**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** For both priorities of this funding opportunity, eligible applicants are limited to institutions of higher education; K-12 public and independent schools and school systems; other nonprofits, including community-based organizations and informal education institutions, such as museums, zoos, and aquariums; state and local government agencies; and Indian tribal governments in the United States. For-profit organizations, foreign institutions, and individuals are not eligible to apply; however, for-profit organizations, foreign institutions, and individuals may participate as project partners. Likewise, federal agencies are not eligible to receive federal assistance under this announcement, but may be project partners. For Priority 1, eligible organizations must be based in the Southern or Western Region of the United States (determined based on the associated physical address of the applying institution's DUNS number). The Southern Region includes the following states and territories: Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, New Mexico, Oklahoma, Puerto Rico, Tennessee, Texas, and the United States Virgin Islands. The Western Region includes the following states and territories: Alaska, American Samoa, Arizona, California, Guam, Hawaii, Idaho, Montana, Nevada, Northern Mariana Islands, Oregon, Utah, and Washington. For Priority 2, eligible applicants must be organizations that received awards or were formally recognized partners (i.e. identified by either a sub-award or letter of commitment or both) for projects funded under the 2015-2016 funding opportunities from this program (NOAA-SEC-OED-2015-2004408 and NOAA-SEC-OED-2016-2004737). The full list of awards that support or supported eligible projects can be found here: <https://go.usa.gov/xVGzr>. Applicants to this priority do not need to be from a specific region or regions of the United States, nor do project impacts need to occur in a specific region or regions of the United States. It is strongly encouraged that an individual serve as a PI on only one application submitted to this funding opportunity. Institutions may submit more than one application and individuals may serve as co-PIs or key personnel on more than one application. Federal employees may not serve as PIs or co-PIs on any application, although they may be included as key personnel.

**Agency Name:** Department of Commerce

**Description:** The goal of this funding opportunity is to build environmental literacy of K-12 students and the public so they are knowledgeable of the ways in which their community can become more resilient to extreme weather and/or other environmental hazards, and become involved in achieving that resilience. Projects should build the collective environmental literacy necessary for communities to become more resilient to the extreme weather and other environmental hazards they face in the short- and long-term. Building sufficient environmental literacy in a community means that these communities are composed of individuals who are supported by formal and informal education that develop their knowledge, skills, and confidence to: (1) reason about the ways that human and natural systems interact globally and where they live, including the acknowledgement of disproportionately distributed vulnerabilities; (2) participate in scientific

and/or civic processes; and (3) consider scientific uncertainty, cultural knowledge, and diverse community values in decision making.

Projects should demonstrate how they will engage community members to build these capabilities, particularly through active learning, during the award period. Projects should leverage and incorporate relevant state and local hazard mitigation and/or adaptation plans and collaborate with individuals and institutions that are involved in efforts to develop or implement those plans. Projects may focus on a single location or multiple locations and a single type of environmental hazard or a range of hazards that impact a community or communities. Projects will be based on the established scientific evidence about current and future extreme weather and other environmental hazards facing communities and should consider relevant socioeconomic and ecological factors in the targeted location(s). Particular attention should be paid to populations within communities that have greater exposure and have fewer resources to deal with the impacts of extreme weather and/or environmental hazards that are the focus of the project. Projects must relate to NOAA's mission in at least one of the following areas: ocean, coastal, Great Lakes, weather, and climate sciences and stewardship. They must also utilize NOAA's scientific data, data access tools, data visualizations, and/or other physical and intellectual assets available on these topics. In order to facilitate the use of NOAA's assets, projects are strongly encouraged to partner with relevant NOAA entities (offices, programs, etc.) and/or NOAA employees and affiliates. Also, projects should consider integrating citizen science tools when appropriate.

This funding opportunity has two priorities, numbered without regard to importance for funding.

Priority 1 awards will support new projects located in Southern and Western Regions of the United States. The Southern Region includes the following states and territories: Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, New Mexico, Oklahoma, Puerto Rico, Tennessee, Texas, and the United States Virgin Islands. The Western Region includes the following states and territories: Alaska, American Samoa, Arizona, California, Guam, **Hawaii**, Idaho, Montana, Nevada, Northern Mariana Islands, Oregon, Utah, and Washington.

Priority 2 awards will support the evolution of projects funded under the 2015-2016 funding opportunities from this program (NOAA-SEC-OED-2015-2004408 and NOAA-SEC-OED-2016-2004737). The full list of awards that support or supported eligible projects can be found here: <https://go.usa.gov/xVGzr>. Projects for this priority must be implemented within the United States and its territories.

For both priorities of this funding opportunity, eligible applicants are limited to institutions of higher education; K-12 public and independent schools and school systems; other nonprofits, including community-based organizations and informal education institutions, such as museums, zoos, and aquariums; state and local government agencies; and Indian tribal governments in the United States. For-profit organizations, foreign institutions, and individuals are not eligible to apply; however, for-profit organizations, foreign institutions, and individuals may participate as project partners. Likewise, federal agencies are not eligible to receive federal assistance under this announcement, but may be project partners. For Priority 1, projects must be between 2 and 5 years in duration and the total federal amount requested from NOAA for each project must be no less than \$250,000 and no more than \$500,000 for all years of the project, including direct and indirect costs. For Priority 2, projects must be between 2 and 5 years in duration and the total federal amount requested from

NOAA for each project must be no less than \$100,000 and no more than \$500,000 for all years of the project, including direct and indirect costs. It is anticipated that awards funded under this announcement and selected this fiscal year will be made by September 30, 2020 and that the projects funded under this announcement in fiscal year 2020 will have a start date no earlier than October 1, 2020. **Cost Sharing or  
Matching  
Requirement:** No

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** Eligible funding applicants are K-12 public and independent schools and school systems, institutions of higher education, commercial and nonprofit organizations, state or local government agencies, and Indian tribal governments conducting projects in Hawaii (Islands of Hawaii, Maui, Lanai, Molokai, Oahu, Kauai, Kahoolawe, Niihau, and/or the Northwestern Hawaiian Islands). Individual applicants and Federal agencies are not eligible. Existing recipients selected during the FY 2018 (NOAA-NOS-OCM-2018-2005344) and FY 2019 (NOAA-NOS-OCM-2019-2005858) Hawaii B-WET competitions are eligible to apply as competitive renewal projects and are required to re-apply to receive consideration for further funding. Federal agencies and employees are not allowed to receive funds under this announcement but may serve as collaborative project partners and may contribute services in kind. Federal agencies and employees' 'in-kind services' cannot be considered as part of an applicant's match on shared costs. If an applicant proposes a federal agency as a collaborator, applicants should provide detail on the expected level of federal engagement in the application. Examples might include, but are not limited to partnership services; serving in a review capacity; or participating in priority task teams, working groups, or leadership teams. NOAA employees are not permitted to assist in the preparation of applications.

**Agency Name:** Department of Commerce

**Description:** The NOAA Hawaii Bay Watershed Education and Training (B-WET) program is a federal funding opportunity that meets NOAA's mission of science, service and stewardship. The Hawaii B-WET program supports a vision of a future where societies and ecosystems are healthy and resilient in the face of sudden or prolonged change. The purpose for this financial assistance is to support our communities by developing a well-informed citizenry involved in decision-making that positively impacts our coastal,

marine, and watershed ecosystems in the State of Hawaii. This is a competitive opportunity for grants to assist in the development of new programs, encourage innovative partnerships among environmental education programs, and support geographically targeted programs to advance environmental education efforts that complement national and state school requirements. The Hawaii B-WET program plays a foundational role as an environmental education program that promotes locally relevant, experiential learning in the K-12 environment on priority topics such as understanding ocean, earth and atmospheric sciences, community resilience to hazards, and place-based environmental management. Funded projects provide meaningful watershed educational experiences for students, professional development for teachers, service-learning opportunities for students, and support regional education and environmental priorities. More information about the B-WET program is online at <https://www.noaa.gov/office-education/bwet>.

#### Additional Information

**Agency Name:**

Bureau of Reclamation

**Description:**

The objective of this FOA is to invite states, Indian tribes, irrigation districts, water districts, local governmental entities, non-profit organizations, Existing Watershed Groups, and local and special districts (e.g., irrigation and water districts, county soil conservation districts) to submit proposals for Phase I activities to develop a watershed group, complete watershed restoration planning activities, and design watershed management projects. See *Section C.3. Eligible Projects* for a more comprehensive description of eligible activities.

A "watershed group," as defined in Section 6001(5) (see *Section A.3. Statutory Authority* for full citation) of the Cooperative Watershed Management Act (Act) is a grassroots, non-regulatory entity that addresses water availability and quality issues within the relevant watershed, is capable of promoting the sustainable use of water resources in the watershed, makes decisions on a consensus basis, and represents a diverse group of stakeholders, including hydroelectric producers, livestock grazing, timber production, land development, recreation or tourism, irrigated agriculture, the environment, municipal water supplies, private property owners, Federal, state and local governments, and tribes. (See Section 6001(5) of the Act for the statutory definition of a "watershed group").

### Eligibility

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** To be eligible for an award under this NANH notice of funding opportunity, you must be: an Indian tribe or an organization that primarily serves and represents Native Hawaiians. For the purpose of funding under this program, “Indian tribe” means any tribe, band, nation, or other organized group or community, including any Alaska native village, regional corporation, or village corporation (as defined in, or established pursuant to, the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.)), which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians. A list of eligible entities is available from the Bureau of Indian Affairs. For purposes of funding under this program, an “organization that primarily serves and represents Native Hawaiians” is any nonprofit organization that primarily serves and represents Native Hawaiians, as defined in 20 U.S.C. § 7517. In order for a museum to be eligible, it must demonstrate that it is established as an organization that meets this statutory eligibility criteria. We recognize the potential for valuable contributions to the overall goals of the Native American/Native Hawaiian Museum Services program by entities that do not meet the eligibility requirements above. Although such entities may not serve as the lead applicant organization, they are encouraged to participate in projects as partners. Such entities may, for example, assist the lead applicant with project activities. Federally operated libraries and museums may not apply for Native American/Native Hawaiian Museum Services grants, but they may serve as nonessential partners to applicants if they do not receive IMLS grant funds as a result of the project. Please note that federally appropriated funds, whether they are disbursed directly to you by an agency of the federal government or indirectly through another organization, do not count toward your cost share, if any. Contact us before submitting an application involving a federal agency or federal collection.

#### Additional Information

**Agency Name:** Institute of Museum and Library Services

**Description:** The goal of the Native American/Native Hawaiian Museum Services (NANH) grant program is to support Indian tribes and organizations that primarily serve and represent Native Hawaiians. It is intended to provide opportunities to sustain heritage, culture, and knowledge through strengthened activities in areas such as exhibitions, educational services and programming, professional development, and collections stewardship.

**CFDA Number(s):** 10.932 -- Regional Conservation Partnership Program

**Cost Sharing or Matching Requirement:** No

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** A. Lead Partners The lead partner for an RCPP project is the entity that submits a project application, and if selected for an award, negotiates and executes an RCPP partnership agreement with NRCS. The lead partner is ultimately responsible for ensuring completion of project deliverables, delivering all partner contributions, and assessing project outcomes. Lead partners may be any of the following (this is the list of eligible partners in the RCPP statute):• An agricultural or silvicultural producer association or other group of producers. • A State or unit of local government. • An Indian Tribe.9• A farmer cooperative. • A water district, irrigation district, acequia, rural water district or association, or other organization with specific water delivery authority to agricultural producers. • A municipal water or wastewater treatment entity. • An institution of higher education. • An organization or entity with an established history of working cooperatively with producers on agricultural land, as determined by NRCS, to address—o Local conservation priorities related to agricultural production, wildlife habitat development, or nonindustrial private forest land management; or Critical watershed-scale soil erosion, water quality, sediment reduction, or other natural resource issues. • An entity, such as an Indian Tribe, State government, local government, or a nongovernmental organization that has a farmland or grassland protection program that purchases agricultural land easements, as defined in 7 CFR Section 1468.3. • A conservation district.

**Agency Name:** Natural Resources Conservation Service

**Description:** The Regional Conservation Partnership Program (RCPP) promotes coordination of Natural Resources and Conservation Service (NRCS) conservation activities with partners that offer value-added contributions to expand our collective ability to address on-farm, watershed, and regional natural resource concerns. Through RCPP, NRCS seeks to co-invest with

partners to implement projects that demonstrate innovative solutions to conservation challenges and provide measurable improvements and outcomes tied to the resource concerns they seek to address. Using guidance contained in this notice, potential RCPP partners propose projects that generate conservation benefits by addressing specific natural resource objectives in a State/multistate area, or address one or more priority resource concerns within an NRCS-designated critical conservation area (CCA), discussed in section II.A. below. NRCS and partners collaborate to design, promote, and implement RCPP projects on agricultural and non-industrial private forest land. Through RCPP, NRCS may provide both financial and technical assistance funds to project partners and agricultural producers to carry out projects. This funding announcement applies only to funds made available for FY 2019. The forthcoming RCPP rulemaking may include program changes. The 2018 Farm Bill reauthorized RCPP and made substantive changes to the program. RCPP is now a standalone program with authorized eligible activities similar to those offered by other NRCS programs, but with modifications and flexibilities unique to RCPP. Due to the large number of changes from the prior program authorized in the 2014 Farm Bill, applicants are encouraged to read the entirety of this funding announcement carefully, including the appendices, to gain a full understanding of this new version of RCPP. RCPP applications are evaluated through a competitive application process based on four criteria: impact, contributions, innovation, and partnership and management. Up to \$300 million is available for RCPP projects for FY 2019. Applications are accepted from all 50 States, the Caribbean Area (Puerto Rico and U.S. Virgin Islands), and U.S. territories in the Pacific Island Areas (Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands). **SUBMISSIONS:** Applications must be submitted through the RCPP portal. The RCPP Portal is undergoing updates and will not be available to partners when this funding announcement is posted. Partners should monitor the RCPP website, which will provide notice when the portal becomes available. In the interim, partners should avail themselves of the RCPP Partner Proposal Guide and Proposal Template documents posted on the RCPP website. These documents are consistent with NRCS's proposed updates to the portal and allow partners to begin developing proposals ahead of the portal's opening.

