, through the Grants Management System (G5: www.g5.gov) or through Grants.gov. The requirements and instructions for submitting applications electronically under the program identified will appear in the *Federal Register* in the application notice for these programs or competitions. It is important to note that, if a competition is using Grants.gov, it will not be using G5 and vice versa. As part of doing business with the Federal Government, applicants must have an active registration with SAM (www.SAM.gov). Therefore, we strongly recommend that you create a SAM account now (or update your account if you already have an existing one) before the application package becomes available so that once the package is posted, your registration will be complete.

Contact Information

Program Contact Person. In column seven of the charts, we list the name, e-mail address, fax, and telephone numbers of the person or persons to contact for obtaining an application or further information about the programs listed. We also include this information in the actual application notice for that program.

For Users of TDD or FIRS. If you use a telecommunications device for the deaf (TDD), you may call the TDD number, if any, listed in the individual application notice. If a TDD number is not listed for a given program, individuals who use a TDD may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

Fiscal Information

Available Funds. The programs and funding amounts listed in this document are based on the Secretary's best estimates at this time. The Secretary is providing this document in order to give potential applicants adequate time to prepare applications. Potential applicants should note, however, that the Department may cancel some of the competitions listed in this document and may announce some new competitions not listed in this document.

Estimated Average Size of Awards and Number of Awards. Except for programs and competitions administered by the Office of Special Education and Rehabilitative Services (OSERS), column six lists estimated average size and number of awards. The amounts and numbers referenced in this column are advisory and represent the Secretary's best estimates at this time. The average size of an award is the estimate for a single-year project or for the first budget period of a multi-year project. In the application package for an individual program or competition, applicants will receive information about the amount the Secretary intends to make available for each year of a multi-year project.

In the case of programs and competitions administered by the principal components of OSERS, the charts differ with regard to the average size of awards. For programs and competitions of this office, column six of the charts lists the average or estimated maximum size of the awards per year. Applicants will receive further information about funding amounts in the application packages for the individual programs.

Note: The Department is not bound by any of the estimates in this document. We advise you to read the actual individual application notices for these programs or competitions published in the *Federal Register*.

Labor-Management Grants Program

Promoting Labor-Management Cooperation through Funding Support

The FMCS Grants Office provides federal grants to support the establishment and operation of plant-level, area-wide, industry or sectoral joint labor-management committees confronting specific, definable problems for which they have developed clear, innovative, and measurable long-term solutions.

The FMCS grants program, which began in 1981 under the authority of the Labor-Management Cooperation Act of 1978 (PL 95-524), has funded projects designed to improve communications, strategic planning, recruitment, industry changes, and economic development by encouraging cooperative efforts among labor, management, and communities to jointly address issues such as health, safety, employee training, and the resolution of workplace disputes.

In accordance with the terms of the Labor-Management Cooperation Act of 1978, FMCS considers applications from plant, geographic or area-wide committees. We especially encourage applications from area-wide, industry or sectoral joint labor-management committees focused on the 21st century economy and the challenges of a rapidly evolving workplace, such as:

- job security and skills
- working conditions for an increasingly mobile workforce
- consensus solutions to workplace standards
- organizational effectiveness
- economic development and competitiveness for entire communities;
- hiring and retaining the next generations of workers

Area or industry-wide applicants must include, among their participants, an employer and the collective bargaining representative of its employees. As long as this threshold requirement is met, area or industry-wide committees may also include community organizations, state and local government entities and employers whose employees are not represented by a labor organization.

Grants Forecast and Overview

The Department of Health and Human Services' Grants Forecast is a database of planned grant opportunities proposed by its [agencies](#). Each Forecast record contains actual or estimated dates and funding levels for grants that the agency intends to award during the fiscal year. Forecast opportunities are subject to change based on enactment of congressional appropriations.

For more general information about HHS Grants and Funding go to the website below at:

<https://www.hhs.gov/grants/grants/index.html>

The screenshot shows the HHS Grants website. At the top, there are four navigation buttons: "About HHS" (blue), "Programs & Services" (red), "Grants & Contracts" (purple), and "Laws & Regulations" (green). Below these is a breadcrumb trail: "Home > Grants > Grants". On the left side, there is a sidebar with a "HHS Grants" section containing links for "Get Ready for Grants Management", "Grants Policies & Regulations", and "Avoid Grant Scams". Below this are sections for "HHS Contracts", "HHS Small Business Program", and "Grants & Business Contacts". The main content area has a "Text Resize" tool and "Print" and "Share" buttons. The heading "HHS Grants" is followed by a paragraph stating that HHS is the largest grant-making agency in the US. Below this, there are two columns of content. The left column is titled "Get Ready for Grants Management" and describes how to register with the government, find and apply for grants, and manage grants. The right column is titled "Grants Policies & Regulations" and describes the latest information about audits, efficient spending policy, laws and regulations that apply to federal grants.