See section VIII of this announcement for information on using the RCPP portal to submit applications. Registration with USDA's eAuthentication system is required to access the RCPP portal. Time sensitive information on registering for eAuthentication access is included in section VIII of this notice. **FOR MORE INFORMATION:** Applicants are encouraged to contact the appropriate RCPP State coordinator(s) with questions. You can find the names of RCPP coordinators (as of September 3, 2019) in appendix III of this announcement.

A webinar with general program information for RCPP applicants is scheduled for 3 p.m. Eastern Time on September 26th. Information on how to participate in the webinar will be posted on the <https://www.nrcs.usda.gov/wps/portal/nrcs/main/national/programs/financial/rcpp/>.

A second webinar that specifically addresses how to submit a RCPP application through the RCPP portal will be scheduled once the Portal opening date is set. Details on this webinar will be posted on the RCPP website

<b>Category Explanation:</b>	The Economic Development Administration's (EDA's) mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for economic growth and success in the worldwide economy. EDA fulfills this mission through strategic investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. EDA supports development in economically distressed areas of the United States by fostering job creation and attracting private investment. Under this NOFO, EDA solicits applications from applicants in order to provide investments that support construction, non-construction, planning, technical assistance, and revolving loan fund projects under EDA's Public Works program and EAA program (which includes Assistance to Coal Communities). Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative	<b>Award Ceiling:</b>	\$3,000,000

**Additional Information on Eligibility:**

Eligible applicants for EDA financial assistance under the Public Works and EAA programs include a(n): (i) District Organization of a designated Economic Development District; (ii) Indian Tribe or a consortium of Indian Tribes; (iii) State, county, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (iv) institution of higher education or a consortium of institutions of higher education; or (v) public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. See Section 3 of the Public Works and Economic Development Act of 1965 (PWEDA) (42 U.S.C. § 3122) and 13 C.F.R. § 300.3. EDA is not authorized to provide grants or cooperative agreements to individuals or to for profit entities. Requests from such entities will not be considered for funding. For ACC funding, projects must be located within and targeted to communities or regions that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either.

**Agency Name:** Economic Development Administration

**Description:** Under this NOFO, EDA solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and EAA programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities. EDA provides strategic investments on a competitive- merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States.

<b>Funding Instrument Type:</b>	Cooperative Agreement	<b>Award Ceiling:</b>	\$42,000
<b>Category of Funding Activity:</b>	Environment Natural Resources Science and Technology and other Research and Development	<b>Award Floor:</b>	\$1

**Category Explanation:**

**Expected Number  
of Awards:** 4

**CFDA Number(s):** 11.429 -- Marine Sanctuary  
Program

**Cost Sharing or  
Matching  
Requirement:** No

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** Only individuals who are U.S. citizens or permanent residents, or citizens of U.S. territories, and are applying to or have been accepted to a U.S. accredited graduate institution to pursue a master's or doctoral level degree in oceanography, marine biology, or maritime archaeology—this can include but is not limited to ocean and/or coastal: engineering, social science, marine education, marine stewardship, resource management disciplines—are eligible for an award under this scholarship program. In addition, to be eligible to apply, applicants must have a cumulative 3.30 grade point average. Scholars must maintain a minimum cumulative and term grade point average of 3.30 for every term and for the duration of their award. If applicant does not maintain this grade point average, he/she will be placed on probation after the first term. If the grade point average is not brought up for that year, the recipient's scholarship will be terminated. In addition, satisfactory progress must be made toward the completion of a thesis or dissertation. If it is determined that the scholar will not complete his/her thesis or dissertation prior to the end of the award, funding may be withdrawn. Individuals who already receive NOAA or federal funding from grants or scholarships for graduate school are not eligible to receive the Dr. Nancy Foster Scholarship. If a student is willing to give up the other federal funding, then he/she is eligible to receive the award. Universities or other organizations may not apply on behalf of an individual. Prospective scholars do not need to be enrolled in a graduate program at the time of application but must be admitted to a graduate level program in order to be awarded this scholarship. Eligibility must be maintained for each succeeding year of support, and annual reporting requirements, to be specified at a later date, will apply. Individuals who are in their last year of graduate school are unlikely to receive this award.

**Agency Name:** Department of Commerce

**Description:** The Dr. Nancy Foster Scholarship Program provides support for master's and doctoral degrees in oceanography, marine biology, or maritime archaeology—this can include but is not limited to ocean and/or coastal: engineering, social science, marine education, marine stewardship, resource management disciplines—and particularly encourages women and members of minority groups to apply. Individuals who are U.S. citizens or permanent residents, or citizens of U.S. territories, and are applying to or have been accepted to a graduate program at a U.S. accredited institution, may apply. Prospective scholars do not need to be enrolled in a graduate program at the time of application but must be admitted to a

graduate level program in order to be awarded this scholarship. Scholarship selections are based on academic excellence, letters of recommendations, research and career goals, and financial need. Applicants must have a cumulative 3.30 grade point average to be eligible to apply and maintain a minimum cumulative and term grade point average of 3.30 for every term and for the duration of their award. Dr. Nancy Foster Scholarships may provide, subject to appropriations, yearly support of up to \$42,000 per student (a 12-month stipend of \$30,000 in addition to an education allowance of up to \$12,000) and up to \$10,000 of support for a 4-6 week program collaboration at a NOAA facility. Applicants can only obtain funding for the number of years they have remaining in their graduate studies when they applied for the Dr. Nancy Foster Scholarship Program. For example, if you have already completed two years of your PhD studies, and you become a Dr. Nancy Foster Scholarship recipient and indicate it will take you two additional years to complete your degree, you will only be able to obtain funds for the remaining two years of your graduate studies. Note that scholars are allowed one (1) one-year no-cost extension that must be requested at least 60 days before the end of the award and will need to provide a justification and a current budget.

Completion of one (1) program collaboration is required for every doctoral scholarship award, with a second recommended, but not required. For master's degree level scholars, completion of a program collaboration is strongly recommended, but not required. The Dr. Nancy Foster Scholarship funds cannot be used toward research costs.

Dr. Nancy Foster Scholarship Program recipients will be required to participate in a mandatory NOAA Orientation Training to meet with the NOAA Office of National Marine Sanctuaries staff at a date and location to be determined in the summer of 2020. If scholarships have not been awarded before this training, recipients may be required to incur pre-award costs that will be reimbursed after award funds have been issued.

As a recipient of the Dr. Nancy Foster Scholarship Program, you become a recognized member of the NOAA community. NOAA provides significant financial resources to help you pursue your independent graduate degree, as well as the staff expertise to assist you with your research along the way. Therefore, Dr. Nancy Foster Scholars must conduct some specific outreach efforts. To help increase diversity of future applicants, Dr. Nancy Foster Scholarship Program recipients must give at least one presentation about the Dr. Nancy Foster Scholarship Program to a diverse audience, such as undergraduate students at a minority serving institution, historically black colleges and universities, or other appropriate venue(s). All Dr. Nancy Foster Scholarship Program recipients must also put together an outreach product (e.g., video, infographic) that communicates their scientific research in a way that the average viewer can understand it, its importance, and its relevance to the NOAA mission. Appropriate training in the creation of outreach products will be provided to all scholarship recipients.

Dr. Nancy Foster Scholars also participate in a program collaboration. This opportunity is designed to allow scholars to participate in research or other activities for four to six weeks at a field office of the National Marine Sanctuary System, or other NOAA program offices. Federal support for the program collaboration may be used toward allowable costs such as: travel to and from the NOAA facility, housing, per diem, laboratory costs, research vessel support, and consumables while conducting research at the NOAA facility. Scholars are required to provide their own health insurance coverage during the program collaboration. More details on allowable costs can be found in 2 CFR part 200, Subpart E – Cost

Principles. If scholars choose to participate in a program collaboration during a specific year, they must notify the Program Officer by December of the academic year in which they intend to participate in the collaboration. Approval from the NOAA Office of National Marine Sanctuaries is required prior to embarking on the program collaboration. In order to have a competitive application for the Dr. Nancy Foster Scholarship Program, it is recommended that you review the following bullets to assess whether or not you should apply for this scholarship.

1. Your research proposal aligns closely with NOAA's mission, with particular emphasis on meeting the science needs of the NOAA Office of National Marine Sanctuaries. This is 20% of your application score.
2. Your financial need statement documents a strong financial need due to challenges, hardships, or other information through a compelling personal narrative. This is 25% of your application score.
3. You (likely) have exceptional letters of recommendation. This is 10% of your application score.
4. Historically, proposals that do not support the science needs of NOAA's National Marine Sanctuary System do not rank as high.
5. If you are in the last year of your Masters or Ph.D. program, it is not advised to apply for this scholarship.

Additional information about the scholarship can be obtained in the full announcement text of the Federal Funding Opportunity.

#### Eligibility

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** Eligible applicants are: Sea Grant Programs (Sea Grant Colleges, Institutions, or Coherent Area Programs), the National Sea Grant Law Center, and the National Sea Grant Library. Individual competition announcements may restrict eligibility to a subset of these applicants. The National Sea Grant College Program champions diversity, equity, and inclusion (DEI) by recruiting, retaining and preparing a diverse workforce, and proactively engaging and serving the diverse populations of coastal communities. Sea Grant is committed to building inclusive research, extension, communication and education programs that serve people with unique backgrounds, circumstances, needs, perspectives and ways of thinking. We encourage applicants of all ages, races, ethnicities, national origins, gender identities, sexual orientations, disabilities, cultures, religions, citizenship types, marital statuses, education levels, job classifications, veteran status types, and income, and socioeconomic status types to apply for this opportunity.

#### Additional Information

**Agency Name:** Department of Commerce

**Description:** The National Sea Grant College Program was enacted by U.S. Congress in 1966 (amended in 2008, Public Law 110-394) to support leveraged federal and state partnership that harness the intellectual capacity of the nation's universities and research institutions to solve problems and generate opportunities in coastal communities.

The purpose of this notice is to request proposals for special projects consistent with the focus areas outlined in the National Sea Grant College Program's (Sea Grant) strategic plan, and to provide the general public with information and guidelines on how Sea Grant will select proposals and administer Federal assistance under this announcement. This announcement is a mechanism to encourage research or other projects that are not normally funded through Sea Grant national competitions.

This opportunity is open only to Sea Grant Programs. Section III of this announcement describes eligibility requirements in more detail.

Funding has not yet been made available to support applications submitted to this Notice of Funding Opportunity (NOFO), but such funding may become available during the year. Section II.A. below describes individual competition announcements that will be used to announce when funding is available, any restrictions or requirements such as cost share, and other funding details. Awards will be made under this NOFO only to applications that are responsive to individual competition announcements; unsolicited applications will not be reviewed.

This document sets out requirements for submitting to NOAA-OAR-SG-2020-2006252. Additional guidance and tips on how best to prepare an application are provided in the Sea Grant General Application Guide available at (<https://seagrants.noaa.gov/Portals/1/Guidance/SeaGrantGeneralApplicationGuide.pdf>)

**Agency Name:** Department of Commerce

**Description:** NOAA's National Weather Service (NWS) Office of Science and Technology Integration (OSTI) is soliciting research proposals to support NOAA's development of the community-based, coupled, comprehensive earth modeling system, the Unified Forecast System (UFS). The UFS is designed to provide more accurate forecast guidance through operational numerical weather prediction applications. These applications span local and global domains, and predictive time scales from sub-hourly to seasonal. This solicitation favors projects at specific stages of maturity as signified by their readiness level as described in Section 1.A. There are three competitions from this notification valued at approximately \$2,800,000 for the first year of multi-year (2-year) projects that will advance development of the UFS: 1) Next Generation Global Prediction System (NGGPS); 2) Weeks 3-4 Program; and 3) Hurricane Forecast Improvement Program (HFIP). Research projects to advance NGGPS will propose accelerating development of improved global weather prediction models; coupling among atmosphere, ocean, land surface and ice system model components; improving data assimilation techniques; improving ensemble techniques; developing post-processing forecast tools and techniques; or

improving software architecture, computational performance and system engineering.

Proposals pertaining to the advancement of the Weeks 3-4 program will focus on the development of a coupled UFS system including data assimilation approaches, extending the forecast of the UFS from 3 weeks to seasonal timescales, and developing metrics including validation and verification.

Proposals for the HFIP initiative will relate to research required to improve operational tropical cyclone forecasting to meet societal requirements to effectively mitigate economic disruption.

**Eligible Applicants:**

Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:**

Eligible applicants for Federal financial assistance in this competition are institutions of higher education, other non-profits, state, local, Indian Tribal Governments, U.S. Territories, and for-profit organizations. Federal agencies that possess the statutory authority to receive transfers of funds are eligible to submit applications for intra- or inter-agency funds transfers through this competition. DOC/NOAA supports cultural and gender diversity and encourages women and minority individuals and groups to submit applications to the CRP programs. In addition, DOC/NOAA is strongly committed to broadening the participation of historically black colleges and universities, Hispanic serving institutions, tribal colleges and universities, and institutions that work in underserved areas. DOC/NOAA encourages applications involving any of the above institutions to apply. Please note that:(1) Principal Investigators must be employees of an eligible entity listed above; and applications must be submitted through that entity. Non-Federal researchers should comply with their institutional requirements for application submission.(2) Non-Federal researchers affiliated with NOAA-University Cooperative/Joint Institutes will be funded through cooperative agreements. (3) Foreign researchers must apply as subawards or contracts through an eligible US entity. (4) Federal applicants are eligible to submit applications for intra- or inter-agency funds transfers through this competition. Non-NOAA Federal applicants will be required to submit certifications or documentation showing that they have specific legal authority to accept funds for this type of research. (5) An eligible U.S. entity may propose Federal agency researchers as funded or unfunded collaborators. If Federal agency researchers are proposed as funded collaborators, the applicant should present the collaborator's funding request in the application in the same way documentation is provided for a subrecipient for purposes of project evaluation, even though intra- or inter-agency funding transfers will generally be used if the project is selected.(6) NCCOS researchers may apply through an eligible U.S. entity as funded or unfunded collaborators, but cannot be the lead PI on the application. NOAA federal salaries will not be paid.

**Agency Name:**

Department of Commerce

**Description:**

The purpose of this document is to advise the public that NOAA/NOS/National Centers for Coastal Ocean Science (NCCOS)/Competitive Research Program (CRP) is soliciting proposals for

the Prevention, Control and Mitigation of Harmful Algal Blooms (PCMHAB) and HAB Socioeconomics Research Programs. Funding is contingent upon the availability of Fiscal Year 2020 Federal appropriations. It is anticipated that projects funded under this announcement will have a September 1, 2020 start date.

Total funding for this research:

It is anticipated that approximately \$2,500,000 may be available in Fiscal Year 2020 for the first year for all PCMHAB and HAB Socioeconomics projects.

Approximately 4-6 small projects up to 3 years in duration are expected to be funded under PCMHAB and HAB Socioeconomics at a level of approximately \$200,000 to \$400,000 per year per proposal. In addition, 1-2 large projects up to 4 years in duration are expected to be funded under PCMHAB at up to approximately \$500,000 to \$600,000 per year per proposal. NOAA will not accept any proposals submitted with total budgets (across all years) that are greater than \$1,200,000 for small projects and \$2,400,000 for large projects.

Electronic Access: Background information about the PCMHAB Program can be found at <https://coastalscience.noaa.gov/research/stressor-impacts-mitigation/pcmhab/>. Additional information on this Announcement, including Frequently Asked Questions, is available at <https://coastalscience.noaa.gov/research/stressor-impacts-mitigation/pcmhab/>. An information webinar covering PCMHAB and this solicitation, will be offered by a Program Manager within **approximately** two weeks from the publication date of the FFO. Information on the date/time can be found at <https://coastalscience.noaa.gov/research/stressor-impacts-mitigation/pcmhab/>.

Proposals should be submitted through Grants.gov, <http://www.grants.gov>. Sign up to receive any potential amendments to this Announcement via [www.grants.gov](http://www.grants.gov).

**Description:** The National Sea Grant College Program was enacted by U.S. Congress in 1966 (amended in 2008, Public Law 110-394) to support federal and state partnerships that harness the intellectual capacity of the nation's universities and research institutions to solve problems and generate opportunities in coastal communities.

This notice announces that applications may be submitted for the 2021 National Sea Grant College Program Dean John A. Knauss Marine Policy Fellowship (Sea Grant Knauss Fellowship Program). The National Sea Grant College Program (Sea Grant) anticipates funding not less than 35 applicants, of which those assigned to the Legislative branch will be approximately 14. Application packages will each propose a total of \$74,000 in funding. This includes base funding for each award at \$59,000 with optional host office travel up to an additional \$15,000. If additional office-related travel funds beyond \$15,000 are required, those funds will be administered through an amendment to the grant.

Applicants are strongly encouraged to reach out to the Sea Grant Program in their state/territory at least one to two months prior to the state application deadline to receive application support and provide notification of intent to apply. The applicant should allow sufficient time to schedule an interview with the eligible Sea Grant program at the program's request.

This document describes requirements for submitting to NOAA-OAR-SG-2021-2006204. Additional guidance and tips on how best to prepare an application are provided in the Sea Grant General Application Guide available at:

**Additional Information on Eligibility:**

This year's competition will have a pre-proposal requirement (hereafter described as Letter of Intent; LOI), which has changed the submission deadlines for this competition. This funding opportunity requires a letter of intent to be submitted before full proposals will be invited. Letters of intent must be received via email to grants.marinedebris@noaa.gov (as an attachment) no later than 11:59 p.m. Eastern time, November 5, 2019. If invited per the instructions in this announcement, full proposals must then be submitted through and validated by Grants.gov, postmarked, or provided to a delivery service on or before 11:59 p.m. EST, February 7, 2020. As outlined in the Marine Debris Act, eligible applicants are state, local, tribal, and territory governments whose activities affect research or regulation of marine debris and any institution of higher education, nonprofit organization, or commercial (for-profit) organization with expertise in a field related to marine debris. Applications from federal agencies or employees of federal agencies will not be considered. Interested federal agencies may collaborate with eligible applicants but may not receive funds through this competition. All projects must take place within the United States or

territories or their respective waterways. Foreign organizations and foreign public entities are not eligible to apply as the primary applicant but can be involved as project partners. NOAA is strongly committed to broadening the participation of veterans, minority-serving institutions, and entities that work in underserved areas. The NOAA MDP encourages proposals from, or involving any of the above types of institutions. Applications that have been submitted to other NOAA grant programs or as part of another NOAA grant may be considered under this solicitation.

**Agency Name:** Department of Commerce

**Description:** The NOAA Marine Debris Program, authorized in the Marine Debris Act (33 U.S.C. 1951-1958), provides funding to prevent the introduction of marine debris into the marine and coastal environment. Projects awarded through this grant competition will actively engage and educate a target audience (such as students, teachers, state or local government, industries, or the public) in hands-on programs designed to raise awareness, reduce barriers to marine debris prevention (e.g., lack of access to waste receptacles or alternatives to single-use items), and encourage and support changes in behaviors to ensure long-term prevention of marine debris. Successful proposals through this solicitation will be funded through cooperative agreements. Funding of up to \$2,000,000 is expected to be available for Marine Debris Prevention grants in FY2020. Typical awards will range from \$50,000 - \$150,000. Funding for this purpose comes through the NOAA Marine Debris Program as appropriations to the Office of Response and Restoration, National Ocean Service.

This solicitation is focused on efforts to prevent marine debris from entering the environment through targeted education and outreach efforts, as well as activities that aim to change behaviors related to common marine debris issues. It is not intended for large-scale debris removal projects or scientific research.

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** Applicants must ensure that they are eligible for the competition for which they are applying. If applicants are ineligible, the application(s) will be rejected. Applications from non-federal and federal applicants will be competed against each other. Eligible applicants are U.S. institutions of higher education; other nonprofits; U.S.-based commercial organizations; state, local and Indian tribal governments in the U.S.; and other U.S. non-profit organizations. Federal Government employees (including NOAA federal employees) may serve as co-PIs or co-Investigators (co-Is) but are ineligible for their salary costs and are required to partner with one or more eligible non-federal institution(s) who would submit the application for the competition through Grants.gov per instructions in Section IV.G "Other Submission Requirements". Restrictions on requesting federal employee salary and other costs are described in Section IV.F "Funding Restrictions". Any NOAA federal employee listed as a co-PI, co-I, or collaborator on the title page of a proposal (if eligible) must have provided explicit pre-approval to the PI to be identified as a contributor to the proposed project prior to submission of the application. Do not add a NOAA federal employee to the application without their explicit agreement to participate in your project. All funded investigators must assure and verify if requested that they will not be allocated for greater than 100% of their annual employment time should their proposal be selected for funding. NOAA will verify this requirement if funding is recommended.

**Agency Name:**

Department of Commerce

**Description:**

NOAA's Office of Weather and Air Quality (OWAQ) is soliciting proposals for weather, air quality, and earth-system modeling research reflecting multiple science objectives spanning time scales from hours to seasons, and from weather and water observations and earth system modeling to social and behavioral science. There will be three grant competitions from this notification valued at approximately \$7,000,000 as follows: 1) Joint Technology Transfer Initiative (JTII), 2) Verification of the Origins of Rotation in Tornadoes Experiment - Southeast U.S. (VORTEX-SE), and 3) Climate Testbed (CTB).

In alignment with the Weather Forecasting and Innovation Act of 2017 (Public Law 115-25), the funded projects should improve NOAA's understanding and ultimately its services of weather and water forecasting through engagement with the external scientific community on key science gaps of mutual interest. Through this funding opportunity, NOAA will support new weather, water, climate, earth system, and air quality observing and forecasting applications, including improved analysis techniques, better statistical or dynamic forecast models and techniques, and communication of that information to better inform the public.

To achieve success with these objectives, selected projects should focus on advancing science and technology from the research stage to commercialization or prototype products that NOAA could further develop into practical applications and operations. For the purposes of NOAA-funded projects, the maturity of projects is broadly classified using Readiness Levels (RLs), as adopted by NOAA and other federal agencies. The numerical RL scale from 1 to 9 is designed to track project maturity across the progressive spectrum from research to development to demonstration to deployment. RLs are defined in the context of NOAA's overall process for transitioning funded research into operations, commercialization, or other applications in NOAA's Policy on Research and Development Transitions described in NOAA Administrative Order 216-105B at [http://www.corporateservices.noaa.gov/ames/administrative\\_orders/chapter\\_216/216-105B.html](http://www.corporateservices.noaa.gov/ames/administrative_orders/chapter_216/216-105B.html), and in Appendix A.

Depending on the program objectives, the individual competitions within this notice of funding opportunity may favor projects at specific stages of maturity as signified by their estimated current RL. Program-specific project maturity considerations for funding are included in Section I.A "Program Objective." While all programs in this funding opportunity encourage an acceleration of research toward operationalization, commercialization, and/or other application, no program directly supports an actual research-to-NOAA operations transition (i.e., the RL 8-to-9 transition) itself; however, any projects that produce output that may be adopted into NOAA operations after their conclusion are expected to work with NOAA operational center representatives to develop strategies for the potential transition performed by NOAA.

NOAA's National Weather Service (NWS) is also announcing a companion Fiscal Year (FY) 2020 federal grant funding opportunity to this OAR opportunity through their Collaborative Science, Technology, and Applied Research (CSTAR) Program in September 2019. Though there can be overlap, CSTAR funds research that is often directed toward local forecasting applications at individual or regional NWS Weather Forecast Offices (WFOs), while OWAQ funds research that is more often directed toward broadly applicable forecasting applications, such as at NWS national forecast centers or multiple WFOs.

NOAA, OAR, and OWAQ encourage applicants and awardees to support the principles of diversity and inclusion when writing their proposals and performing their work. Diversity is defined as a collection of individual

attributes that together help organizations achieve objectives. Inclusion is defined as a culture that connects each employee to the organization. Promoting diversity and inclusion improves creativity, productivity, and the vitality of the weather and water research community in which OWAQ engages.

**Description:**

The NOAA Marine Debris Program, authorized in the Marine Debris Act, codified at 33 U.S.C. § 1951 et seq., supports the development and implementation of locally-driven, marine debris prevention, assessment, and removal projects that benefit coastal habitat, waterways, and NOAA trust resources. Projects awarded through this grant competition will create long-term, quantifiable ecological benefits and habitat improvements for NOAA trust resources through on-the-ground marine debris removal activities, with highest priority for those targeting derelict fishing gear and other medium- and large-scale debris. Projects should also foster awareness of the effects of marine debris to further the conservation of living marine resource habitats, and contribute to the understanding of marine debris composition, distribution and impacts. Successful proposals through this solicitation will be funded through cooperative agreements. Funding of up to \$2,500,000 is expected to be available for Marine Debris Removal grants in Fiscal Year 2020. The typical funding level for the federal share of project awards ranges from \$50,000 to \$150,000. Funding for this grant competition comes through the NOAA Marine Debris Program as appropriations to the Office of Response and Restoration, National Ocean Service.

<b>Description:</b>	The NOAA Coral Reef Conservation Program (CRCP) provides matching grants and cooperative agreements for international coral reef conservation projects. CRCP solicits proposals that will support the NOAA Coral Reef Conservation Program Strategic Plan (Strategic Plan-2018) which uses a resilience-based management approach, focused on conservation that supports the ability of corals to withstand and recover from stress. All international tropical coral reef locations are eligible under this Federal Funding Opportunity with emphasis on the Wider Caribbean, South East Asia and South Pacific, and Micronesia. Funding for the Fiscal Year 2020 competition is subject to the availability of Congressional appropriations and is expected to be approximately \$800,000 to \$950,000. NOAA expects each

Management Estuarine  
Research Reserves

**Cost Sharing or  
Matching  
Requirement:** No

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** Typically awards will be made to the fellow's graduate institution through the use of a cooperative agreement. Funds are expected to be available on a competitive basis to qualified graduate students for research within a reserve(s) leading to a graduate degree. To be eligible, applicants must be citizens or permanent residents of U.S. states or territories, and admitted to or enrolled full-time in a master's or doctoral program at a U.S. accredited university. It is recommended that applicants should have completed a majority of their graduate coursework prior to the beginning of their fellowship in order to fully participate in the activities. Students in the final year of their graduate program are not advised to apply for this fellowship. Federal agencies and employees are not allowed to receive funds under this announcement but may serve as project partners. If federal agencies are collaborators, applicants are expected to provide details on the planned level of federal engagement in the application. Examples might include, but are not limited to participating in an advisory capacity or providing facilities for research. National Estuarine Research Reserve staff are ineligible to submit an application for a fellowship under this announcement. DOC/NOAA supports cultural and gender diversity and encourages women and minority individuals and groups to submit applications to this program. In addition, DOC/NOAA is strongly committed to broadening the participation of historically black colleges and universities, Hispanic serving institutions, tribal colleges and universities, and institutions that work in underserved areas. DOC/NOAA encourages applications involving any of the above institutions to apply. The lead applicant on any proposal will be responsible for ensuring that allocated funds are used for the purposes of, and in a manner consistent with this program, including any funds awarded to an eligible sub-awardee.

**Agency Name:** Department of Commerce

**Description:** The purpose of this notice is to solicit grant proposals for the National Estuarine Research Reserve System's Margaret A. Davidson Graduate Fellowship (Davidson Fellowship) from master's and doctoral students actively enrolled in a graduate program at an accredited university. The National Estuarine Research Reserve System is a program of the Office for Coastal Management which has an interest in balancing the needs of the natural environment and coastal economies and is responsible for implementing the Coastal Zone Management Act. The goals of the Davidson Fellowship are to build the next generation of leaders in estuarine science and coastal management by affording qualified graduate students the opportunity to conduct collaborative science within the National Estuarine Research Reserve System; partake in professional

development opportunities; and receive mentoring to support professional growth. All Davidson Fellowship projects must be conducted in a research reserve and should be designed to contribute to one of the reserve's priority management areas, and thus enhance the scientific understanding of the natural or social science aspects of the research subject matter. One fellow will be selected for each of the 29 reserves for a two-year duration. Mentoring and professional development activities will be provided to build knowledge and skills needed to successfully contribute to the workforce responsible for the coast. These opportunities are also designed to create a strong network among the fellows during their tenure and into the early portion of their careers. Typically, awards will be made to the fellow's graduate institution through the use of a cooperative agreement. Funds are expected to be available on a competitive basis to qualified graduate students. To be eligible, applicants must be citizens or permanent residents of U.S. states or territories, and admitted to or enrolled full-time in a master's or doctoral program at a U.S. accredited university. Minority students are encouraged to apply. Additional information about the fellowship may be found at: <https://coast.noaa.gov/nerrs/research/davidson-fellowship.html>

Economic Development Administration

FY 2017 Economic Development Assistance Programs - Application submission and program requirements for EDA's Public Works and Economic Adjustment Assistance programs.