Finding & Applying for Grants

[Search for HUD grants on Grants.gov](#) – Here you may search for discretionary HUD Grants, eligibility, and category. You will also find a Forecast for upcoming HUD grants.

[Browse Funding Opportunities Page](#) – HUD's Funding Opportunities page lists funding opportunities for competitive applicants and existing recipients.

[Award Announcements](#) – Lists HUD's discretionary grants awarded, starting with the most current year.

Registering for Grants

Obtain a DUNS Number - The federal government uses DUNS (Data Universal Number System) numbers as the number to uniquely identify each organization, based on their physical location. The unique nine-digit number is used to track how federal funds are awarded and expended.

To apply for any of HUD's grants programs, your organization must have a DUNS number issued through [Dun & Bradstreet](#) and must have an active registration with [SAM.gov](#).

Update! Sam.gov is making important changes to its login and notarized letter review processes in June. Read more here: [SAM Update](#)

Register through Sam.gov - All applicants and recipients must maintain an active registration with the [System for Award Management \(SAM\)](#). SAM consolidated the capabilities of Central Contractor Registry (CCR), Online Representations and Certifications Application (ORCA), and Excluded Parties List System (EPLS).

All organizations must designate an E-Business Point of Contact (E-Biz POC) and Authorized Organization Representative (AOR) in SAM. Please visit [SAM.gov](#) for more information or to register.

Register through Grants.Gov - Most of HUD's discretionary grants are only available through [Grants.gov](#). Applicants interested in applying for HUD funds, must register with [Grants.gov](#) and, create a profile.

Grants Management Resources

[The Grants Management & Oversight Division \(GMO\)](#) establishes and implements agency-wide policies and procedures for HUD's grant programs, provides oversight and assistance to grant programs to assure timely execution consistent with guidance, and reports to leadership on the status and outcomes of grant programs.

[HUD Conforming Regulation to 2 CFR 200](#) – Correction to a final rule that was published in the Federal Register on December 7, 2015 (80 FR 75931).

[Regulations implementing the HUD Reform Act \(24 CFR Part 4\)](#) - The HUD Reform Act was enacted to ensure accountability, transparency, and a level playing field in the grants process at the Department. This was primarily accomplished through Sections 102 & 103 of the Act.

[Grants Oversight and New Efficiency \(GONE Act\)](#) - The goal of the Grants Oversight and New Efficiency (GONE) Act is to close out expired grants.

[The Digital Accountability and Transparency Act of 2014 \(DATA Act\)](#) - To expand the Federal Funding Accountability and Transparency Act of 2006 to increase accountability and transparency in Federal spending, and for other purposes.

[Code of Conducts -- Conducting Business in Accordance with Core Values and Ethical Standards](#) - Applicants subject to 2 CFR 200.318 (most nonprofit organizations and state, local, and Indian tribal governments or government agencies or instrumentalities that receive federal awards of financial assistance) are required to develop and maintain a written code of conduct.

Funding Opportunities

HUD awards discretionary funding through over 20 Grant programs that support HUD initiatives, including Affordable Housing Development and Preservation, Community and Economic Development, Environment and Energy, Fair Housing, Homelessness, Homeownership, Rental Assistance, and Supportive Housing and Services.

Notice of Funding Availability (NOFA) - The Notice of Funding Availability (NOFA) is a notice published each year in Grants.gov for HUD's Discretionary Funding Programs. This notice describes the type of funding available on a competitive basis and provides a contact where an application may be submitted, typically up to 60 to 90 days from the date of NOFA publication. Selection will then be made based upon specific factors and criteria identified within the NOFA.