Synopsis 1

<b>Document Type:</b>	Grants Notice
<b>Funding Opportunity Number:</b>	EDAP-2017
<b>Funding Opportunity Title:</b>	FY 2017 Economic Development Assistance Programs Application submission and program requirements for EDA's Public Works and Economic Adjustment Assistance programs.
<b>Opportunity Category:</b>	Discretionary
<b>Opportunity Category Explanation:</b>	
<b>Funding Instrument Type:</b>	Cooperative Agreement Grant
<b>Category of Funding Activity:</b>	Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)
<b>Category Explanation:</b>	The Economic Development Administration's (EDA's)

mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for economic growth and success in the worldwide economy. EDA fulfills this mission through strategic investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. EDA supports development in economically distressed areas of the United States by fostering job creation and attracting private investment. Specifically, under the Economic Development Assistance programs (EDAP) Notice of Funding Availability (NOFA), EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance (EAA) Programs. Through this NOFA, EDA will also designate a portion of its EAA funding to support communities and regions that have been negatively impacted by changes in the coal economy (Assistance to Coal Communities, or ACC 2017). Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace. Through the EDAP NOFA, EDA solicits applications from rural and urban communities to develop initiatives that advance new ideas and creative approaches to address rapidly evolving economic conditions.

**Expected Number of Awards:**

**CFDA Number(s):** 11.300 -- Investments for Public Works and Economic Development Facilities  
11.307 -- Economic Adjustment Assistance

**Cost Sharing or Matching Requirement:** Yes

**Version:** Synopsis 1

**Posted Date:** Jun 19, 2017

**Last Updated Date:** Jun 19, 2017

**Original Closing Date for Applications:** There are no submission deadlines under this opportunity. Proposals and applications will be accepted on an ongoing basis until the publication of a new EDAP NOFA.

**Current Closing Date for Applications:** There are no submission deadlines under this opportunity. Proposals and applications will be accepted on an ongoing basis until the publication of a new EDAP NOFA.

**Archive Date:**

**Estimated Total Program Funding:**

**Award Ceiling:** \$3,000,000

**Award Floor:** \$100,000

**Eligible Applicants:** Native American tribal organizations (other than Federally recognized tribal governments)  
Special district governments  
Others (see text field entitled "Additional Information on Eligibility" for clarification)  
Private institutions of higher education  
County governments  
Native American tribal governments (Federally recognized)  
City or township governments  
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education  
State governments  
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education  
Public and State controlled institutions of higher education

**Additional Information on Eligibility:** Eligible applicants for EDA financial assistance under the Public Works and EAA programs (including ACC 2017 funding) include a(n): (i) District Organization of a designated Economic Development District; (ii) Indian Tribe or a consortium of Indian Tribes; (iii) State, county, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; (iv) institution of higher education or a consortium of institutions of higher education; or (v) public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State. See Section 3 of the Public Works and Economic Development Act of 1965 (PWEDA) (42 U.S.C. § 3122) and 13 C.F.R. § 300.3. EDA is not authorized to provide grants or cooperative agreements to individuals or to for profit entities. Requests from such entities will not be considered for funding. For ACC 2017 funding, projects must be located within and targeted to communities or regions that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either.

**Agency Name:** Economic Development Administration

**Description:** Under this NOFA, EDA solicits applications from

applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and EAA programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities, including communities and regions that have been impacted, or can reasonably demonstrate that they will be impacted, by coal mining or coal power plant employment loss, or employment loss in the supply chain industries of either. EDA provides strategic investments on a competitive- merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States. This EDAP NOFA supersedes the EDAP Federal Funding Opportunity dated December 23, 2016.

Pursuant to section 3 of the Public Works and Economic Development Act of 1965 (42 U.S.C. § 3122) (PWEDA) and EDA's regulation at 13 C.F.R. § 300.3, the following types of entities are eligible to receive funding assistance from EDA: 1. District Organizations (as defined in 13 C.F.R. § 300.3); 2. Indian Tribes or a consortium of Indian Tribes; 3. States, cities, or other political subdivisions of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; 4. Institutions of higher education or a consortium of institutions of higher education; or 5. Public or private non-profit organizations or associations acting in cooperation with officials of a political subdivision of a State.

**Agency Name:**

Department of Commerce

**Description:**

Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based

investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to build capacity and guide the economic prosperity and resiliency of an area or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

## Description

Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to stimulate and guide the economic development efforts of a community or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA-designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support planning organizations, including District Organizations, Indian Tribes, and other eligible Recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of higher-skill, higher-wage jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

**Description:**

Through the Collaborative Science, Technology, and Applied Research (CSTAR) Program, the NWS Office of Science and Technology Integration is soliciting proposals to conduct research and development activities. NOAA/NWS believes its warning and forecast mission will benefit significantly from a strong partnership with outside investigators in the broad academic community. The CSTAR Program represents a NWS effort to create a cost-effective transition from basic and applied research to operations and services through collaborative research between operational forecasters and academic institutions which have expertise in the environmental sciences. These activities will engage university researchers and students in applied research of interest to the operational meteorological community for the provision of improving the accuracy of forecasts and warnings of environmental hazards. This announcement is for research and development topics identified as priorities by the NWS to support field forecasting operations. There is one grant competition under this announcement valued at approximately \$600,000 for three to five new projects

**Agency Name:**

Administration for Children & Families - ACYF/FYSB

**Description:**

The Administration for Children and Families, Administration on Children, Youth and Families' Family and Youth Services Bureau announces the availability of funds under the Title V Competitive Sexual Risk Avoidance Education (CSRAE) Program. The purpose of Title V Competitive SRAE is to fund projects to implement education exclusively on sexual risk avoidance that teaches youth participants to voluntarily refrain from non-marital sexual activity. The goals of CSRAE are to empower participants to make healthy decisions, and provide tools and resources to prevent pregnancy, sexually transmitted infections (STIs), and youth engagement in other risky behaviors. Applicants are

expected to submit plans for the implementation of sexual risk avoidance education that normalizes the optimal health behavior of avoiding non-marital sexual activity, with a focus being on the future health, psychological wellbeing, and economic success of youth. Successful applicants must agree to use medically accurate information referenced to peer-reviewed publications by educational, scientific, governmental, or health organizations; implement an evidence-based approach integrating research findings with practical implementation that aligns with the needs and desired outcomes for the intended audience; and teach the benefits associated with self-regulation, success sequencing for poverty prevention, healthy relationships, goal setting, and resisting sexual coercion, dating violence, and other youth risk behaviors such as underage drinking or illicit drug use without normalizing teen sexual activity. The plans should address the social, psychological, and health gains to be realized by refraining from non-marital sexual activity and engaging in healthy relationships. The SRAE legislation requires unambiguous and primary emphasis and context for each of the topics to be addressed in program implementation. Additionally, there is a requirement that messages to youth normalize the optimal health behavior of avoiding non-marital sexual activity.

**Agency Name:** Administration for Children & Families - ACYF/FYSB

**Description:** The Family Violence Prevention and Services Discretionary Grants: Specialized Services for Abused Parents and Their Children (Demonstration Projects) will support up to 24 demonstration projects. Funded demonstration projects will focus on expanding their capacity (as family violence, domestic violence, and dating violence coalitions; local programs; tribal communities; and community-based programs) to prevent future domestic violence by addressing, in an appropriate manner, the needs of children exposed to family violence, domestic violence, or dating violence. All grantees will provide trauma-informed, developmentally appropriate and age-appropriate services, and culturally relevant and linguistically accessible services, to the victims and children relevant to the unique needs of children exposed to family violence, domestic violence, or dating violence, and potentially with co-occurring impacts of child abuse and neglect. All grantees will provide services for nonabusing parents to support those parents' roles as caregivers and their roles in responding to the social, emotional, and developmental needs of their children; and where appropriate, grantees will provide services while working with a nonabusing parent and child together.

**Additional Information on Eligibility:** To be eligible for the CED program, an applicant must meet three conditions: 1. Applicant must be a private, non-profit CDC with 501(c)(3) status; 2. Applicant must have articles of incorporation or bylaws demonstrating that the CDC has, as a principal purpose, the planning, developing, or managing of low-income housing or community economic development activities; and 3. The Board of Directors must have representation from each of the following: community residents, business leaders, and civic leaders. Note: The CDC designation does not need to be specified on any official documents as long as the three requirements stated above are met. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

**Agency Name:** Administration for Children and Families - OCS

**Description:** The Administration for Children and Families (ACF), Office of Community Services (OCS) will award approximately \$13.6 million in Community Economic Development (CED) discretionary grant funds to Community Development Corporations (CDC) for well-planned, financially viable, and innovative projects to enhance job creation and business development for individuals with low-income. CED grants will be made as part of a broader strategy to address objectives such as decreasing dependency on federal programs, chronic unemployment, and community deterioration in urban and rural areas. CED projects are expected to actively recruit individuals with low-income to fill the positions created by CED-funded development activities, to assist those individuals to successfully hold those jobs and to ensure that the businesses and jobs created remain viable for at least one year after the end of the grant period. CED-funded projects can be non-construction or construction projects, however, short-term construction

jobs associated with preparing for business startup or expansion are not counted when determining the number of jobs created under the CED program as they are designed to be temporary in nature. OCS is encouraging applications from CDCs to target rural areas and underserved areas in States without current projects. Furthermore, OCS is encouraging projects that align with Opportunity Zones, Rural Communities with high rates of poverty, unemployment, and substance abuse and rural communities with persistent poverty as identified by USDA's Economic Research Service.

Victim service organizations may also include faith-based organizations that are addressing human trafficking in their services. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

**Agency Name:** Administration for Children and Families-IOAS-OTIP

**Description:** The Office on Trafficking in Persons (OTIP) within the Administration for Children and Families is announcing funds for the Domestic Victims of Human Trafficking Services and Outreach (DVHT- SO) Program. The goal of the DVHT-SO Program is to fund organizations that will build, expand, and sustain organizational and local capacity to deliver services to domestic victims of severe forms of human trafficking as defined by the Trafficking Victims Protection Act of 2000 through the provision of direct services, assistance, and referrals. Under the DVHT-SO Program, the following activities are required: 1) outreach efforts to increase identification of victims of sex and labor trafficking; 2) training to service providers and community partners; and 3) provision of comprehensive case management to domestic victims of human trafficking and their immediate family members. The DVHT-SO Program is informed by a whole-family approach that focuses equally and intentionally on services and opportunities for victims and their immediate family members living within their households. OTIP is encouraging the establishment of community partnerships, meaningful engagement of survivors, and the hiring of qualified professionals that reflect the communities being served in all project implementation strategies under the DVHT-SO Program. Under DVHT-SO there is a 12-month project implementation period to facilitate the development of a sustainability plan, onboarding new staff, and developing victim service protocols. Under the DVHT-SO Program, there is a statutorily mandated 25% match (cash or in-kind) requirement.

**Agency Name:** Administration for Children and Families - ORR

**Description:** The Office of Refugee Resettlement/Division of Unaccompanied Children Operations (ORR/DUCO), within the Administration for Children and Families, provides temporary shelter care and other child welfare-related services to Unaccompanied Alien Children (UAC) in ORR custody. Residential care services begin once ORR accepts a UAC for placement and ends when the minor is released from ORR custody, turns 18 years of age, or the minor's immigration case results in a final disposition of removal from the United States. Residential care and other child welfare-related services are provided by State-licensed residential care programs in the least restrictive setting appropriate for the UAC's age and special needs. ORR is announcing this FOA to seek secure care providers. Residential care providers, operating a secure facility, are required to be licensed in the State in which it is located to provide secure care. The secure care provider manages a specialized population of UAC who have exhibited the following behaviors: violent or criminal behavior that endangers others; serious escape history/risk; extremely disruptive/dangerous behavior in a shelter; and/or disruptive/dangerous behavior in a staff-secure setting. All entities, funded under this FOA, must also comply with the Flores Settlement Agreement, the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), pertinent regulations, laws, and ORR policies, instructions, and procedures. ORR encourages applicants to review ORR's policies, instructions, and procedures at:

**Description:** The Office of Refugee Resettlement/Division of Unaccompanied Children Operations (ORR/DUCO), within the Administration for Children and Families, is announcing the availability of funds for the Home Study (HS) and Post Release Services (PRS) for Unaccompanied Alien Children (UAC). The HS/PRS for UAC Program conducts home studies for certain UAC, prior to their release from ORR custody, and provides post release services for UAC after they are released in accordance with the requirements of the William Wilberforce Trafficking Victims Protection Reauthorization Act (TVPRA) of 2008. Under this Program, both HS and PRS services must be provided nationwide. To safely release UAC to sponsors, living in the United States, certain categories of UAC, who are at

risk or display special needs, are referred for home studies. Home studies are also conducted for any case in which a sponsor presents a safety risk to the UAC. In order to promote the safety and well-being of UAC, after their release to a sponsor in the U.S., certain categories of children, who display special needs, are referred for post-release services. Post release services are required for all UAC who receive a home study. For cases, where there is no safety risk in releasing a UAC to a sponsor but additional assistance is required to connect the UAC and sponsor to needed resources upon discharge from ORR custody, the case may be referred for post-release only services (i.e., no home study is required). All entities funded under this Funding Opportunity Announcement must comply with ORR/DUCO HS and PRS' policies and procedures, the Flores Settlement Agreement, the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), and pertinent regulations and laws. **Additional Information on Eligibility:** Care providers are required to be licensed or license eligible (temporary, provisional, or an equivalent license) with license being issued, by a state licensing agency, within 90 days of award to provide residential, group, or foster care services for dependent children. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

**Agency Name:** Administration for Children and Families - ORR

**Description:** The Office of Refugee Resettlement/Division of Unaccompanied Children Operations (ORR/DUCO), within the Administration for Children and Families, provides temporary shelter care and other child welfare-related services to Unaccompanied Alien Children (UAC) in ORR custody. Residential care services begin once ORR accepts a UAC for placement and ends when the minor is released from ORR custody, turns 18 years of age, or the minor's immigration case results in a final disposition of removal from the United States. Residential care and other child welfare-related services are provided by State-licensed residential care programs

in the least restrictive setting appropriate for the UAC's age and special needs. ORR is announcing this funding opportunity announcement (FOA) to seek Staff Secure care providers. Residential care providers, operating a staff secure facility, must be licensed by an appropriate State agency to provide residential care, to include a heightened level of supervision, for children with delinquent behaviors, including gang involvement, serious behavioral problems, and/or who present a low to moderate flight risk. All entities, funded under this FOA, must also comply with the Flores Settlement Agreement, the Perez-Olano Settlement Agreement, Case No. CV05-3604 (C.D. Cal., Dec. 14, 2010), pertinent regulations, laws, and ORR policies, instructions, and procedures. ORR encourages applicants to review ORR's policies, instructions, and procedures at: <http://www.acf.hhs.gov/programs/orr/resource/children-entering-the-united-states-unaccompanied-as-these-will-be-critical-to-the-overall-program-design>.