Working With Interior

The U.S. Department of the Interior's Office of Acquisition and Property Management oversees the overall implementation of department's procurement and grant programs. This includes ensuring these programs perform in accordance with current applicable laws and regulations. Each of our bureaus, as well as other major organizations within Interior, has its own procurement office. These offices contract with the private sector for a variety of supplies, equipment and services. Services our procurement offices have acquired by contract include training, architect-engineer services, advisory and assistance services, custodial services, guard services, operation and maintenance, telecommunications services and information-technology services, maintenance and support.

State Agencies / About SAAs

State Administering Agencies

State Administering Agencies (SAAs) conduct coordinated and transparent strategic planning and implement structural reforms that improve the administration of justice, while saving taxpayer money. There are 56 agencies in all 50 states and territories, and Washington DC. Visit the [SAA Directory](#) for agency contact information and websites, and contact information agency heads, JAG contacts and SAC Directors.

Most SAAs are a component of the Governor's (or Mayor's) office; a free-standing criminal justice planning entity or a division of the state department of public safety. In addition to location, the mission, vision and strategic focus of an SAA is often defined by state statutes. Due to differences in location, formula grants administered, research capacity and leadership selection processes, SAAs are a diverse group of government agencies with differing capacities, perspectives, missions and priorities.

The Role of the SAA

With a structure and process that varies by state, these agencies use strategic planning to analyze crime trends, evaluate the priorities of all segments of the criminal justice system, set out a plan for reducing crime and victimization and guide the use of the grant funds.

Furthermore, SAAs, in partnership with the Bureau of Justice Assistance (BJA), design, replicate and implement evidence-based programs and practices that target the needs identified in their strategic plans, incorporate rigorous research, measure performance, and provide an honest assessment of success or failure. In many states, the SAAs have established training centers that help their local partners develop and deploy evidence-based practices. (See our [From Policy to Practice video series](#) for information about state resources for supporting implementation of EBPs).

Many innovative criminal justice practices started with funding from the Edward Memorial Justice Assistance Grant (Byrne JAG) Program, the primary provider of federal criminal justice funding to state and local jurisdictions. JAG-funded programs have been replicated nationwide. These include drug courts, methamphetamine lab reduction, anti-gang strategies, reentry programs and information sharing protocols. Browse our [Library of Byrne JAG Promising Practices](#) for JAG-funded program examples from all 50 states and Washington DC.

[NASA Research Opportunities Online](#)

- Various NASA offices publish their research announcements over the Internet, broadening the opportunity for researchers to apply for funding. This site provides access to current research announcements along with their specific due dates.

A screenshot of the NASA Research Opportunities Online website. The page has a dark blue header with the NASA logo on the left and navigation links: Topics, Missions, Galleries, NASA TV, Follow NASA, Downloads, About, NASA Audiences, and a search bar. A left sidebar contains links for About NASA, Leadership, Organization, Locations, Exhibits and Speakers, Careers@NASA, and a Related Topics section with an "All Topics A-Z" link. The main content area is titled "Research Opportunities" and contains text about research opportunities, links to "Find out more", and a photo of a researcher examining solar mirrors. The footer includes the NASA logo and page information: "National Aeronautics and Space Administration", "Page Last Updated: May 5, 2016", "Page Editor: Ian Batchelder", and "NASA Official: Brian Dunbar".

Research Opportunities

NASA offices and field centers offer a wide variety of opportunities for researchers to join the NASA team. Whether supporting graduate students and funding science investigations for missions to other planets, NASA encourages all interested researchers to take advantage of these opportunities.

NASA Research Opportunities

Supporting research in science and technology is an important part of NASA's overall mission. NASA solicits this research through the release of various research announcements in a wide range of science and technology disciplines. NASA uses a peer review process to evaluate and select research proposals submitted in response to these research announcements. Researchers can help NASA achieve national research objectives by submitting research proposals and conducting awarded research. This site facilitates the search for NASA research opportunities.

NASA Research

- Solicitations

Search for and view open, closed, past, and future NASA research announcements. The full text of the [solicitation announcements](#) can be viewed and downloaded.

Solicitations and selected proposals for years prior to NSPIRES implementation, January 1, 2005, were posted manually; therefore, some postings for years 2000-2004 may not be as complete as those posted through the NSPIRES system from 2005 to the present.
- Getting Started

To submit a research proposal to NASA, individuals and the organizations with which they are affiliated must be registered in NSPIRES. Individuals may register at any time.

Organizations are required to have a valid registration with the System for Award Management (SAM) before they can register in NSPIRES. See [Registration Information](#) for more details on user and organization registration.