**Agency Name:**

Health Resources and Services Administration

**Description:**

This notice announces the opportunity to apply for funding under the Early Hearing Detection and Intervention (EHDI) Program. The purpose of this program is to support comprehensive and coordinated state and territory EHDI systems of care[1] so families with newborns, infants, and young children up to 3 years of age[2] who are deaf or hard-of-hearing (DHH)[3] receive appropriate and timely services that include hearing screening[4], diagnosis, and early intervention (EI). [1] For the purposes of this NOFO, the EHDI system of care refers to families, consumers, providers, services, and programs that work towards developing coordinated and comprehensive state and territory systems so that families with newborns, infants, and young children who are deaf or hard of hearing receive appropriate and timely services that include hearing screening, diagnosis, and intervention. [2] For the purposes of this funding opportunity, "children" are defined as all newborns, infants, and young children up to the age of 3. [3] For the purposes of this funding opportunity, "deaf" and "hard of hearing" or "DHH" are used in this document to represent the entire spectrum of children with varying hearing levels (from mild to profound) and laterality, and is intended to be inclusive of those who have other disabilities and/or conditions. [4] For the purposes of this funding opportunity, the term hearing screening refers to the process of initial screening, diagnosis, and enrollment into early intervention (EI) services.

**Description:**

The Centers for Disease Control and Prevention (CDC) announces the availability of Fiscal Year (FY) 2020 funds for Notice of Funding Opportunity Announcement (NOFO) PS20-2003: STD/HIV Disease Intervention Training Centers (DITC). Purpose: The purpose of this NOFO is to strengthen capacity of local and state health departments to conduct STD/HIV intervention services. The intent is to transform Disease Intervention Specialists (DIS) training through expanded training content, consistent with the DIS Certification Job Task Analysis (JTA) core competencies, and enhanced knowledge to support the changing role of DIS and National DIS Certification. Training will standardize skill sets to facilitate cross-jurisdictional response, achieve staff proficiency to implement effective public health interventions, and contribute to the reduction of STD and HIV incidence. Program Strategies: Recipients will constitute a network of curriculum development and training centers, charged with collaborative implementation of a nationally standardized training program, for local and state health jurisdictions, throughout the United States. Available funding is categorized in three areas of focus: 1) national online knowledge-based curriculum development; 2) national instructor-led skills-based curriculum development; and 3) regional instructor-led skills-based training. Outcomes: Recipients' performance will be measured by: increased CDC-approved trainings available in eLearning, in-person, or blended learning formats; increased knowledge and skills of DIS and supervisors; and increased capacity of health departments to conduct effective client-level STD/HIV disease intervention tasks performed by DIS.

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** 1. Eligibility. Any housing agency currently allocating LIHTC under Section 42 of the Internal Revenue Service Code of 1986 (IRC), any applicable participating jurisdiction allocating and overseeing assistance under the HOME Investment Partnerships Act (HOME),

and/or a similar federal or state program are eligible to apply. An Eligible Applicant may also be a state, regional, or local housing agency or agencies; or a partnership or collaboration of state and local/regional housing agencies. To be eligible, the applicant must have an Inter-agency Partnership Agreement with the State Health and Human Services/Medicaid agencies (See Section III below for further information). Note: Only one Eligible Applicant per state may receive funding. In the event there are more than one Eligible Applicant, each state must determine which Eligible Applicant is the most appropriate. The State Health and Human Services/Medicaid agency can only be included in one application for Section 811 PRA funds per state. If the State Health and Human Services/Medicaid Agency is included in multiple applications from one state, none will be considered. Since this is a state program, HUD will be rating individual state applications. The State Health and Human Services/Medicaid agency will need to decide which Eligible Applicant, in the event there may be more than one, to partner with for this application submission. Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

**Agency Name:**

Department of Housing and Urban Development

**Description:**

This Section 811 Project Rental Assistance (PRA) Program seeks to identify, stimulate, and support sustainable state approaches that will transform the provision of housing for persons with disabilities while providing access to appropriate supports and services. This NOFA will provide project-based rental assistance funding to housing agencies. These funds are available to be used as project-based rental assistance for housing units integrated within multifamily properties that are set-aside for extremely low-income persons with disabilities who are eligible for community-based long-term care services and supports provided under a State Medicaid Program or other comparable long-term services program. Awards also allow limited use for administrative costs. Any other use of funds is prohibited. This Section 811 PRA program will support successful and promising state partnership models that have been developed to increase the number of permanent housing units for persons with disabilities with access to appropriate services. NOTE: This is not a voucher program. This NOFA allows states to creatively combine or bundle Section 811 PRA funds with existing state administered affordable rental housing finance and development programs. Housing agencies may either directly administer this project rental assistance to supported properties or in instances where there is limited experience, housing agencies are encouraged to partner/contract with other qualified parties to administer the long-term project rental assistance contracts. A major threshold requirement of the program is that the state housing agency must have a focused partnership with the State Health and Human Service/Medicaid Agencies that will be responsible for ensuring that residents have access to the services and supports necessary to live in the community.

proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

**Agency Name:** Department of Housing and Urban Development

**Description:** The Section 811 Supportive Housing for Persons with Disabilities Program aims to expand the supply of integrated affordable housing by providing Capital Advance funding for the development of permanent supportive rental housing for very-low-income persons age 18 years or older. In addition to support for construction, Capital Advance awards provide operating subsidies in the form of a Project Rental Assistance Contract ("PRAC") to maintain ongoing affordability over the next forty years. These much-needed units provide persons with disabilities the opportunity to live as independently as possible within the community in an integrated environment that provides access to appropriate and voluntary supportive services. The Department of Housing and Urban Development ("HUD") seeks to fund innovative Section 811 permanent supportive housing models that will be at the forefront of design, service delivery and efficient use of federal resources. To achieve this outcome, HUD expects successful Sponsors to demonstrate best practices or innovation in both physical design and supportive services. Proposals must promote the long-term housing sustainability and facilitate community integration for persons with disabilities. HUD aims to provide Capital Advance funding to those applicants who leverage Capital Advance funds with other financing sources to meet the goal of development of permanent supportive housing. Sponsors/Owners are encouraged to establish formal partnerships with multiple health and human service agencies or organizations with a demonstrated capacity to coordinate voluntary services and supports to enable individuals to live independently in the community. These partnerships should assist the Owners by providing referrals, assisting with a timely transition to a unit, and providing the opportunity to access any supportive services and supports. Demonstrated capacity may refer to previous experience and a well-developed plan to provide referrals, services, and supports.

#### Eligibility

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** a. Only PHAs that have an existing Annual Contributions Contract (ACC) with HUD for HCVs are eligible to apply for funding under this announcement. b. Eligible PHAs must have demonstrated a commitment to administer FUP, which shall be verified by an executed Memorandum of Understanding (MOU) between the PHA, PCWA, and CoC, and in accordance with this NOFA. c. HUD will only consider funding one application per PHA. This one application limit applies regardless of whether the PHA is a State or regional PHA. In instances where a PHA has more than one PHA code number due to its operating under the jurisdiction of more than one HUD Field Office, a separate application, under each code, shall be considered for funding with the cumulative total of vouchers applied for under the applications not to exceed the maximum number

of vouchers the PHA is eligible to apply for under this NOFA (i.e., no more than the number of vouchers the same PHA would be eligible to apply for it had only one PHA code number). d. A contract administrator that does not have an ACC with HUD for HCVs, but constitutes a PHA under 24 CFR 982.4 by reason of its administering HCVs on behalf of another PHA, is not eligible to submit an application under this NOFA. Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

#### Additional Information

**Agency Name:**

Department of Housing and Urban Development

**Description:**

1. Purpose and Summary. a. Overview. The Family Unification Program (FUP) is a program under which housing assistance is provided under the Housing Choice Voucher (HCV) program in partnership with Public Child Welfare Agencies (PCWAs) to two groups: Families for whom the lack of adequate housing is a primary factor in the imminent placement of the family's child, or children, in out-of-home care; or the delay in the discharge of the child, or children, to the family from out-of-home care; and Youth at least 18 years and not more than 24 years of age (have not reached their 25th birthday) who left foster care, or will leave foster care within 90 days, in accordance with a transition plan described in Section 475(5)(H) of the Social Security Act, and are homeless or are at risk of becoming homeless at age 16 or older. As required by statute, a FUP voucher issued to such a youth may only be used to provide housing assistance for the youth for a maximum of 36 months. b. Policy Priorities. This NOFA adopts the following policy priorities: 1. Increase coordination between the PHA, PCWA, and CoC. 2. Community leveraging of data to strategically allocate and use resources. 3. Strengthen connections to the HUD Family Self-Sufficiency (FSS) Program or similar programs promoting self-sufficiency. 4. Increase access to supportive services. 5. Community accountability through the creation of goals and standards of success. 2. Changes from Previous NOFA. This Section highlights only the major changes from the previous FUP NOFA. Applicants should read this entire NOFA carefully to ensure that all threshold and eligibility requirements are met (otherwise the applicant will be ineligible for funding), and that the program requirements listed in this NOFA are followed. a. Maximum Award. This NOFA revises the maximum number of vouchers that may be awarded by PHA voucher size. b. Definitions. This NOFA defines additional terms. c. Statement of Need. This NOFA provides for the streamlining of the Statement of Need. d. Rating Factor. This NOFA introduces a Rating Factor Certification.

**Additional Information on Eligibility:** To be eligible for an award under this Notice of Funding Opportunity, you must be an organization that meets all three of the following criteria:1. You must be either a unit of State, local, or tribal government or be a private, nonprofit organization that has tax-exempt status under the Internal Revenue Code;2. You must be located in one of the 50 States of the United States of America, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau; and3. You must qualify as one of the following:(a) A museum that, using a professional staff, is organized on a permanent basis for essentially educational, cultural heritage, or aesthetic purposes; owns or uses

tangible objects, either animate or inanimate; cares for these objects; and exhibits these objects to the general public on a regular basis through facilities that it owns or operates.1) What types of institutions are included in the term “museum”? If they otherwise meet these requirements, “museums” include, but are not limited to, aquariums, arboretums, art museums, botanical gardens, children’s/youth museums, general museums (those having two or more significant disciplines), historic houses/sites, history museums, natural history/anthropology museums, nature centers, planetariums, science/technology centers, specialized museums (limited to a single distinct subject), and zoological parks.2) What does it mean to be “using a professional staff”? An institution uses a professional staff if it employs at least one staff member, or the full-time equivalent, whether paid or unpaid, primarily engaged in the acquisition, care, or exhibition to the public of objects owned or used by the institution.3) What does it mean to “exhibit the objects to the general public”? An institution exhibits objects to the general public if such exhibition is a primary purpose of the institution. An institution that exhibits objects to the general public for at least 120 days a year is deemed to exhibit objects to the general public on a regular basis. An institution which does not have the exhibition of objects as a primary purpose and/or does not exhibit objects to the public for at least 120 days a year may be determined to be eligible as a museum under certain circumstances. For more information, please see 2 C.F.R. § 3187.3.(b) A public or private nonprofit agency that is responsible for the operation of a museum that meets the eligibility criteria in 1, 2, and 3(a), applying on behalf of the museum.

**Agency Name:**

Institute of Museum and Library Services

**Description:**

The goal of the Museums for America (MFA) grant program is to support projects that strengthen the ability of an individual museum to serve its public. Museums Empowered: Professional Development Opportunities for Museum Staff is a special MFA initiative with the goal of strengthening the ability of an individual museum to serve its public through professional development activities that cross-cut various departments to generate systemic change within the museum.

As centers of innovation and discovery, as well as catalysts of community revitalization, museums are at the forefront of change in our communities. Like any other institution, museums need to remain dynamic to respond to fast-evolving technological advances and changing demographics.

Museums also need to generate and share outcomes-based data and demonstrate results of their community impact efforts. In addition, they need to develop sustainable organizational structures and strategies for continued growth and vitality. Professional development is critical for museums to deliver on these areas of need.

IMLS encourages applicants to invest in the professional development of museum staff, leadership, and volunteers to enhance their skills and ensure the highest standards in all aspects of museum operations. This includes, but is not limited to, creating opportunities to encourage a more inclusive and diverse museum professional and volunteer workforce, and building the skills of museum staff at all levels with emphasis on the development of the next generation of museum professionals.

To support and empower museums of all sizes and disciplines in responding to the evolving needs of the museum profession and changes in their communities, this MFA special initiative has four project categories for professional development:

- Digital Technology: for museum staff to fully explore, understand, adopt, and optimize the use of digital technology in museums
- Diversity and Inclusion: for museum staff to develop cultural competency and support museum relevancy in their communities
- Evaluation: to expand museum staff's capacity in conducting formative and summative evaluation of programs, practices, and products that can help the museum yield indicators and measurable outcomes
- Organizational Management: for museum staff to learn best practices in organizational management, strategic thinking, innovation, and managing change

Potential projects will address one of these four project categories and help strengthen the ability of an individual museum to better serve its public. Projects will utilize comprehensive strategies and frameworks to support professional development. Projects should cross-cut various departments and result in systemic change within the museum.

**Eligible Applicants:** Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"

**Additional Information on Eligibility:** Applications are accepted on a rolling basis.

**Agency Name:** Fish and Wildlife Service

**Description:** The Fish and Wildlife Management Assistance Program provides technical and financial assistance to other federal agencies, states, local governments, Native American tribes, non-governmental organizations, citizen groups, and landowners for the conservation and management of fish and wildlife resources. This includes minimizing the establishment, spread, and impact of aquatic invasive species. Specifically, aquatic habitat conservation projects under this program must protect, restore, and enhance fish and aquatic habitats, as outlined in the National Fish Habitat Action Plan (Action Plan). Likewise, projects under this program, directly or

indirectly, support and promote public access to recreational fishing opportunities and the sustainable use of other natural resources. Funded projects may be carried out by Fish Habitat Partnerships (FHPs) recognized by the National Fish Habitat Board (Board) or the partners of Board recognized FHPs. More information about the FHPs and their partners can be found online at [www.fishhabitat.org](http://www.fishhabitat.org).

Federal agencies are not eligible to apply.
---	---

<b>Agency Name:</b>	Bureau of Reclamation
---------------------	-----------------------

<b>Description:</b>	This FOA’s objective is to invite private industry, universities, water utilities, and other research sponsors to submit applications that address DWPR program goals and objectives at the laboratory or pilot scale studies.
---------------------	--

**Funding Group I: Laboratory Scale** projects are typically bench scale studies involving small flow rates (less than 2 gallons per minute). They are used to determine the viability of a novel process, new materials, or process modifications. Research at this stage often involves a high degree of risk and uncertainty.

Up to \$250,000 in Federal funds per proposed project will be available under this funding group for projects that can be completed within two years.

**Funding Group II: Pilot scale** projects test a novel process at a sufficiently large scale to determine the practicality of implementing the technology at a larger scale. Pilot studies are used to generate data that

can be used to estimate the operational requirements (labor, chemical addition, power requirements) of the process and to show performance with respect to finished water quality goals. Pilot scale projects are generally preceded by laboratory studies (funded previously by DWPR or others) that demonstrate that the technology works.

Up to \$800,000 in Federal funds per proposed project will be available under this funding group for projects that can be completed within three years. The funding will be divided by year and should be included in the proposed budget portion of the application. Funding after the first year is not guaranteed and will be made available based on adequate work completed in the previous year.

The Educational Component of the National Cooperative Geologic Mapping Program

Synopsis 1

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	G20AS00005	Posted Date:	Sep 09, 2019
Funding Opportunity Title:	The Educational Component of the National Cooperative Geologic Mapping Program	Last Updated Date:	Sep 09, 2019
		Original Closing Date for Applications:	Nov 19, 2019
		Current Closing Date for Applications:	Nov 19, 2019
Opportunity Category:	Discretionary	Archive Date:	Dec 19, 2019
Opportunity Category Explanation:		Estimated Total Program Funding:	\$429,465
Funding Instrument Type:	Cooperative Agreement	Award Ceiling:	\$50,000
Category of Funding Activity:	Education	Award Floor:	\$0
Category Explanation:			
Expected Number of Awards:	35		
CFDA Number(s):	15.810 -- National Cooperative Geologic Mapping		
Cost Sharing or Matching Requirement:	Yes		
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)		
Additional Information on Eligibility:	U.S. accredited university Geoscience or related Departments are eligible for EDMAP funds. University professors must write and submit the proposals. EDMAP cooperative agreements are intended to fund students doing geologic mapping in the field. While it is proper for the professor's advisors to ask for some logistical support so that they may be with their student(s) in the field for a credible amount of time, the bulk of the award is intended to support the students mapping efforts. EDMAP cooperative agreements do not support faculty salaries. Masters and Doctoral students of Geoscience or related Departments at accredited United States colleges and universities are eligible applicants to the EDMAP Program. In addition, qualified undergraduate Juniors and Seniors are also eligible. These undergraduates should have received some basic mineralogy, petrology and structural geology training prior to the time they will do the geologic mapping proposed in this proposal.		

**Agency Name:** Geological Survey

**Description:** The primary objective of the EDMAP component of the NCGMP is to train the next generation of geologic mappers. To do this NCGMP provides funds for graduate and selected undergraduate students in academic research projects that involve geologic mapping as a major component. Through these cooperative agreements NCGMP hopes to expand the research and educational capacity of academic programs that teach earth science students the techniques of geologic mapping and field data analysis. Another important goal is to increase the level of communication between the Nations geologic surveys (both State Geological Surveys and the USGS) and geologic mappers in the academic community. We hope that this improved communication will have two results: 1) that the academic mapping community will learn more about the societal needs that drive geologic mapping projects at the USGS and State Geologic Surveys, and 2) more geologic maps produced in academia will eventually be made available to the public.

<b>Agency Name:</b>	Veterans Employment and Training Service
<b>Description:</b>	<p>DOL VETS supports local Stand Down (SD) events that assist homeless veterans by providing a wide variety of employment, social, and health services. A homeless veteran is a veteran, as defined in 38 U.S.C. 101(2), who is "homeless" as that term is defined at 42 U.S.C. 11302(a)-(b), as amended by the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (Public Law 111-22). Stand Down grant funds must be used to enhance employment and training opportunities or to promote the self-sufficiency of homeless veterans through paid work. Veterans experiencing homelessness do not always have access to basic hygiene supplies necessary to maintain their health and appearance. Lack of shelter limits their ability to prepare for and present themselves at job interviews or be contacted for follow-up. Basic services such as showers, haircuts, attention to health concerns, and other collaborative services provided at SD events can give participants a greater sense of self and an opportunity to improve their chances of securing and maintaining employment. Each year, VETS sets funds aside from the Homeless</p>

Veterans' Reintegration Program (HVRP) budget activity to award SD grants. Stand Down funding is a non-competitive grant awarded on a first-come, first-served basis until available annual funding is exhausted. VETS will continue to accept applications and process when additional funds become available. The maximum amount that can be awarded, per applicant for a geographic area, in a fiscal year (October 1 – September 30) is \$7,000 for a one-day event and \$10,000 for a multi-day event. Grants may be awarded to multiple organizations that conduct SD events in the same general area so long as there is no commingling of federal funds. In the event of a significant natural or man-made disaster, VETS may elect to accept and award grants for SD events in excess of the \$10,000 limit. VETS recognizes the following as circumstances that may justify awarding SD grants in higher amounts: emergencies or major disasters, as defined in the Stafford Act, which have been declared eligible for public assistance by the Federal Emergency Management Agency (FEMA). In addition, emergencies or disaster situations of national significance, natural or man-made, that could result in a potentially large loss of employment, as declared or otherwise recognized in writing by the chief official of the Federal Agency with jurisdiction over the Federal response to the emergency or disaster. If the VETS Assistant Secretary determines it is appropriate to award increased grants for SD events due to a disaster, the VETS Assistant Secretary will announce such a determination in writing, including the maximum amount that can be awarded on account of such an identified disaster, in order to provide notice to entities proposing to conduct SD events in those geographic areas where a disaster has been declared or to which a substantial number of veterans have relocated or been relocated. Acceptable uses of Stand Down grant funds do not change in such circumstances. All applications should be emailed to the appropriate DVET of the state in which the SD event is planned.

Native American tribal governments (Federally recognized)  
County governments  
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education  
State governments  
Private institutions of higher education

**Additional Information on Eligibility:**

**Agency Name:** National Archives and Records Administration

**Description:** The National Historical Publications and Records Commission seeks projects that will significantly improve public discovery and use of major historical records collections. The Commission is especially interested in collections of America’s early legal records, such as the records of colonial, territorial, county, and early statehood and tribal proceedings that document the evolution of the nation’s legal history. All types of historical records are eligible, including documents, photographs, born-digital records, and analog audio and moving images. Projects may: • Digitize

historical records collections, or related collections, held by a single institution and make them freely available online • Provide access to born-digital records • Create new freely-available virtual collections drawn from historical records held by multiple institutions • Create new tools and methods for users to access records The NHPRC welcomes collaborative projects, particularly for bringing together related records from multiple institutions. Projects that address significant needs in the field and result in replicable and scalable approaches will be more competitive. We also encourage organizations to actively engage the public in the work of the project. Applicants should also consult Access to Historical Records: Archival Projects program, which has different requirements and award amounts. For a comprehensive list of Commission limitations on funding, please see: "What we do and do not fund"

(<http://www.archives.gov/nhprc/apply/eligibility.html>). Applications that consist entirely of ineligible activities will not be considered. Award Information A grant is for one to three years and for between \$100,000 and \$350,000. We expect to make up to five grants in this category for a total of up to \$1,000,000. Grants begin no earlier than January 1, 2021. The Commission requires that grant recipients acknowledge NHPRC grant assistance in all publications and other products that result from its support. Eligibility Eligible applicants: • Nonprofit organizations or institutions • Colleges, universities, and other academic institutions • State or local government agencies • Federally-acknowledged or state-recognized Native American tribes or groups Cost Sharing The total costs of a project are shared between the NHPRC and the applicant organization. The Commission provides no more than 50 per cent of total project costs in the Access to Historical Records: Major Initiatives category. NHPRC grant recipients are not permitted to use grant funds for indirect costs (as indicated in 2 CFR 2600.101). Cost sharing is required. The applicant's financial contribution may include both direct and indirect expenses, in-kind contributions, non-Federal third-party contributions, and any income earned directly by the project. Indirect costs must be listed under the applicant's cost sharing contribution. Other Requirements Applicant organizations must be registered in the System for Award Management (SAM) prior to submitting an application, maintain SAM registration throughout the application and award process, and include a valid DUNS number in their application. Details on SAM registration and requesting a DUNS number can be found at the System for Award Management website at <https://sam.gov>. Please refer to the User Guides section and the Grants Registrations PDF. A complete preliminary application includes the Application for Federal Assistance (Standard Form 424), a Project Narrative, and Budget. Applications lacking these items will not be considered. Ineligible applications will not be reviewed.

**Description:** The Cooperative Agreement will begin no earlier than June 1, 2020, and may extend for up to 24 months. Program Description: More than 500,000 members of the United States armed services live with traumatic brain injuries and related psychological health conditions. The Creative Forces: NEA Military Healing Arts Network (Creative Forces)—a program of the National Endowment for the Arts (Arts Endowment) in partnership with the U.S. Departments of Defense (DoD) and Veterans Affairs (VA) and state and local arts agencies—places creative arts therapies at the core of patient-centered care for the military patients and veterans who are affected by these conditions, as well as their caregivers and families. Since it was established in 2012, Creative Forces has reached more than 7,000 service members and currently treats approximately 3,500 new patients annually at 11 military and veterans facilities. Up to six additional facilities, for a new total of 17, are expected to join the Creative Forces network by the end of 2020.

**Description:** An individual may submit only one application for FY 2021 funding. You may not apply for both a Translation Project under this deadline (January 15, 2020) and a Literature Fellowship (in prose or poetry) under the 2020 deadline (when fellowships in poetry are offered). The Arts Endowment's support of a project may begin any time between January 1, 2021, and January 1, 2022, and extend for up to two years. Grant Program Description Through fellowships to published translators, the National Endowment for the Arts (NEA) supports projects for the translation of specific works of prose, poetry, or drama from other languages into English. We encourage translations of writers and of work that are not well represented in English translation. All proposed projects must be for creative translations of literary material into English. The work to be translated should be of interest for its literary excellence and value. Priority will be given to projects that involve work that has not previously been translated into English.

**Eligible Applicants:** Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

**Additional Information on Eligibility:** An applicant must clearly demonstrate that it is one of the following:  
• A microenterprise development organization or program (or group or Collaborative thereof) such as a non-profit Community Development Financial Institution or similar entity, that has a demonstrated record of delivering microenterprise services to disadvantaged entrepreneurs or  
• An Intermediary (as defined in Section 8.1) which has experience in delivering technical assistance

to disadvantaged entrepreneurs; or • A microenterprise development organization or program (as defined in Section 8.1) that is accountable to a local community, working in conjunction with a State or local government or Indian Tribe; or • An Indian tribe acting on its own, if it can certify that no private organization or program referred to in paragraph in paragraphs (1) exists within its jurisdiction.

**Agency Name:**

Small Business Administration

**Description:**

SBA intends to award a discretionary grant to the National Association of Government Guaranteed Lenders (NAGGL) for the purpose of providing SBA 7(a) training to non profit lenders participating in the SBA Community Advantage Pilot Loan Program (CA). NAGGL has extensive experience with providing training to lenders on SBA's 7(a) loan product in the areas of loan origination, loan servicing and loan liquidation. This discretionary grant will serve as a proof of concept to explore the success of regional training to mission lenders participating in CA. These training needs have been identified by SBA's Office of Credit Risk Management to increase the performance level of lenders participating in the CA program. SBA will work closely with NAGGL in shaping the project as it is implemented and will draw lessons learned from its implementation and use that insight and experience in deciding whether or not to continue the initiative in a permanent form, which we would then do via the standard competitive process for awarding grants.

<b>Cost Sharing or Matching Requirement:</b>	Yes		

**Eligible Applicants:** Others (see text field entitled "Additional Information on Eligibility" for clarification)

**Additional Information on Eligibility:** Applicants under the TOD Pilot Program must be FTA grantees (i.e., existing direct and designated recipients) as of the publication date of this NOFO. An applicant must either be the project sponsor of an eligible transit capital project as defined in section C, subsection 3 of this NOFO or an entity with land use planning authority in an eligible transit capital project corridor. Except in cases where an applicant is both the sponsor of an eligible transit project and has land use authority in at least a portion of the transit project corridor, the transit project sponsor and at least one entity in the project corridor with land use planning authority must partner on the proposed comprehensive planning project. Documentation of this partnership must be included with the application; see section D, subsection 2 of this NOFO for further information. Only one application per transit capital project corridor may be submitted to FTA. Multiple

applications submitted for a single transit capital project corridor indicate that partnerships are not in place and FTA will reject all of the applications.