The National Science Foundation funds research and education in most [fields of science and engineering](#). It does this through grants, and cooperative agreements to more than 2,000 colleges, universities, K-12 school systems, businesses, informal science organizations and other research organizations throughout the United States. The Foundation accounts for about one-fourth of federal support to academic institutions for basic research.

NSF receives approximately 40,000 proposals each year for research, education and training projects, of which approximately 11,000 are funded. In addition, the Foundation receives several thousand applications for graduate and postdoctoral fellowships.

The agency operates no laboratories itself but does support National Research Centers, user facilities, certain oceanographic vessels and Antarctic research stations. The Foundation also supports cooperative research between universities and industry, US participation in international scientific and engineering efforts, and educational activities at every academic level.

The SBA helps small businesses get loans

The SBA works with lenders to provide loans to small businesses. The agency doesn't lend money directly to small business owners. Instead, it sets guidelines for loans made by its partnering lenders, community development organizations, and micro-lending institutions. The SBA reduces risk for lenders and makes it easier for them to access capital. That makes it easier for small businesses to get loans.

Benefits of SBA-guaranteed loans

Competitive terms

SBA-guaranteed loans generally have rates and fees that are comparable to non-guaranteed loans.

Counseling and education

Some loans come with continued support to help you start and run your business.

Unique benefits

Lower down payments, flexible overhead requirements, and no collateral needed for some loans.

<https://www.sba.gov/funding-programs/loans>

Federal, state and local governments offer a wide range of financing programs to help small businesses start and grow their operations. These programs include low-interest loans, venture capital, and scientific and economic development grants.

The Small Business Innovative Research Program - SBIR Program

The Small Business Innovation Research (SBIR) program is a highly competitive program that encourages domestic small businesses to engage in Federal Research/Research and Development (R/R&D) that has the potential for commercialization. Through a competitive awards-based program, SBIR enables small businesses to explore their technological potential and provides the incentive to profit from its commercialization. By including qualified small businesses in the nation's R&D arena, high-tech innovation is stimulated, and the United States gains entrepreneurial spirit as it meets its specific research and development needs.

SBIR Mission and Program Goals

The mission of the SBIR program is to support scientific excellence and technological innovation through the investment of Federal research funds in critical American priorities to build a strong national economy.

The program's goals are four-fold:

- Stimulate technological innovation
- Meet Federal research and development needs.
- Foster and encourage participation in innovation and entrepreneurship by socially and economically disadvantaged persons.
- Increase private-sector commercialization of innovations derived from Federal research and development funding.

SBIR-Participating Agencies

Each year, Federal agencies with extramural research and development (R&D) budgets that exceed \$100 million are required to allocate 2.5 percent of their R&D budget to these programs. Currently, eleven Federal agencies participate in the program:

- [Department of Agriculture](#)
- Department of Commerce - [National Institute of Standards and Technology](#)
- [Department of Defense](#)
- [Department of Energy](#)
- [Department of Health and Human Services](#)
- [Department of Homeland Security](#)
- [Department of Transportation](#)
- [Environmental Protection Agency](#)
- [National Aeronautics and Space Administration](#)
- [National Science Foundation](#)

Each agency administers its own individual program within guidelines established by Congress. These agencies designate R&D topics in their solicitations and accept proposals from small businesses. Awards are made on a competitive basis after proposal evaluation.

Three-Phase Program

The SBIR Program is structured in three phases:

Phase I. The objective of Phase I is to establish the technical merit, feasibility, and commercial potential of the proposed R/R&D efforts and to determine the quality of performance of the small business awardee organization prior to providing further Federal support in Phase II. SBIR Phase I awards normally do not exceed \$150,000 total costs for 6 months.

Phase II. The objective of Phase II is to continue the R/R&D efforts initiated in Phase I. Funding is based on the results achieved in Phase I and the scientific and technical merit and commercial potential of the project proposed in Phase II. Only Phase I awardees are eligible for a Phase II award. SBIR Phase II awards normally do not exceed \$1,000,000 total costs for 2 years.

Phase III. The objective of Phase III, where appropriate, is for the small business to pursue commercialization objectives resulting from the Phase I/II R/R&D activities. The SBIR program does

not fund Phase III. Some Federal agencies, Phase III may involve follow-on non-SBIR funded R&D or production contracts for products, processes or services intended for use by the U.S. Government