**Agency Name:** DOT/Federal Transit Administration

**Description:** Notice of Funding Opportunity for the Pilot Program for Transit-Oriented Development (TOD) Planning. The Federal Transit Administration (FTA) announces the availability of approximately \$19.19 million in Pilot Program for TOD Planning funding to support comprehensive planning associated with new fixed guideway and core capacity improvement projects. FTA may award amounts ranging from \$250,000 to \$2,000,000. The Pilot Program for TOD Planning provides funding to local communities to integrate land use and transportation planning in new fixed guideway and core capacity transit project corridors. As required by statute, any comprehensive planning funded through the pilot program must examine ways to improve economic development and ridership, foster multimodal connectivity and accessibility, improve transit access for pedestrian and bicycle traffic, engage the private sector, identify infrastructure needs, and enable mixed-use development near transit stations. The statute also requires that the planning work be associated with a new fixed guideway or core capacity transit project as defined in Federal transit statute (49 USC 5309(a); also see the NOFO for the definitions). Consistent with statutory direction, FTA is seeking comprehensive planning projects covering an entire transit capital project corridor, rather than proposals that involve planning for individual station areas or only a small section of the corridor. To ensure that planning work reflects the needs and aspirations of the local community and results in concrete, specific deliverables and outcomes, FTA is requiring that transit project sponsors partner with entities with land use planning authority in the transit project corridor.

## Federal Programs and Services

### Native Hawaiian Community Guide to Federal Programs and Services

- The 2016 guide identifies Federal program and grant opportunities in health, housing, education, and labor for which members of the Native Hawaiian Community and Native Hawaiian organizations may apply. The guide was developed in partnership with Papa Ola Lōkahi, the Council for Native Hawaiian Advancement (CNHA), and the Native Hawaiian Education Council.

## Farm Loans

FSA makes direct and guaranteed farm ownership and operating loans to family-size farmers and ranchers who cannot obtain commercial credit from a bank, Farm Credit System institution, or other lender. FSA loans can be used to purchase land, livestock, equipment, feed, seed, and supplies. Loans can also be used to construct buildings or make farm improvements.

## Housing Assistance

USDA provides homeownership opportunities to low- and moderate-income rural Americans through several loan, grant, and loan guarantee programs. The programs also make funding available to individuals to finance vital improvements necessary to make their homes decent, safe, and sanitary. USDA Multi-Family Housing Programs offer Rural Rental Housing Loans to provide affordable multi-family rental housing for very low-, low-, and moderate-income families; the elderly; and persons with disabilities. In addition, rental assistance is available to eligible families.

## Rural Development Loan and Grant Assistance

USDA Rural Development forges partnerships with rural communities, funding projects that bring housing, community facilities, business guarantees, utilities and other services to rural America. USDA provides technical assistance and financial backing for rural businesses and cooperatives to create quality jobs in rural areas. Rural Development promotes the President's National Energy Policy and ultimately the nation's energy security by engaging the entrepreneurial spirit of rural America in the development of renewable energy and energy efficiency improvements. Rural Development works with low-income individuals, State, local and Indian tribal governments, as well as private and nonprofit organizations and user-owned cooperatives.

## **Beginning Farmers and Ranchers**

USDA, through the Farm Service Agency, provides direct and guaranteed loans to beginning farmers and ranchers who are unable to obtain financing from commercial credit sources. Each fiscal year, the Agency targets a portion of its direct and guaranteed farm ownership (FO) and operating loan (OL) funds to beginning farmers and ranchers.

## **Crop and Livestock Insurance**

USDA helps producers manage their business risks. The mission of USDA's Risk Management Agency (RMA) is to promote, support, and regulate sound risk management solutions to preserve and strengthen the economic stability of America's agricultural producers. As part of this mission, RMA operates and manages the Federal Crop Insurance Corporation (FCIC).

RMA has three divisions: Insurance Services, Product Management, and Risk Compliance. Seventeen private-sector insurance companies sell and service the policies. RMA develops and/or approves the premium rate, administers premium and expense subsidies, approves and supports products, and reinsures the companies. RMA also sponsors educational and outreach programs and seminars on the general topic of risk.

## **Federal State Marketing Improvement Program**

This matching grant program, also known as FSMIP, provides matching funds to State Departments of Agriculture and other appropriate State agencies to assist in exploring new market opportunities for food and agricultural products, and to encourage research and innovation aimed at improving the efficiency and performance of the marketing system.

## **Specialty Crop Block Grant Program**

The SCBGP funds can be requested to enhance the competitiveness of specialty crops. Specialty crops are defined as fruits and vegetables, tree nuts, dried fruits, and nursery crops (including floriculture).

## **The Farmers Market Promotion Program**

The FMPP was created through a recent amendment of the Farmer-to-Consumer Direct Marketing Act of 1976. The grants, authorized by the FMPP, are targeted to help improve and expand domestic farmers markets, roadside stands, community-supported agriculture programs and other direct producer-to-consumer market opportunities.

## **Organic Cost Share Program**

AMS administers two organic certification cost share programs. Each program provides cost share assistance, through participating States, to organic producers and/or organic handlers. Recipients must receive initial certification or continuation of certification from a USDA accredited certifying agent (ACA).

## WHAT IS ECONOMIC DEVELOPMENT?

*Economic Development creates the conditions for economic growth* and improved quality of life by expanding the capacity of individuals, firms, and communities to maximize the use of their talents and skills to support innovation, lower transaction costs, and responsibly produce and trade valuable goods and services.

Economic Development requires effective, collaborative institutions focused on advancing mutual gain for the public and the private sector.

*Economic Development is essential to ensuring our economic future.*

## Corporation for National and Community Service

### General Program Overview

AmeriCorps provides resources, both human and financial, to organizations that engage Americans in intensive service to meet our country's critical needs.

Grantees use the funding to support AmeriCorps members for intensive service in their community. AmeriCorps grants partially cover the expense of operating an AmeriCorps program and do not cover general organizational expenses. A cash and in-kind match is required.

## National Service In Hawaii

**Meeting Community Needs in Hawaii:** Last year more than **3,600** Americans of all ages and backgrounds met local needs, strengthened communities, and expanded economic opportunity through national service in Hawaii. The Corporation for National and Community Service (CNCS) invested more than **\$8.1 million** to support cost-effective community solutions, working hand in hand with local partners to empower citizens to solve problems. AmeriCorps members and Senior Corps volunteers are preparing today's students for tomorrow's jobs, reducing crime and reviving cities, connecting veterans to services, fighting the opioid epidemic, helping seniors live independently, and rebuilding communities after disasters. Service members served at more than **300** locations across Hawaii, including schools, food banks, homeless shelters, health clinics, youth centers, veterans facilities, and other nonprofit and faith-based organizations. Through a unique public-private partnership, CNCS, its grantees, and project sponsors generated more than **\$9.6 million** in outside resources from businesses, foundations, public agencies, and other sources in FY 2017. This local support strengthened community impact and increased the return on taxpayer dollars.

## AmeriCorps

Last year, more than **600** AmeriCorps members met pressing local needs across Hawaii, making a lasting impact in communities while gaining valuable skills and experience to advance their careers. AmeriCorps members serve through one of three programs:

- **AmeriCorps State & National** engages men and women in intensive service at thousands of locations across the country through nonprofits, schools, public agencies, tribes, and community and faith-based groups. Most AmeriCorps grant funding goes to the Hawaii Commission on National & Community Service, the Governor-appointed State Service Commission, which in turn awards grants to organizations to respond to local needs.
- **AmeriCorps VISTA** (Volunteers In Service To America) taps the skills, talents, and passion of Americans of all ages to support community efforts to overcome poverty.
- **AmeriCorps NCCC** (National Civilian Community Corps) is a full-time, team-based residential program for 18-24 year-olds. Members develop leadership skills by serving in public safety, environment, and disaster projects. FEMA Corps, a unit of NCCC, focuses solely on disaster preparedness, response, and recovery.

## Senior Corps

Senior Corps taps the skills, talents, and experience of Americans age 55 and over to meet a wide range of community challenges. Last year, more than **3,000** Hawaii seniors met critical community needs while contributing to longer, healthier lives through one of three Senior Corps programs:

- **Foster Grandparents** serve one-on-one as tutors and mentors to young people with exceptional needs.
- **Senior Companions** help homebound seniors and other adults maintain independence primarily in their own homes.
- **RSVP** volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services.

Last year in Hawaii, Foster Grandparents tutored and mentored **530** young people, Senior Companions helped **290** seniors live independently, and RSVP volunteers strengthened the impact of **150** organizations across the state.

## Forecast of Funding Opportunities under the Department of Education Discretionary Grant Programs for Fiscal Year (FY) 2018

This document lists virtually all programs and competitions under which the Department (we) has invited or expects to invite applications for new awards and provides actual or estimated deadline dates for the transmittal of applications under these programs. The lists are in the form of charts -- organized according to the Department's principal program offices -- and include programs and competitions we have previously announced, as well as those we plan to announce at a later date. **If you are interested in applying for any upcoming grants with the Department of Education, please take the time to register with SAM at [www.SAM.gov](http://www.SAM.gov), as you must have an active account in order to submit a grant application with our agency. We recommend you register now even as you are looking for eligible grant programs so that your SAM registration is active by the time the application is published. This will allow you to focus on writing the application during the period the application is available and you are not spending a portion of that time obtaining SAM registration. Please click [here](#) to refer to the SAM tip sheet for additional information.**

**Note:** This document is advisory only and is not an official application notice of the Department of Education. We expect to provide updates to this document starting in the first week of June in a fiscal year and continuing through the following August. Please keep in mind that the dates recorded in this document are **SUBJECT TO CHANGE** and that the average size/number of awards are **ESTIMATES**.

**Note on printing:** For best results, print this document in landscape orientation.

### Organization of this Document

We have assigned to each principal office a separate chart as follows:

Chart 1 - Institute of Education Sciences.

Chart 2 - Office of Elementary and Secondary Education.

Chart 3 - Office of Innovation and Improvement.

Chart 4 - Office of Postsecondary Education (Link to IFLE Chart)

Chart 5 - Office of Special Education and Rehabilitative Services (Links to RSA Chart)

Chart 6 - Office of Career, Technical and Adult Education

Chart 7 - Office of English Language Acquisition

### Grant Application Information

Here's how you can tell whether we've already published an application notice for a particular program or competition in the *Federal Register* and whether the dates we list in this Forecast of Funding Opportunities are actual or estimates:

If we have published the application notice, we will list the *Federal Register* (FR) volume and page number (e.g., 65 FR 53402) after the date in column two. The other dates for that program or competition (columns four and five) are actual (as opposed to estimated) dates.

If we do not follow the date in column two with an FR citation, it means that we have yet to publish the application notice, and the dates (columns, two, four, and five) are estimates only. The actual dates will appear in the official application notice for that program or competition in the *Federal Register*.

**Date of Application Notice.** In column two of the charts, we list the actual or estimated date for publication of the application notice for a given program or competition.

**Link to Notice.** In column three of the charts, after its publication in the *Federal Register*, we will provide a link to the application notice for a given program or competition.

**Electronic Grant Applications.** Applications may be submitted electronically, for certain programs listed in the Forecast, through the Grants Management System (G5: [www.g5.gov](http://www.g5.gov)) or through Grants.gov. The requirements and instructions for submitting applications electronically under the program identified will appear in the *Federal Register* in the application notice for these programs or competitions. It is important to note that, if a competition is using Grants.gov, it will not be using G5 and vice versa. As part of doing business with the Federal Government, applicants must have an active registration with SAM ([www.SAM.gov](http://www.SAM.gov)). Therefore, we strongly recommend that you create a SAM account now (or update your account if you already have an existing one) before the application package becomes available so that once the package is posted, your registration will be complete.

### Contact Information

**Program Contact Person.** In column seven of the charts, we list the name, e-mail address, fax, and telephone numbers of the person or persons to contact for obtaining an application or further information about the programs listed. We also include this information in the actual application notice for that program.

**For Users of TDD or FIRS.** If you use a telecommunications device for the deaf (TDD), you may call the TDD number, if any, listed in the individual application notice. If a TDD number is not listed for a given program, individuals who use a TDD may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

## Fiscal Information

**Available Funds.** The programs and funding amounts listed in this document are based on the Secretary's best estimates at this time. The Secretary is providing this document in order to give potential applicants adequate time to prepare applications. Potential applicants should note, however, that the Department may cancel some of the competitions listed in this document and may announce some new competitions not listed in this document.

**Estimated Average Size of Awards and Number of Awards.** Except for programs and competitions administered by the Office of Special Education and Rehabilitative Services (OSERS), column six lists estimated average size and number of awards. The amounts and numbers referenced in this column are advisory and represent the Secretary's best estimates at this time. The average size of an award is the estimate for a single-year project or for the first budget period of a multi-year project. In the application package for an individual program or competition, applicants will receive information about the amount the Secretary intends to make available for each year of a multi-year project.

In the case of programs and competitions administered by the principal components of OSERS, the charts differ with regard to the average size of awards. For programs and competitions of this office, column six of the charts lists the average or estimated maximum size of the awards per year. Applicants will receive further information about funding amounts in the application packages for the individual programs.

Note: The Department is not bound by any of the estimates in this document. We advise you to read the actual individual application notices for these programs or competitions published in the *Federal Register*.

## Labor-Management Grants Program

### Promoting Labor-Management Cooperation through Funding Support

The FMCS Grants Office provides federal grants to support the establishment and operation of plant-level, area-wide, industry or sectoral joint labor-management committees confronting specific, definable problems for which they have developed clear, innovative, and measurable long-term solutions.

The FMCS grants program, which began in 1981 under the authority of the Labor-Management Cooperation Act of 1978 (PL 95-524), has funded projects designed to improve communications, strategic planning, recruitment, industry changes, and economic development by encouraging cooperative efforts among labor, management, and communities to jointly address issues such as health, safety, employee training, and the resolution of workplace disputes.

In accordance with the terms of the Labor-Management Cooperation Act of 1978, FMCS considers applications from plant, geographic or area-wide committees. We especially encourage applications from area-wide, industry or sectoral joint labor-management committees focused on the 21<sup>st</sup> century economy and the challenges of a rapidly evolving workplace, such as:

- job security and skills
- working conditions for an increasingly mobile workforce
- consensus solutions to workplace standards
- organizational effectiveness
- economic development and competitiveness for entire communities;
- hiring and retaining the next generations of workers

Area or industry-wide applicants must include, among their participants, an employer and the collective bargaining representative of its employees. As long as this threshold requirement is met, area or industry-wide committees may also include community organizations, state and local government entities and employers whose employees are not represented by a labor organization.

## Financial Assistance

Most DHS components have authority to execute and manage financial assistance to support the DHS mission. Financial assistance is the transfer to a non-federal recipient anything of value for a public purpose, and at DHS includes grants, cooperative agreements, training, loans, direct payments, and flood insurance.

### Finding & Applying for Grants

[Search for HUD grants on Grants.gov](#) – Here you may search for discretionary HUD Grants, eligibility, and category. You will also find a Forecast for upcoming HUD grants.

[Browse Funding Opportunities Page](#) – HUD's Funding Opportunities page lists funding opportunities for competitive applicants and existing recipients.

[Award Announcements](#) – Lists HUD's discretionary grants awarded, starting with the most current year.

### Registering for Grants

**Obtain a DUNS Number** - The federal government uses DUNS (Data Universal Number System) numbers as the number to uniquely identify each organization, based on their physical location. The unique nine-digit number is used to track how federal funds are awarded and expended.

To apply for any of HUD's grants programs, your organization must have a DUNS number issued through [Dun & Bradstreet](#) and must have an active registration with [SAM.gov](#).

**Update!** Sam.gov is making important changes to its login and notarized letter review processes in June. Read more here: [SAM Update](#)

**Register through Sam.gov** - All applicants and recipients must maintain an active registration with the [System for Award Management \(SAM\)](#). SAM consolidated the capabilities of Central Contractor Registry (CCR), Online Representations and Certifications Application (ORCA), and Excluded Parties List System (EPLS).

All organizations must designate an E-Business Point of Contact (E-Biz POC) and Authorized Organization Representative (AOR) in SAM. Please visit [SAM.gov](#) for more information or to register.

**Register through Grants.Gov** - Most of HUD's discretionary grants are only available through [Grants.gov](#). Applicants interested in applying for HUD funds, must register with [Grants.gov](#) and, create a profile.

[HUD Final Information Quality Guidelines \(IQG\)](#)

[OMB implements higher limits on Micro-Purchase and Simplified Acquisition Thresholds](#)

[Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards](#) – Final revised rule streamlining grant management requirements. This guidance supersedes requirements from OMB Circulars A-21, A-87, A-110, and A-122; Circulars A-89, A-102, and A-133; and the guidance in Circular A-50 on Single Audit Act follow-up. (12/26/2013)

[HUD Deputy Secretary Notice 2015-1: Transition to 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards](#) - Final Guidance, February 26, 2015

[HUD Conforming Regulation to 2 CFR 200](#) – Correction to a final rule that was published in the Federal Register on December 7, 2015 (80 FR 75931).

[Regulations implementing the HUD Reform Act \(24 CFR Part 4\)](#) - The HUD Reform Act was enacted to ensure accountability, transparency, and a level playing field in the grants process at the Department. This was primarily accomplished through Sections 102 & 103 of the Act.

[Grants Oversight and New Efficiency \(GONE Act\)](#) - The goal of the Grants Oversight and New Efficiency (GONE) Act is to close out expired grants.

[The Digital Accountability and Transparency Act of 2014 \(DATA Act\)](#) - To expand the Federal Funding Accountability and Transparency Act of 2006 to increase accountability and transparency in Federal spending, and for other purposes.

[Code of Conducts -- Conducting Business in Accordance with Core Values and Ethical Standards](#) - Applicants subject to 2 CFR 200.318 (most nonprofit organizations and state, local, and Indian tribal governments or government agencies or instrumentalities that receive federal awards of financial assistance) are required to develop and maintain a written code of conduct.

### Funding Opportunities

HUD awards discretionary funding through over 20 Grant programs that support HUD initiatives, including Affordable Housing Development and Preservation, Community and Economic Development, Environment and Energy, Fair Housing, Homelessness, Homeownership, Rental Assistance, and Supportive Housing and Services.

**Notice of Funding Availability (NOFA)** - The Notice of Funding Availability (NOFA) is a notice published each year in Grants.gov for HUD's Discretionary Funding Programs. This notice describes the type of funding available on a competitive basis and provides a contact where an application may be submitted, typically up to 60 to 90 days from the date of NOFA publication. Selection will then be made based upon specific factors and criteria identified within the NOFA.

## Working With Interior

The U.S. Department of the Interior's Office of Acquisition and Property Management oversees the overall implementation of department's procurement and grant programs. This includes ensuring these programs perform in accordance with current applicable laws and regulations. Each of our bureaus, as well as other major organizations within Interior, has its own procurement office. These offices contract with the private sector for a variety of supplies, equipment and services. Services our procurement offices have acquired by contract include training, architect-engineer services, advisory and assistance services, custodial services, guard services, operation and maintenance, telecommunications services and information-technology services, maintenance and support.

State Agencies / About SAAs

### State Administering Agencies

State Administering Agencies (SAAs) conduct coordinated and transparent strategic planning and implement structural reforms that improve the administration of justice, while saving taxpayer money. There are 56 agencies in all 50 states and territories, and Washington DC. Visit the [SAA Directory](#) for agency contact information and websites, and contact information agency heads, JAG contacts and SAC Directors.

Most SAAs are a component of the Governor's (or Mayor's) office; a free-standing criminal justice planning entity or a division of the state department of public safety. In addition to location, the mission, vision and strategic focus of an SAA is often defined by state statutes. Due to differences in location, formula grants administered, research capacity and leadership selection processes, SAAs are a diverse group of government agencies with differing capacities, perspectives, missions and priorities.

### The Role of the SAA

With a structure and process that varies by state, these agencies use strategic planning to analyze crime trends, evaluate the priorities of all segments of the criminal justice system, set out a plan for reducing crime and victimization and guide the use of the grant funds.

Furthermore, SAAs, in partnership with the Bureau of Justice Assistance (BJA), design, replicate and implement evidence-based programs and practices that target the needs identified in their strategic plans, incorporate rigorous research, measure performance, and provide an honest assessment of success or failure. In many states, the SAAs have established training centers that help their local partners develop and deploy evidence-based practices. (See our [From Policy to Practice video series](#) for information about state resources for supporting implementation of EBPs).

Many innovative criminal justice practices started with funding from the Edward Memorial Justice Assistance Grant (Byrne JAG) Program, the primary provider of federal criminal justice funding to state and local jurisdictions. JAG-funded programs have been replicated nationwide. These include drug courts, methamphetamine lab reduction, anti-gang strategies, reentry programs and information sharing protocols. Browse our [Library of Byrne JAG Promising Practices](#) for JAG-funded program examples from all 50 states and Washington DC.

### Program Management

As the operating branch agency designated to accept, plan and distribute criminal justice funds, state administrative agencies work to leverage state and federal resources.

## [NASA Research Opportunities Online](#)

- Various NASA offices publish their research announcements over the Internet, broadening the opportunity for researchers to apply for funding. This site provides access to current research announcements along with their specific due dates.

The screenshot shows the NASA Research Opportunities Online website. The top navigation bar includes links for Topics, Missions, Galleries, NASA TV, Follow NASA, Downloads, About, and NASA Audiences, along with a search bar. The left sidebar contains links for About NASA, Leadership, Organization, Locations, Exhibits and Speakers, and Careers@NASA. The main content area is titled "Research Opportunities" and includes a paragraph about NASA's research opportunities, a link to "Find out more.", and a section for unsolicited proposals with another "Find out more." link. A photograph of a researcher examining solar mirrors is displayed, with a caption below it. The footer contains the NASA logo, the text "National Aeronautics and Space Administration", the page last updated date (May 5, 2016), the page editor (Ian Batchelder), and the NASA official (Brian Dunbar).

**Research Opportunities**

NASA offices and field centers offer a wide variety of opportunities for researchers to join the NASA team. Whether supporting graduate students and funding science investigations for missions to other planets, NASA encourages all interested researchers to take advantage of these opportunities.

## NASA Research Opportunities

Supporting research in science and technology is an important part of NASA's overall mission. NASA solicits this research through the release of various research announcements in a wide range of science and technology disciplines. NASA uses a peer review process to evaluate and select research proposals submitted in response to these research announcements. Researchers can help NASA achieve national research objectives by submitting research proposals and conducting awarded research. This site facilitates the search for NASA research opportunities.

## NASA Research

### Solicitations

Search for and view open, closed, past, and future NASA research announcements. The full text of the [solicitation announcements](#) can be viewed and downloaded.

Solicitations and selected proposals for years prior to NSPIRES implementation, January 1, 2005, were posted manually; therefore, some postings for years 2000-2004 may not be as complete as those posted through the NSPIRES system from 2005 to the present.

### Getting Started

To submit a research proposal to NASA, individuals and the organizations with which they are affiliated must be registered in NSPIRES. Individuals may register at any time.

Organizations are required to have a valid registration with the System for Award Management (SAM) before they can register in NSPIRES. See [Registration Information](#) for more details on user and organization registration.

For assistance: <https://nsf.gov/funding/aboutfunding.jsp>

The National Science Foundation funds research and education in most [fields of science and engineering](#). It does this through grants, and cooperative agreements to more than 2,000 colleges, universities, K-12 school systems, businesses, informal science organizations and other research organizations throughout the United States. The Foundation accounts for about one-fourth of federal support to academic institutions for basic research.

NSF receives approximately 40,000 proposals each year for research, education and training projects, of which approximately 11,000 are funded. In addition, the Foundation receives several thousand applications for graduate and postdoctoral fellowships.

The agency operates no laboratories itself but does support National Research Centers, user facilities, certain oceanographic vessels and Antarctic research stations. The Foundation also supports cooperative research between universities and industry, US participation in international scientific and engineering efforts, and educational activities at every academic level.

## Loans

Start or expand your business with loans guaranteed by the Small Business Administration. Use Lender Match to find lenders that offer loans for your business.

FIND LENDERS

### The SBA helps small businesses get loans

The SBA works with lenders to provide loans to small businesses. The agency doesn't lend money directly to small business owners. Instead, it sets guidelines for loans made by its partnering lenders, community development organizations, and micro-lending institutions. The SBA reduces risk for lenders and makes it easier for them to access capital. That makes it easier for small businesses to get loans.

## Benefits of SBA-guaranteed loans

**Competitive terms**

SBA-guaranteed loans generally have rates and fees that are comparable to non-guaranteed loans.

**Counseling and education**

Some loans come with continued support to help you start and run your business.

**Unique benefits**

Lower down payments, flexible overhead requirements, and no collateral needed for some loans.

Federal, state and local governments offer a wide range of financing programs to help small businesses start and grow their operations. These programs include low-interest loans, venture capital, and scientific and economic development grants.

## PARTNERSHIP OPPORTUNITIES

USAID recognizes that achieving sustainable solutions to global challenges requires us to work in close collaboration with countries, partners of all sizes, citizens and the wider development community.

We are passionate about embracing a new model of development that taps into the expertise, resources and innovations of a diverse array of organizations across the public, private and nonprofit sectors that can bring groundbreaking solutions to solving development challenges. We are increasingly focused on fostering locally-owned, sustainable solutions by creating new ways to work directly with local entrepreneurs, civil society organizations and partner country governments to help nations build innovative economies and democratic societies connected to our own. Find out how you can work with us to improve millions of lives around the world.

## The Small Business Innovative Research Program - SBIR Program

The Small Business Innovation Research (SBIR) program is a highly competitive program that encourages domestic small businesses to engage in Federal Research/Research and Development (R/R&D) that has the potential for commercialization. Through a competitive awards-based program, SBIR enables small businesses to explore their technological potential and provides the incentive to profit from its commercialization. By including qualified small businesses in the nation's R&D arena, high-tech innovation is stimulated, and the United States gains entrepreneurial spirit as it meets its specific research and development needs.

## **SBIR Mission and Program Goals**

The mission of the SBIR program is to support scientific excellence and technological innovation through the investment of Federal research funds in critical American priorities to build a strong national economy.

The program's goals are four-fold:

- Stimulate technological innovation
- Meet Federal research and development needs.
- Foster and encourage participation in innovation and entrepreneurship by socially and economically disadvantaged persons.
- Increase private-sector commercialization of innovations derived from Federal research and development funding.

## **SBIR-Participating Agencies**

Each year, Federal agencies with extramural research and development (R&D) budgets that exceed \$100 million are required to allocate 2.5 percent of their R&D budget to these programs. Currently, eleven Federal agencies participate in the program:

- [Department of Agriculture](#)
- Department of Commerce - [National Institute of Standards and Technology](#)
- [Department of Defense](#)
- [Department of Energy](#)
- [Department of Health and Human Services](#)
- [Department of Homeland Security](#)
- [Department of Transportation](#)
- [Environmental Protection Agency](#)
- [National Aeronautics and Space Administration](#)
- [National Science Foundation](#)

Each agency administers its own individual program within guidelines established by Congress. These agencies designate R&D topics in their solicitations and accept proposals from small businesses. Awards are made on a competitive basis after proposal evaluation.

## **Three-Phase Program**

The SBIR Program is structured in three phases:

*Phase I.* The objective of Phase I is to establish the technical merit, feasibility, and commercial potential of the proposed R/R&D efforts and to determine the quality of performance of the small business awardee organization prior to providing further Federal support in Phase II. SBIR Phase I awards normally do not exceed \$150,000 total costs for 6 months.

*Phase II.* The objective of Phase II is to continue the R/R&D efforts initiated in Phase I. Funding is based on the results achieved in Phase I and the scientific and technical merit and commercial potential of the project proposed in Phase II. Only Phase I awardees are eligible for a Phase II award. SBIR Phase II awards normally do not exceed \$1,000,000 total costs for 2 years.

*Phase III.* The objective of Phase III, where appropriate, is for the small business to pursue commercialization objectives resulting from the Phase I/II R/R&D activities. The SBIR program does

not fund Phase III. Some Federal agencies, Phase III may involve follow-on non-SBIR funded R&D or production contracts for products, processes or services intended for use by the U.S. Government
